English

For indoor use only.

IMPORTANT!

Always shut off power to the circuit before starting installation work. In some countries electrical installation work may only be carried out by a authorised electrical contractor. Contact your local electricity authority for advice. Different materials require different types of fittings. Always choose screws and plugs that are specially suited to the material.

The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.

This equipment is designed for use in residential, commercial, and light industrial environments. In areas with strong electromagnetic fields, additional EMC measures may be required to ensure proper operation.
