This diagram shows the final assembly step. A large, light gray rectangular panel is positioned above the assembled cabinet frame. A large black arrow points downwards from the center of the panel towards the frame, indicating the direction of placement. The cabinet frame is shown in perspective, with its front and side panels already attached. A small inset in the bottom right corner shows a hand using a hammer to secure a nail into the side panel of the frame.

This diagram illustrates the final assembly step. A long, rectangular top panel is being attached to the side panel of the unit. The top panel is shown with a series of pre-drilled holes along its edge. A screwdriver is shown driving a screw into one of these holes, securing the top panel to the side panel. An inset shows a close-up of the top panel's edge, highlighting the pre-drilled holes and the screws being used for attachment.
