BUYING GUIDE

Integrated kitchen lighting

Good, functional lighting
Lighting is important in all kitchens, both for safety and appearance. Good, even lighting across your countertop makes cooking and other kitchen chores safer, easier and more fun. Spotlights, cabinet lighting and drawer lighting doesn’t just help you to find what you’re looking for, but adds a decorative element to your kitchen.

At IKEA, we have three series of integrated lighting: UTRUSTA, OMLOPP and FÖRBÄTTRA. The UTRUSTA series has corner modules as well as electrical and USB outlets. The OMLOPP series has a slim design and is easy to install. If you like, you can combine the series to fit your needs. The FÖRBÄTTRA series is a modern and very thin LED lighting which covers the entire underside of the wall cabinet and therefore provides an even light spread over the entire countertop. Add the remote control to dim, and set the mood for every occasion.

PLANNING OR UPDATING YOUR KITCHEN?

No kitchen is complete without good, functional lighting. That’s why it’s a good idea to include lighting when you’re planning and buying your kitchen. It makes it easier to install and saves you lots of time and effort. But what if you just want to improve the lighting in your current kitchen? Don’t worry, we have solutions for that, too. Remember that all kitchens are different – plan for your own needs!

HOW TO PLAN

Start by deciding where you want lighting in the kitchen. Then decide which lighting will suit you and your kitchen best. Start by choosing your preferred countertop lighting. Then add spotlights, cabinet lighting and drawer lighting.

Check out our offer below:

LED Countertop lighting

At IKEA, we have 3 integrated lighting series – UTRUSTA, OMLOPP and FÖRBÄTTRA. All give you task lighting, mood lighting, and are dimmable. You save energy too, since these series use LEDs, which consume 85% less energy and last up to 20 times longer than a regular incandescent bulb.

Use: UTRUSTA, OMLOPP, FÖRBÄTTRA

Spotlights and cabinet lighting

Spotlights are a decorative and functional choice for wall cabinets with glass doors. They make it easy to look inside your cabinets and brighten up your kitchen at the same time.

Cabinet lighting is easy to choose, as it comes in different versions to match both modern and traditional styles.

Use: OMLOPP, FORMAT, URSHULT, LINDSHULT, MAGLEHULT

Drawer lighting

OMLOPP drawer lighting switches on and off as you open and close your drawers. No more hide and seek with your kitchen equipment!

Use: OMLOPP

UTRUSTA LED COUNTERTOP LIGHTING

HOW TO BUILD

UTRUSTA LED countertop lighting is a hardwired solution and must always be installed by a professional electrician. See the list below for all parts and accessories that you need.

- Start from the left with UTRUSTA LED countertop lighting with power supply.
- Count how many units you need for your kitchen.
- Use max. 2 outlet power strip with USB port. You can connect up to 10 units to one countertop light with power supply.
- Add the remote control to dim lights in 2 steps. Synchronize the remote with the lighting units and the entire combination will turn on and off at the same time.
- If you want, you can complete the system with other products, like spotlights, drawer lighting or cabinet lighting.

Basic parts

- UTRUSTA LED countertop light with power supply
  - Length: 15”
  - Color: white and aluminum

- UTRUSTA LED countertop light
  - Length: 15”, 18” and 24”
  - Color: white and aluminum

- UTRUSTA 2 outlet power strip with USB port
  - Length: 8”
  - Color: white and aluminum

- ANSLUTA remote control
  - Diameter: 3⅛”
  - Color: white

Installation accessories

- UTRUSTA corner joint
  - Length: 8”
  - Color: white and aluminum

- UTRUSTA intermediate connection cord
  - Length: 39”
COMBINATIONS FOR UTRUSTA

Small kitchen
Begin building your lighting system from the left, using UTRUSTA LED countertop light with power supply, 15”.

You can take the combinations above as a starting point for creating your own solution. To make a combination that fits your kitchen, you can add as many UTRUSTA LED countertop light units as needed (15”, 18” or 24”). If you have more than 10 units, you need to add one more UTRUSTA LED countertop light with power supply.
COMBINATIONS FOR UTRUSTA

L-shaped kitchen
You can use either UTRUSTA intermediate connection cord or corner joint. If you want to use UTRUSTA corner joint, that’s where you start building. Your system always needs to be built using UTRUSTA LED countertop light with power supply 15” on the left side.

Hood to the side.

Hood in the middle. You need 2 UTRUSTA LED countertop light with power supply: one when you start, one after the hood.

You can take the combinations above as a starting point for creating your own solution. To make a combination that fits your kitchen, you can add as many UTRUSTA LED countertop light units as needed (15", 18" or 24"). If you have more than 10 units, you need to add one more UTRUSTA LED countertop light with power supply.

