Tableware

Our extensive range of tableware will excite you. From dinnerware to all kind of glassware, mugs, coffee and teamakers as well as a lot of accessories and cutlery for your restaurant or café.

Dinnerware

From the most practical everyday dinnerware to exquisite sets for a special candlelight dinner.

Food is enjoyed by all our senses. We relish our food with our eyes even before it hits our taste buds.

Our beautiful dinnerware collections serve as the ideal frame for your dishes. Our collections are also extremely practical and fit to all everyday needs like the IKEA 365+ series.

The exquisite VÄRDERA collection has a timeless soft square shape that will grace the most elegant of tables. It is made of feldspar porcelain that is impact resistant and durable. It can be popped in the microwave as well as a dishwasher.

Want to make a statement with your next table setting? The new NÄTBARB dinnerware series is here for you. The striking pattern, inspired by water ripples, adds a countryside-chic touch to the dining experience. Made of glass with a glossy, opaque surface, the bowls and plates are both durable and stylish.

OFTAST series

This tableware has the same look and feel as bone porcelain, but is made of tempered glass. This means that we can push the price down and you get an elegant and shiny product – at a lower cost.

DVÄRGKRÄFTA series

Made in India from stainless steel that is durable and easy to clean. Works well on all types of hobs, including induction hob.

Thick base with one layer of aluminium between two layers of stainless steel. Gives an even and energy-efficient heat, which reduces the risk of food burning and sticking.

You can cook food on a low heat and save energy because the stainless steel in the pan absorbs heat well and retains it for a long time.

The pots and saucepans have lids in stainless steel that reflect the heat into the cookware and cause the food to heat up faster, which saves both time and energy.

The pots have a rounded interior, which makes stirring and beating easy.

Can be used on different types of cooking surfaces and stand firmly on your kitchen island since the pieces of cookware all have flat bottoms.

Knives

Knives for every job at hand - only in the kitchen of course!

Cutting chicken or peeling vegetables, good knives are essential for a fully functional kitchen. For a stainless steel set, check out the IKEA 365+ knives. The grooves on its handle give you a secure, firm grip so you can work fast and safe. The VÖRDA knives have a special designed handle for a save work.

IKEA 365+ series

Made of molybdenum/vanadium stainless steel, which is why the knife stays sharp for a very long time. Groves on the handle give a firm, secure grip and keep the knife from sliding in your hand.

For a long lasting durability and performance, handwash only is recommended as the dishwasher process will harm the sharpness of the blade.

IKEA Kitchens

METHOD kitchens to match your style

With the METHOD system you have endless possibilities when designing your kitchen. Whether you have a taste for the traditional, love the minimalism in modern style or land somewhere in between, you'll surely find something that fits you.

ENHET kitchens - A kitchen built to last

An ENHET kitchen lets you create a more flexible solution that is easy to assemble, disassemble, and customise to show a little more of your personality. Change doors, mix colours, and combine open and closed storage to create a kitchen that is uniquely you.

IKEA METHOD and ENHET kitchens are modular systems. Creating the structure with base and wall cabinets, you customize your kitchen with door and drawer fronts. Different styles and designs are available, everything from the METHOD or ENHET system can be mixed and matched. The kitchen will be complemented with inside organizers for cabinets and drawers, wall storage, waste sorting, appliances, sinks and taps and lighting, integrated or undershelf. You have endless possibilities when choosing an IKEA kitchen.

Artificial plants and flowers

Sometimes, the maintenance of green plants in a business space can be a challenge. The alternative solution is to decorate your business with artificial plants and flowers.

IKEA is famous for its big range of affordable artificial plants and flowers. From small potted or hanging green plants to big pots and trees. You will find everything you need in our FEJKA range. You can even create a vertical garden with the FEJKA wall tiles. The plants will be complemented with a huge range of decorative plant pots.

Apart of the green plants, IKEA offers also an extensive range of artificial flowers. Create your bouquet with SMYCKA flowers for any occasion and select the right vase for your needs.
