Create your own sofa

KUNGSHAMN modular sofa makes it easy to create a sofa that suits you. All modules can be used freestanding or put together into the combination you want. You can create a new sofa by switching modules around or adding more. The tight fit of the cover and the clean lines give KUNGSHAMN a modern yet timeless look. And the Bonnell springs mean that you sit comfortably.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.in for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.
All prices in the Buying Guide are subject to change at the sole discretion of IKEA INDIA PVT. LTD

HOW TO BUILD

Personal sofa – step-by-step

KUNGSHAMN modular sofa consists of modules that you can use freestanding or together. Big or small, straight or with a corner, or why not an open end – you choose the sofa which you want to create. Thanks to the low weight,

the modules are easy to move – while their wooden and metal frames make them stable. All KUNGSHAMN covers are also designed to fit together, providing endless possibilities to mix and match.

1-seat module

Overall size: W67×D85×H71 cm

Corner module

Overall size: W85×D85×H71 cm

Footstool module

Overall size: W67×D85×H44 cm

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and arm-chairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light fastness (0-6)
IDEKULLA: Two-toned subtle structure. 100% polyester.	Machine washable at 40°C	25,000	5
YTTERED: Printed fabric with a bright pattern. 100% cotton.	Machine washable at 40°C	25,000	5