OMLOPP LED COUNTERTOP LIGHTING

HOW TO BUILD

OMLOPP countertop lighting is easy to install by yourself. See the list below for all parts and accessories that you need.

- Start by choosing the number of OMLOPP light strips that you need.
- Add the correct ANSLUTA electronic transformer: 10W or 30W. See page 15 for more information about the transformers.
- Add the power cord.
- Add the remote control to dim lights in 2 steps. Synchronize the remote with the transformer(s) and the entire combination will turn on and off at the same time.
- If you want, you can complete the system with other products, like spotlights, drawer lights or cabinet lights.

Basic parts

OMLOPP LED countertop light
Length: 15”, 18” and 24”
Color: white and aluminum

ANSLUTA transformer
Power: 10W and 30W

ANSLUTA power cord
Length: 11' 6"

ANSLUTA remote control
Diameter: 3⅛”
Color: white

Installation accessories

ANSLUTA intermediate connection cord
Length: 28” or 79”

To find the power consumption (W) for each product, see All Parts and Prices on page 16.

FÖRBÄTTRA LED COUNTERTOP LIGHTING

HOW TO BUILD

• Start by selecting the number of FÖRBÄTTRA LED countertop lights you need. Since they cover the entire underside of the wall cabinets, you can select based on the dimensions of the cabinets. It couldn’t be easier!
• Add the correct ANSLUTA electronic transformer: 10W or 30W. See page 15 for more information about the transformers.
• Add the power cord.
• Add the remote control to be able to dim the light in 2 steps. Synchronize the remote with the transformer(s) and the entire combination will turn on and off at the same time.
• If you want, you can complete the system with other products, like spotlights, drawer lights or cabinet lights.

Basic parts

FÖRBÄTTRA LED countertop light
Length: 15”, 18” and 24”
Color: opal white, decorative strip in aluminum

ANSLUTA electronic transformer
Power: 10W and 30W

ANSLUTA power cord
Length: 11’ 6”

ANSLUTA remote control
Diameter: 3⅛”
Color: white

Installation accessories

ANSLUTA intermediate connection cord
Length: 28” or 79”

To find the power consumption (W) for each product, see All Parts and Prices on page 16.

LED SPOTLIGHTS AND CABINET LIGHTS

HOW TO BUILD

• Start by choosing all parts that you need.
• Add the correct ANSLUTA electronic transformer: 10W or 30W. See page 15 for more information about the transformers.

Basic parts

• Add the power cord.
• Add the remote control to dim lights in 2 steps. Synchronize the remote with the transformer(s) and the entire combination will turn on and off at the same time.

HOW TO CONNECT

OMLOPP and FÖRBÄTTRA
You need ANSLUTA electronic transformer and ANSLUTA power cord. Add ANSLUTA intermediate connection cord if you’re using more than one transformer.

To find the power consumption (W) for each product, see All Parts and Prices on page 16.
LED DRAWER LIGHTS

HOW TO BUILD

- Start by choosing all parts that you need.
- Add the correct ANSLUTA electronic transformer: 10W or 30W. See page 15 for more information about the transformers.
- Add the power cord.
- The lighting strip has a motion sensor, so that the light turns on and off automatically as you open and close the drawer.

Basic parts

**OMLOPP light strip for drawers**
Length: 14",17",23", 29" and 34"
Perfect for your 15", 18", 24", 30" or 36" SEKTION cabinets.

**ANSLUTA electronic transformer**
Power: 10W and 30W.

**ANSLUTA power cord**
Length: 11' 6"

HOW TO CONNECT

**UTRUSTA, OMLOPP and FÖRBÄTTRA**
Buy a separate transformer for your drawer lighting. It will be easier to install. Add ANSLUTA intermediate connection cord if you have more than 1 transformer.

To find the power consumption (W) for each product, see All Parts and Prices on page 16.
There are 2 different electronic transformers in the ANSLUTA series. You choose a transformer based on how many units you want to connect. You can add up to 3 different lighting units to the 10W transformer, as long as the total wattage does not exceed the 10W limit.

The 30W transformer can support up to 9 different lighting units, as long as the total wattage does not exceed the 30W limit. You can hide the transformer on top of your kitchen cabinets. If you want to use more than 1 transformer, make sure to synchronize each transformer with the remote control so that the entire combination can be turned on and off at the same time.
**ALL PARTS AND PRICES**

**UTRUSTA LED countertop light with power supply** L15. Dimmable in two steps using the ANSLUTA remote control, sold separately. Hardwired installation. LED life approx. 25,000 hours. 5.3 watt.

