With even more smart ways to store and organise!
See page 50
Welcome to IKEA's new kitchen system. And when we say "new" we mean completely new. The frames, the doors, the hinges, the drawers - everything. All developed to give you the freedom to create your design, your look and your functions, but with an IKEA price tag. So if you've locked your kitchen dreams away because you thought you didn't have the space, the time or the money - or because you simply couldn't find a kitchen that was "you" enough - keep reading. And get ready to set those kitchen dreams free.

METOD’s simple, building block approach lets you create literally thousands of different combinations of frames, doors, drawers and organisers. It’s a go-anywhere, do-anything kitchen that plays by your rules. A kitchen where the look is not dictated by the cabinets and drawers, and where you can squeeze the most out of every single centimetre of kitchen space. And that’s built to stand up to everyday life in your home. We guarantee it.

For today and lots of tomorrows

TURN THAT TINY SPACE INTO YOUR HAPPY PLACE

Even the smallest of spaces can have a great kitchen. At IKEA you’ll find slim cabinets, streamlined sinks and fold-away furniture, not to mention loads of smart interior and wall organisers. In fact, we have everything you need to create the kitchen that works perfectly in your home.
A place to work together. Play together. Grow together.

This is where life happens. Where you catch-up with your teens as they raid the fridge. Where you bake those 50 cupcakes you’d promised (and then forgotten) for the school cake stand. Where you and the kids play “making breakfast” and they actually learn to make scrambled eggs. The heart of the home. And like the best hearts, always open.
LIVE THE DREAM
An IKEA kitchen lets you take all the things that have inspired you and turn them into that kitchen you’ve always dreamt of. With the perfect combination of drawers, doors and details to create the look you love. And with all the modern functions you need, neatly hidden away so they won’t cramp your style.

NO MORE COMPROMISES

When you decide on a kitchen you should be able to get exactly what you want, right? At IKEA you’ll find all the colours, finishes and functions you need to turn your kitchen dream into your dream kitchen. And with METOD the insides don’t dictate the outside, which means can have loads of drawers and smart storage and still keep that sleek modern look.

**What will IKEA do to correct the problem?**

IKEA will examine the product and decide if it’s covered under this guarantee. IKEA will then, at its choice, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the costs of repairs, spare parts, labour and travel for repair staff that IKEA incurs, provided that the product is accessible for repair without IKEA incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorized by IKEA. Any defected parts removed in the course of repair work will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.

**Conditions for the guarantee**

The guarantees are valid from the date of purchase at IKEA. The original purchase receipt is required as proof of purchase.

**Exclusions**

The guarantees do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products. The guarantees do not cover normal wear and tear, cuts or scratches, or damage caused by impacts or accidents. The guarantees do not apply if products have been placed outdoors or in a humid environment or if the products have been used for non-domestic purposes (unless otherwise stated). The guarantees do not cover consequential or incidental damages. For details see the guarantee conditions and description for every product.

**Care instructions**

To be able to rely on this guarantee you need to follow the specific care instructions for every product. You will find all care instructions in the IKEA stores and on the IKEA web site: www.IKEA.com.sa

**General legal rights:**

This guarantee gives you specific legal rights. This guarantee does not, in any way, affect the rights given to you by law.

**How to reach us if you need service:**

Contact your local IKEA store. You will find the address and phone number in the IKEA catalogue or at www.IKEA.com.sa

Save your sales receipt as proof of purchase. Proof of purchase is required for the guarantees to be valid.
WHERE YOUR IMAGINATION GOES YOUR IKEA KITCHEN FOLLOWS

A system doesn’t have to be complicated. In fact the easier it is the more possibilities you have. METOD’s simple building block approach lets you create the kitchen that’s perfect for you and your home. And you can even change it around until you get it just right.

You can combine wall cabinets, base cabinets and counter tops to create solitaire storage units.

Wall cabinets come in heights of 40-100cm.

Cabinets in widths of 20, 40, 60 and 80cm let you create endless combinations.

TUTEMO coloured inserts not only add a splash of colour, they’re also great for cookbooks and showing off your pretty things.

Cabinets in two colours: white and black brown. No more white frames peeking out between your dark doors and fronts!

