

Buying guide

Beds

A good day always starts with a good night

Feeling your best when you wake up starts with the right bed. In this buying guide, you will find all our beds, including bed frames with and without storage, day beds, guest beds, loft beds, bunk beds and divan beds. You will also get an overview of our bed accessories, such as headboards and bed storage boxes.

Of course, a bed is not complete without a mattress and bedding. You can test and find the best mattress for you in the mattress studio. The textiles department has a wide range of quilts, pillows and bed linen.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.com for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

Bed frames

A complete bed frame with mattress consists of these parts:

1. Choose a bed frame and size.
2. SKORVA midbeam (901.245.34) is needed for most double beds. It is included in the price of the bed frame, but is picked up separately in the self-serve furniture area. For upholstered bed frames, the midbeam is included in both the price and packaging.
3. For most bed frames, you will also need to choose a slatted bed base, see more on page 07. For upholstered bed frames, the slatted bed base is included in the price and packaging.
4. Choose a mattress or use the one you have at home. You can find the best one for you in the mattress studio.
5. Add a mattress topper of your choice for a softer sleeping surface.

ASKVOLL bed frame, white. SKORVA midbeam and LURÖY slatted bed base are included, but packaged separately.

Standard Double	890.197.13

Slatted bed bases

Combined with a bed frame, slatted bed-bases can be used as a base for spring, foam and latex mattresses. They help your mattress last longer and stay comfortable by absorbing most of the stress and weight placed on your bed.

You can adjust the slats in the LEIRSUND base to be more or less firm.

LURÖY slatted bed base. Extend the life of your mattress and get extra support with 17 wooden slats in the bed base.

Bunk beds and loft beds

Suitable for children from 6 years of age

Bunk beds have sleeping for two – an upper bunk and a lower bunk. Loft beds provide sleeping for one, with space underneath for storage, play or study. Only children over age 6 should sleep in the top bunk. The top bed has a solid guardrail at a good height for the safety of the top sleeper. Minimal gaps in the rail ensure that the child cannot fall out. But the guardrail loses its function if the mattress is

too high up in the bed to make the guardrail protective. So use a mattress that is the right thickness for a loft bed or top bunk. Complete the loft bed with a mattress in a matching size and the bunk bed with 2 mattresses, 90×200 cm. Slatted bed base is included and SKORVA mid beam is not needed for loft and bunk beds.

Loft beds

SMÅSTAD loft bed frame with desk and storage, 90x200 cm. SMÅSTAD loft bed can be assembled in several different ways depending on the shape of room and the needs. Add doors, drawers and details based on your needs and style. With this loft bed you get a complete solution for your child's room. See the SMÅSTAD buying guide for more details.
Minimum ceiling height required - 240cm.
Maximum mattress thickness - 20cm.

White 504.540.36

SVÄRTA loft bed 90x200 cm. You can use the space under the bed for working or studying by completing with SVÄRTA desk top, or create a cosy spot for seating. The ladder mounts on the right or the left side of the bed. Bed base included.
Minimum ceiling height required - 240cm.
Maximum mattress thickness - 21cm.

Silver colour 202.479.82

SVÄRTA loft bed frame+desk top 90x200 cm.
Minimum ceiling height required - 240cm.
Maximum mattress thickness - 21cm.

Silver colour 591.512.71