**OMLOPP LED countertop light L15**. To be completed with ANSLUTA electronic transformer and power cord, sold separately. Dimmable in two steps using the ANSLUTA remote control, sold separately. LED life approx. 20,000 hours. 5.3 watt.
- White: 402.957.31 $64.99
- Aluminum-color: 002.883.32 $64.99

**OMLOPP LED countertop light L24**. To be completed with ANSLUTA electronic transformer and power cord, sold separately. Dimmable in two steps using the ANSLUTA remote control, sold separately. LED life approx. 25,000 hours. 6.0 watt.
- White: 202.957.32 $74.99
- Aluminum-color: 202.883.31 $74.99

**OMLOPP LED spotlight** L18. To be completed with UTRUSTA series or with ANSLUTA electronic transformer and power cord, sold separately. Dimmable in two steps using the ANSLUTA remote control, sold separately. LED life approx. 25,000 hours. Ø2⅝” 2.4 watt.
- White: 902.883.42 $7.99
- Aluminum-color: 102.883.41 $7.99
- Black: 702.883.43 $7.99

**LINDSHULT LED cabinet light** Built-in LED light source. To be completed with UTRUSTA series or with ANSLUTA electronic transformer and power cord, sold separately. Dimmable in two steps using the ANSLUTA remote control, sold separately. LED life approx. 25,000 hours. 2.0 watt.
- Nickel-plated: 602.603.87 $24.99
- Red: 802.883.53 $29.99

**FORMAT LED cabinet light** Built-in LED light source. To be completed with UTRUSTA series or with ANSLUTA electronic transformer and power cord, sold separately. Dimmable in two steps using the ANSLUTA remote control, sold separately. LED life approx. 25,000 hours. 2.0 watt.
URSHULT LED cabinet light Built-in LED light source. To be completed with UTRUSTA series or with ANSLUTA electronic transformer and power cord, sold separately. Dimmable in two steps using the ANSLUTA remote control, sold separately. LED life approx. 25,000 hours. 2.0 watt.

- Nickel-plated: 602.604.05 $24.99
- White: 702.604.00 $24.99

MAGLEHULT LED cabinet/picture light Built-in LED light source. To be completed with UTRUSTA series or with ANSLUTA electronic transformer and power cord, sold separately. Dimmable in two steps using the ANSLUTA remote control, sold separately. LED life approx. 25,000 hours. 2.8 watt.

- Black: 203.123.69 $14.99
- Aluminum: 702.920.57 $14.99

UTRUSTA corner joint The corner joint makes it possible to connect UTRUSTA light units in a corner.

- White: 802.957.29 $35
- Aluminum-color: 102.883.36 $35

UTRUSTA 2 outlet power strip with USB port

- White: 802.957.34 $30
- Aluminum-color: 502.793.25 $30

ANSLUTA electronic transformer White. You can connect up to 10 ANSLUTA electronic transformers in one installation.

- 10W: 903.201.82 $12
- 30W: 502.883.39 $30

ANSLUTA remote control. Makes it possible to turn on/off and dim all UTRUSTA, FÖRBÄTTRA and OMLOPP lights and cabinet lights simultaneously. Requires 2 AAA batteries, sold separately. IKEA recommends LADDA rechargeable batteries.

- White: 802.883.28 $14.99

UTRUSTA intermediate connection cord 39". Allows connection of several lights together with one connection to the main power source.

- White: 601.199.25 $5

ANSLUTA intermediate connection cord 79". Allows connection of several lights together with one connection to the main power source.

- White: 601.199.25 $5

ANSLUTA power cord 11". Main power cord. Turn the lamps on and off with one single switch.

- White: 301.214.11 $5

ANSLUTA intermediate connection cord 28". Allows connection of several lights together with one connection to the main power source.

- White: 401.199.26 $5
BEGIN SKETCHING YOUR LIGHTING NEEDS!
You can do it yourself, but you don’t have to.

Sometimes a little help is all you need to turn a dream into a reality, which is why we offer a wide range of services to help you along the way. Maybe you just need a little help, or perhaps someone to do the whole job for you. Either way we’re here to help, and are happy to put together a service package that’s just right for you. Of course, the more you do yourself, the lower the price will be. And the more you ask us to do for you, the more you can sit back and relax.

**DELIVERY SERVICE**
We can arrange delivery (by an independant company) of your purchases, directly to your home or business. Same day and next day deliveries are available.

**PICKING AND DELIVERY**
We will collect the products on your shopping list from throughout the store and arrange delivery (by an independ-ant company) of everything to your home or business.
