**ALL THE HELP YOU NEED TO MAKE YOUR DREAM KITCHEN A REALITY**

At IKEA we believe everyone has the right to a new kitchen. So apart from offering a wide range of kitchens we also offer a wide range of services, including measuring, planning and installation. Everything you need to make your dream kitchen a reality. For more information visit: IKEA-USA.com/kitchenservices

Here are some of the services that you can arrange in your local store, if you need an extra hand.

*Services and prices may vary at IKEA Brooklyn. Please visit IKEA-USA.com/Brooklyn for details.

- **Delivery service**
  - Prices start at $59*

  We will arrange delivery of your purchases to your home or business. The delivery service is provided by an Independent Service Provider.

- **Picking with Delivery service**
  - Prices start at $99*

  We collect the items on your shopping list and will arrange delivery to your home or business. The delivery service is provided by an Independent Service Provider.

- **Individual Kitchen Planning**

  Your kitchen planning service fee is refunded when you buy an IKEA kitchen. You'll receive a detailed layout of your kitchen including cabinetry, appliances, and countertops.

  - Individual Kitchen Planning In Store: Starting at $59/up to 2 hours
  - Individual Kitchen Planning In Home: Starting at $199/up to 4 hours

- **Assembly service**
  - Prices start at $59*

  IKEA products are designed to be assembled by you. However, if you like, we will arrange assembly of your furniture at your home or business. Assembly service is only available when delivery service is purchased, and is based upon availability to your zip code. The assembly service is provided by an Independent Service Provider.

- **Kitchen installation**
  - Prices start at $59*

  We'll install your new kitchen for you and coordinate the job from start to finish. Professional kitchen installers will handle all those time-consuming jobs like fitting sinks, faucets, countertops and appliances. You get a 5-year warranty on workmanship and installation. And your kitchen will be installed to the highest industry standards. Installation done by an Independent Service Provider.

- **Measuring service**
  - Prices start at $49*

  Details matter. That’s why it’s important to take the time to have your home accurately measured before the planning begins. Have an experienced professional from an Independent Service Provider come to your home and take all the essential measurements. Your measurement service fee is refunded when you buy an IKEA kitchen.

- **Prices are valid until July 31, 2018**
GET A KITCHEN DESIGNED TO FIT YOUR LIFE

This is your guide to IKEA kitchens. The modular design of SEKTION is easy to install, functional and gives you almost endless possibilities when creating your kitchen.

In this guide you’ll find prices, product information and other information to help you choose exactly what you need to make your dream kitchen a reality.

Style
We have a range of colors and styles to choose from, so whether you have a taste for the traditional, are a modern trend setter or land somewhere in between, you’ll find something that’s just right.

Function
A beautiful kitchen is one that works for you. We all have different kitchen habits, you’ll find a variety of functions offered by our kitchen products.

Services
We can help, from planning and measuring to ordering and installing.

You can do it all yourself, but you don’t have to. See p. 68 for more information.

Quality
All of our kitchen products are quality tested to ensure they’ll stand up to years of use. So, all you have to do is decide on the style and functions that are right for you. See p. 67 for details about our kitchen warranty.

IKEA SEKTION kitchens have a 25-year Limited Warranty. Find out more on p. 67.
NINE LOOKS ON THE OUTSIDE – ENDLESS OPTIONS ON THE INSIDE

The nine combinations on this page show you all the ways you can arrange different sized fronts on an IKEA base cabinet. With SEKTION, the outside doesn’t dictate the inside. Behind these front combinations you can create countless arrangements – mix drawers of all sizes nearly any way you like. With SEKTION you have the freedom to get the look you want on the outside and keep the organization you need on the inside.
DOORS AND FRONTS

Our doors and fronts come in a variety of colors, styles and finishes, each with their own unique look. If you want to create a kitchen that’s modern or traditional (or something in between), you’ll have lots of options to choose from.

See p. 62-63 for all door and drawer front prices and sizes.

PICK UP AND DELIVERY

Most of our doors and fronts are available to take directly from your local IKEA store and some need to be ordered and delivered to your home. Look for the symbols listed below when selecting your doors and fronts to see which method applies.

Take it home today
Most of these doors and fronts are available to take home today. Check with your local IKEA store for availability.

Direct delivery
Any of these doors and fronts can be ordered and delivered to your home at an extra cost. Ask about delivery prices at your local IKEA store.

IKEA SEKTION kitchens have a 25-year Limited Warranty. Find out more on p. 67.

