QUALITY
All main parts in GALANT storage series have been tested and approved for office use in accordance with European and North American safety requirements.

Professional and personal
The GALANT storage series has been specially developed to suit all types of professional offices – both when it comes to smart functions and high quality. The series also makes it easy to create a personal solution, according to your needs. You can choose, for example, between different height and widths, storage with only drawers or combined with file storage and drawer units. You can also use many of the pieces in the series as room dividers – a good way to create a calm corner to work in.

All storage at the office
Everything from binders and paper to printers and computers – not to mention cords and cables. GALANT series solves all of the most important and usual storage needs at the office. All units have built-in cable management and ventilation to ensure there’s no risk of your electronic equipment overheating. And many of the pieces are finished on the back – so you can place them in the middle of the room if it suits you and makes your work more efficient.

Tested for a long, hard life at work
GALANT storage series is approved for professional office use. That means that it has undergone a number of tough tests to be sure that it lives up to high demands for durability and stability. For example, we’ve made sure that the surfaces can withstand heavy wear and tear, and that all drawers and sliding doors will run smoothly even after a long time. Also, many of the pieces in the series are constructed to be able to be used as room dividers. All so that you can trust that GALANT will be able to take hard work. Every day, for many years.
With GALANT you can create the storage solution you need – with the appearance you like. Choose, for example, a cabinet with sliding doors, a drawer unit with spacious drawers and complement with practical add-on units. A simple way to get effective storage.

**GOOD TO KNOW**

1. Combination lock; easy to choose your own code for safe storage of papers and office accessories.
2. Space behind the shelves makes it easy to collect and lead cords and cables to the cord outlet on the back.
3. Adjustable feet make storage units stand steady also on uneven floors.
4. Finished also on the back; suitable for use in the middle of a room.
5. Sliding doors; save space when open. Doors with integrated dampers for silent and gentle closing.
6. Roll-front; saves space when open.
GOOD TO KNOW

1. Suitable for electronic equipment such as printer, scanner, docking station, etc.

2. The storage unit can be assembled to suit left or right hand use.

3. Cable management and cable outlets with easy access; lead cables and cords according to need.

4. Combination lock; easy to choose your own code for safe storage.

5. Same height as GALANT desks; extend your desk and get an extra work surface.

6. Opening in the back panel; improves air circulation around your printer or other electronic equipment.

7. Adjustable feet make storage units stand steady also on uneven floors.
COMBINATIONS

A simple unit can be enough storage for a limited space or the foundation for a larger storage solution if your needs change. Use an add-on unit to build vertically; makes optimal use of wall space and saves space on the floor.
Overall size: 80x160x45 cm.
This combination in grey RM628

Maximum storage. 2 file cabinets, each with 3 drawers for drop files; make it easy to sort and store important papers.
Overall size: 100x120x45 cm.
This combination in black-brown 1,998

Combine open and closed storage; hide or display your things according to your needs. Roll-front; saves space when open.
Overall size: 160x200x45 cm.
This combination in white RM3,296

A complete storage solution with both open and closed storage – and a wall cabinet where you can display the things you are proud of.
Overall size: Cabinets 320x80x45cm
Wall Cabinets 320x40x38cm
This combination in white RM3,055
