 - MAXIMERA FÖRVARA
 - Drawer dividers Drawer mats
 - Glass sides
 - Waste sorting/recycling:
 - push opener for waste cabinet
 - Bins/boxes Cutlery solutions
- Open storage (ie: wine racks)
- Island
 - Island support kit Island assembly kit

Definitions**Legs**

Sharing legs and/or using suspension rail:

Ends of cabinet = 2 legs

Side by side cabinets = share a leg

Not sharing & no suspension rail:

Each base cabinet = 4 legs

Corner base cabinet 38×38" = 5 legs

Corner base cabinet 47" = 6 legs

Finishes

Finishing panels: To cover any exposed side of your cabinet(s). You can also use cover panels to create a gable for your fridge or dishwasher.

Panels as filler: Any cabinet against the wall requires a minimum of 1". Use filler to hide any gaps within your kitchen seamlessly. Filler is cut from the cover panels.

Toekick/plinth: Measure the widths of your base cabinets and any exposed sides, then divide by the length of your toekick (87").

Suspension rail

Measure the widths of all cabinets, including base and high cabinets and divide by the length of your suspension rail (84")

Fixa drill template

This simple tool helps you easily and accurately mark where you want to place your knobs and handles.

Soft close door dampers

For doors less than 50" in height = 1 damper

For doors 50"/greater in height = 2 dampers

Crown moulding/Light valance

Measure the widths of your wall cabinets and any exposed sides, then divide by the length of your valance or crown moulding strips (87")

Lighting

OMLOPP/STRÖMLINJE/IRSTA: Plug in system with built-on LED light source. To be completed with LED transformer, power cord, and remote, sold separately.
ANSLUTA/TRÅDFRI transformer: Choose the transformer(s) based on how many units you want to connect. You can add up to 3 units (10W)/9 units (30W), as long as the total wattage does not exceed the W limit.

Interior solutions

MAXIMERA: 25 year warranty, fully extendable, soft closing, low/medium/high drawers available
FÖRVARA: 10 year warranty, ³/₄ extendable, no soft close option, low/medium drawers available.

Island

Island support kit: to attach cover panels to back of cabinets

island assembly kit: to secure cabinets