**What's included in the 10×10' price?**

The 10x10' price includes cabinets, fronts, MAXIMERA drawers*, door dampers*, interior shelving, hinges, cover panels, toekicks and legs. Your choice of countertops, knobs/handles, appliances, sinks, faucets and lighting are sold separately. (*HÄGGEBY or TINGSRYD priced with FÖRVARA drawers, excluding door dampers.)
ACCENT DOORS

Why use accent doors?
Accent doors are a great way to get a more personal look by adding a contrast, a pattern or a splash of color. They’re designed to complement the other doors in your kitchen so they don’t come in as many sizes as most doors.

Here you can see examples of our accent doors. The size shown is W15×H30". To find out which other sizes are available, please look at pages 61 or visit IKEA-USA.com

KALVIA ACCENT DOORS

With KALVIA doors you can create your own work of art on your kitchen wall, or you can build a free-standing piece like a sideboard and use KALVIA to give it a distinctive touch. The doors are available in six sizes and each size has a different pattern. The patterns work well together, as they are all part of a large painting by designer Martin Bergström. They can be mounted on the left or right side and even mounted upside down. By mixing the sizes and the ways you mount the doors, you can make your own unique collage.

Color: orange high-gloss
Materials: high-gloss foil finish.

KALVIA
Color: printed
Materials: foil finish.
COVER PANELS, DECO STRIPS AND TOE-KICKS

Once you’ve decided on the cabinets and doors for your kitchen, the next thing to consider is if you want to use toe-kicks, cover panels or deco strips. Not only practical – they’re also important decorative details that contribute to the overall look of your kitchen.

1. COVER PANEL. You apply this to the side of a cabinet at the end of a row. You can choose a cover panel in the same finish as your doors or in a different one that complements your door finish.

2. DECO STRIP/MOLDING. You can use this both as a decorative strip to hide the lighting units, cords and sockets under wall cabinets, so all you see is beautiful light across your countertop – or as molding on top of wall cabinets and high cabinets. It gives your kitchen a truly finished look. We have both rounded and contoured deco strips/molding – to give you even more possibilities to personalize your kitchen.

3. TOE-KICK. This covers the gap between the bottom of the base cabinets or high cabinets and the floor and gives your kitchen a tidy, seamless and integrated look. There are regular toe-kicks, decorative toe-kicks, and toe-kicks for dishwashers. They come in a standard length, 84", and can be cut to any size required. As an alternative to a toe-kick, you can also choose to put legs on your base cabinets and high cabinets – which gives a light and spacious look to your kitchen.

Note! Most of our cover panels and toe-kicks have the same name as the doors they match, with these exceptions: To match BODBYN and HITTARP doors in off-white you should choose FÖRBÄTTRA cover panel and Toe-kick in off-white. To match HÄGGEBY, VEDDINGE and MÄRSTA doors in white you should use FÖRBÄTTRA cover panel and toe-kick in white.

KNOBS AND HANDLES

Knobs and handles are the little touches that have a big impact on the overall look. We have a wide selection to match and enhance the style of your kitchen. And it’s easy to change them to give your kitchen a quick, inexpensive facelift whenever you want.

STYLE FAMILIES
You can find knobs and handles in the same style family so you can mix and match without having to worry about keeping a uniform look.

FIXA DRILL TEMPLATE
This simple tool helps you easily and accurately mark where you want to place your knobs and handles. Available online and at your local IKEA store.

UTRUSTA PUSH OPENER
Push openers create a clean look because you don’t need any handles or knobs. You can open the doors with just a light push.

Don't let the uniform look of these cabinets fool you – they're hiding all sorts of kitchen surprises. You could find a dishwasher, a combination of drawers or waste sorting solutions. It's really up to you what goes inside your kitchen cabinets. With SEKTION, you can keep the look you want on the outside without hinting at what's inside.

**THE OUTSIDE DOESN'T DICTATE THE INSIDE**

**DRAWERS** There are two drawer options for your kitchen cabinets. Either will perfectly fit your SEKTION cabinets and fronts.

**MAXIMERA** drawers pull out all the way with a feather-light glide, and thanks to a built-in damper they always close softly and effortlessly.

**FÖRVARA** drawers pull out to 3/4 of their depth (but still fit just as much as a MAXIMERA drawer).

**WASTE SORTING** Hide all types of waste sorting combinations behind a cabinet door. Specially designed pull-out waste sorting drawers make it even easier to use your bins.

**APPLIANCE FRONTS** Keep your gadgets hidden away. A fully integrated dishwasher has a front that looks just like all the other cabinets in your kitchen.

