Tighten the screws if you want the truck to run more stiffly and provide better support for the child. When the child feels more confident, loosen the screws and the truck will run more easily.

עברית

הדק את הברגים אם ברצונך שהמשאית תנוע פחות בחופשיות ותקנה יותר תמיכה לילד. כאשר הילד מרגיש יותר בטוח בעצמו, שחרר את הברגים והמשאית תנוע ביתר קלות.