Drawers come in heights of 10, 20 and 40cm so you can choose the one that’s right for each storage job. Combine them as you like.

Base and high cabinets come in depths of 37 and 60cm so you can squeeze the most storage out of the space you have.

To see all our kitchen cabinets refer to the New IKEA Kitchen System Buying Guide or visit IKEA.com.sa
DESIGN FREEDOM: WHERE THE INSIDE DOESN’T DICTATE THE OUTSIDE

You used to have one front for each of your drawers and cabinets. So lots of organised storage meant lots of visible drawers and doors. Great if you liked that look – not so good if you didn’t. With METOD you can create the look you love, no matter how you organise your space behind it.

THE STORAGE YOU NEED THE LOOK YOU LOVE

The 5 cm hole spacing in METOD cabinets means you can combine cabinets in any way you like, and then choose how many doors you use. So not only can you create a sleek, streamlined kitchen that hides loads of organised space, you can also create your personal combination of open and closed storage.

FIVE DRAWERS THREE LOOKS

Here we see how to build a 40cm drawer solution with exactly the same insides and three different outsides. The first one uses two visible drawers with three inner drawers and matches the modern quadratic look of the rest of the kitchen. The second combines three visible drawers with two inner drawers, and the third has one inner drawer with four visible drawers – perfect for a traditional-style kitchen. The choice is yours.

DRAWERS WHEREVER YOU LIKE

In a METOD kitchen, you can put drawers anywhere. Up high, down low. You can even hide drawers behind doors or other drawers.

CHOOSING DRAWERS AND STILL SAVE

Drawers have organising superpowers. They turn air space into storage space and give you an instant overview of all your stuff. And now IKEA has drawers in two price classes.

CABINET LEGS

Choosing legs instead of plinths creates a light airy feel and turns your kitchen cabinets into stylish pieces of furniture.

DARK CABINETS TOO

METOD cabinets come in two colours; white and black brown. No more white cabinets peeking out behind your dark doors and fronts.

EASIER TO INSTALL

METOD cabinets are installed using a suspension rail. Simply attach the rail to the wall at the right height, hang the cabinets and then lock them in place. Easy!

FÖRVARA drawer

Super affordable, smooth running drawers with stop.

MAXIMERA drawer

Fully extending, self closing drawer with integrated damper so it closes softly.
DOORS AND FRONTS

WORKTOPS

Worktops play a big part in the overall look and feel of your kitchen. They’re also real workhorses, taking all kinds of punishment day in day out. Our worktops come in a variety of materials and looks so you’re bound to find one that not only suits your kitchen and your budget, but can also stand up to life in your home. Take a pre-cut worktop home today.

HÅLLESTAD worktops with metal effect edge create a modern look.

FASTBO wall panels are a practical and affordable alternative to tiles. We have them in a range of colours and finishes.

Creating a bar solution in your new kitchen is easy. All it takes is a worktop and a table leg or two.

Durable, easy to clean laminate worktops come in a wide variety of colours and finishes.

KARLBY worktops have a top layer of solid wood which is 3.5mm thick. This means they can be sanded and surface treated when necessary. KARLBY worktops come pre-treated with hard wax oil.

25 Year GUARANTEE

Kitchen worktops have a 25-year guarantee. Find out more on p. 35.
SINKS AND TAPS

Your sink will see a lot of action - most of it wet and gunky - so it’s important that it’s built to last. Regardless of whether you choose one in stainless steel or porcelain, it’s certain to take whatever you can dish out and come up smiling. We have single and double bowl models and most of them are reversible. And when it comes to taps, all of ours have a water saving function that can reduce water consumption by up to 30%.
A great kitchen is one that solves those everyday problems, like how to fit loads of stuff into a small space. And how to find it again. Here are some great ways to get the most out of your new kitchen.

GROCERIES

Chaos in your drawers and cabinets costs you time and money. At IKEA you’ll find lots of smart, affordable ways to get organised. No more buying food you thought you need—ed—but actually had hiding at the back—or rummaging through drawers looking for that packet you saw only the other day.