**SMALL DRAWERS** You can fit lots of small drawers behind bigger fronts like these. That way, you get plenty of storage space for little things while keeping the look you like on the outside. See page 36 for more information and ideas on drawer combinations.

**STORE THE BIG STUFF** Deep and sturdy drawers like these are great for storing small appliances or big pots and pans. You can get inserts for stacking lids on their sides too, which makes the most out of your drawer space.
LET YOUR DRAWERS DO THE HARD WORK

When you organize the insides of your drawers so what you need is exactly where you need it, suddenly your life in the kitchen gets a lot easier. With cooking utensils in top drawers, food easy to reach from the cooktop, and pot lids neatly nestled next to their mates, you’re creating a workflow that optimizes your kitchen space, and, a better workflow means less stress in the kitchen (as long as you remember to set a timer so the cookies don’t burn).
INTERIOR FITTINGS
Our range of interior fittings give you smart ways to make the most of the storage space in your kitchen. With the right fittings for the right spot, you can pack lots of stuff into small or odd spaces (and find it all again too).

INTERIOR DRAWERS Hide drawers inside your cabinets to keep the look you want on the outside while making the most of your cabinet’s low spaces.

PULL OUT The perfect place for storing bottles and tall containers, a pull-out will let you reach all your things and is great for narrow cabinets.

CORNER CAROUSEL Turn hard-to-reach corners into easy access storage in high and low cabinets. A simple swivel lets you easily find and reach what you’re looking for. You’ll make the most of the height of your cabinet too with a carousel’s multiple levels.
DRAWER ORGANIZERS

Beauty is about what’s on the inside too. That’s why we offer a variety of drawer organizing options for you to customize your kitchen storage and make the most of your space.

BOX ORGANIZERS

Keep things separated and easy-to-access with boxes you can lift out and carry. They’re great for dry goods and loose items, like all your take-out menus.

ADJUSTABLE DIVIDERS

Create the perfect spaces for anything you want to store in your drawers with these adjustable dividers.

GLASS SIDES

Get more vertical storage space in your drawers with glass sides. They let you stack items, like cans or plates, without the worry they’ll fall out.
CREATE THE PERFECT COMBINATION

The diagrams below show all the possible combinations for each width of drawer. Create your perfect combination according to the style and functions you need.

Below are some examples of how you can combine VARIERA drawer organizers. See all the possible combinations on the next page.

SMÄCKER and STÖDJA flatware/utensil trays

1. SMÄCKER flatware tray, gray. W12×D10" 902.158.64 $0.99

WASTE SORTING

Our easy-to-clean bins are available in a variety of sizes so you can create the waste sorting solution that suits your needs. Pull-out functions can help make recycling and composting less of a chore.

PULL-OUT WASTE SORTING TRAY

Make tossing things out and taking the bin to the curb more convenient with a pull-out tray.

UNDER THE SINK RECYCLING CENTER

Have all the bins you need for recycling conveniently under your sink.

WASTE SORTING COMBINATIONS

Choose the combination that best fits your needs. You can use waste bins behind cabinet doors or in high drawers.

ACCESSORIES TO COMPLETE YOUR KITCHEN

Our selection of kitchen helpers gives you more work and storage space without the expense of a remodel.

**FALSTERBO** gives you handy wall storage and brings a rustic, traditional look to your kitchen. There's a lot of attention to detail in both form and function. For example, the shelves have a ledge to keep things in place and the drawers have a stop so they can't be pulled out too far.

**FALSTERBO wall rail with hooks, L23⅜".**
- Black 803.158.05 $21.99

**FALSTERBO wall shelf W23¾"xD12⅜"xH3⅛".**
- Black 003.158.07 $89.99

**RIMFORSA** basket, bamboo.
- W12¾"xD6½"xH4¾" 602.820.69 $19.99

**RIMFORSA chopping board, bamboo.**
- L14¼"xW11¾" 602.820.66 $15.99

Stainless steel 702.173.36 $149

CARTS give you great storage space that is flexible and easy to move.
**LIGHTING**

Good lighting is an essential part of any kitchen. That’s why we offer three lighting series specially designed for IKEA kitchens, perfectly dimensioned to fit IKEA cabinets. All these series contain long-lasting built-in LEDs which consume up to 85% less energy and last 20 times longer than incandescent bulbs.

Spottlights are a decorative and functional choice for wall cabinets with glass doors. They make it easy to look inside and brighten up your kitchen at the same time. Use one spotlight per glass door.

Use the ANSLUTA remote control to get perfect light for every occasion. You can easily go from bright working light to a more intimate setting for dinner.