LIGHTING

Good lighting is an essential part of any kitchen. At IKEA we have two series of lighting specially designed for our kitchens. UTRUSTA comes in sizes that match your wall cabinets and includes corner modules, electrical outlets and a remote control. The OMLOPP series features a slim design and can either be used on its own or to complement UTRUSTA with drawer and spotlights. And both series use LED lamps which use up to 85% less energy than incandescent bulbs.

YOU CAN DO IT ALL YOURSELF. BUT YOU DON’T HAVE TO.

MEASURE IT / PLAN IT / ORDER IT / INSTALL IT

Sometimes a little help is all you need to turn a dream into reality. Which is why we offer a wide range of services to help you along the way. Maybe you just need a little help, or perhaps someone to do the whole job for you. Either way we’re here to help, and are happy to put together a service package that’s just right for you.

Of course, the more you do yourself, the lower the price will be. And the more you ask us to do for you, the more you can sit back and relax!

MEASURE IT

Measuring your kitchen isn’t hard to do, but it’s important you get it right because your measurements will be the basis for all your planning. To see exactly what to measure, pick up a copy of the Kitchen planning guide at your local IKEA store or go to IKEA.com/Kitchen and watch our “How to Measure” film.

MEASURE SERVICE

Not confident in your measuring skills? We can help. One of our experienced professionals will come to your home and take all the essential measurements and notes. Then they’ll put the information into the IKEA Home Planner so you’ll be one step closer to your dream kitchen. Measure service prices start at SR 150.

PLAN IT

Planning your kitchen is when your dreams and ideas take shape. There are lots of things to think about, like where to put the fridge or how many drawers you need. That’s why we have tools that’ll help you decide on the perfect design. And, if you want some expert advice we have Kitchen Planners ready in the store to help.

IKEA HOME PLANNER
Be your own designer with the help of our free 3D planning tool. Our easy-to-use software lets you try different layouts, cabinets, colours and more, all at the click of a mouse.

KITCHEN PLANNERS
Our qualified in-store Kitchen Planners will work with you to create a personalised design based on your needs, style and budget. They’ll provide you with a detailed layout and 3D image of your kitchen along with a parts list and price quote. Just contact your local store for an appointment.

ORDER IT

When you’re satisfied with your planning, drop by your local store to visit our kitchen experts. They will go over your kitchen plan with you, and help you with anything you’re not sure about. When you’re ready you can order and we can help with delivery and other services too.

DELIVERY SERVICE
Our kitchens are designed and packaged so you can take them home yourself. But if you prefer, we can deliver them directly to your home or office. Prices are based on distance. You choose the delivery date after you have completed your purchase.

For more information, contact your local IKEA store, or read more at www.IKEA.com.sa

PICKING AND DELIVERY SERVICE
With our picking and delivery service we do all the heavy lifting for you. We’ll collect all the kitchen products for your order and deliver everything to your home or office.

For more information, contact your local IKEA store, or read more at www.IKEA.com.sa
INSTALL IT

IKEA kitchens are designed to be installed by you, but we’re here to help as much as you’d like along the way. You can start by picking up the kitchen installation guide, which shows you how to do it yourself, step by step. Or check out the installation services we offer, all performed by our skillful certified kitchen installers.

INSTALLATION SERVICE

Our certified kitchen installers guarantee to have your new kitchen in place. They’ll install sinks and taps and install the rest of the kitchen down to the handles and knobs. And, of course, the job isn’t done until they take away all the packaging to be properly disposed of.

This service includes:

- assembly of all kitchen cabinets.
- installation of wall and base cabinets.
- installation of countertops, including the cut-out for sinks and stoves.
- installation of sinks and taps.
- installation of IKEA worktop lighting.
- installation of cover panels, handles and interiors.
- removal of all packaging.
- proper disposal and recycling of all packaging.
- all additional materials needed to complete installation (such as silicone).
- cleanup of the kitchen installation site.
- an installation guarantee ensuring good craftsmanship.

For more information, contact your local IKEA store, or read more at www.IKEA.com.sa

Who are our IKEA certified kitchen installers?

Our kitchen installers are dedicated professionals who undergo rigorous training to become IKEA certified. They uphold the highest standards of trust, quality, project management and craftsmanship. They are committed to getting the job done properly and quickly.