---

**OMLOPP LED lighting strip for drawers.** The light switches on and off automatically when you open or close the drawer. To be completed with ANSLUTA electronic transformer and ANSLUTA electronic transformer and power supply cord sold separately. LED lifetime up to approx. 20,000 hours. Aluminum-color.

INTEGRATED LIGHTING

Lighting is an important style and safety element in any kitchen. We offer two series of integrated lighting specially designed for IKEA cabinets. UTRUSTA is a hardwired LED series that comes in sizes that will fit your cabinets and includes corner modules, electrical and USB outlets. The OMLOPP plug-in LED series also matches your cabinet sizes and features a slim design. Both series can be used with ANSLUTA remote control.

CABINET LIGHTING

Show off your favorite things with integrated cabinet lighting. It’s a great way to set the style of your kitchen and to get a warm glow throughout the room.

Cabinet lighting

OMLOPP spotlights are easily connected to the UTRUSTA countertop lighting and add a cozy and practical glow to your cabinets. Placing your UTRUSTA two outlet power strip with USB port above your countertop will give you the perfect place to connect your kitchen gadgets or charge your phone. Installation of your UTRUSTA countertop lighting should start from the left, and always begins with the UTRUSTA LED countertop light with power supply.*

**Installation of power outlets and of the UTRUSTA LED countertop light with power supply must be done by a licensed electrician, following local and applicable codes.**

DRAWER LIGHTING

In an IKEA kitchen you can get lighting for all your drawers, that way you’ll always be able to find what you need even during those midnight kitchen raids. Opening and closing the drawer turns the light on and off automatically.*

**For OMLOPP drawer lights, please consult a licensed electrician for proper installation, following local and applicable codes in your city and state.**

Plan where you need your power outlets before you start installing your kitchen.*

Our ANSLUTA remote control allows you to dim and turn all your kitchen lights on/off at the same time. It works with both UTRUSTA and OMLOPP lighting.

**Installation of power outlets and of the UTRUSTA LED countertop light with power supply must be done by a licensed electrician, following local and applicable codes.**
DESIGNED TO FIT YOUR SPACE

Find the right cabinet for you. On this spread you get an overview of the different cabinets in the range. Read about the different types here and look through the following pages to find the cabinets to fit your needs and style.

### Base cabinet
- Height 30” Depth 24 3/4” or 15 3/4” incl. door. Work height 36” incl. 4 1/2” toekick/legs and 1 1/2” countertop. Price includes frame, door, hinges, drawers and shelves where shown. Drawer dampers are included in all MAXIMERA drawers. Legs, toekicks, knobs/handles and suspension rail are sold separately.

### Wall cabinet
- Depth 15 3/4” incl. door. Price includes frame, door, hinges, drawers and shelves where shown. Drawer dampers are included in all MAXIMERA drawers. Knobs/handles and suspension rail are sold separately.

### High cabinet
- Depth 24 3/4” or 15 3/4” incl. door. Price includes frame, door, hinges, drawers and shelves where shown. Drawer dampers are included in all MAXIMERA drawers. Legs, toekick, knobs/handles and suspension rail are sold separately.

### Top cabinet
- Depth 24 3/4” incl. door. Price includes frame, door, hinges and shelves where shown. Knobs/handles and suspension rail are sold separately. Top cabinets for fridges/freezers are ventilated.

**SEKTION KITCHEN SYSTEM**
What products are covered under this warranty?
This limited warranty applies to residential kitchen use only. This limited warranty covers all of the following parts of the SEKTION kitchen system:
• Cabinet frames
• Fronts
• Island rail
• MAXIMERA fully-extending drawers
• UTRUSTA shelves of tempered glass and melamine
• Toe kicks
• Legs
• Door dampers
• Push opener for doors
• Cover panels
• Decor strip/molding
• Countertops except LILLTÅRTA and PERSONLIG
• Sinks except FYNDIG.

Products not covered under this warranty
• Knobs, handles
• LILLTÅRTA countertops, Risö/Sundvik custom made countertops
• VÅGLIG and UTRUSTA connecting rail
• FYNDIG sinks
• SUNNERSTA min-kitchen

For complete information on the warranties, see the warranty folder for SEKTION Kitchen System.

GENERAL CONDITIONS
What will IKEA do to correct the problem?
IKEA will examine the product and decide, at its sole discretion, if it is covered under this warranty. If considered covered, IKEA, through its own service operations, will then, at its sole discretion, replace it with the same or a comparable product. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. This warranty does not apply if the product is determined, at IKEA’s sole discretion, that it constitutes an appropriate replacement.

Conditions for the warranties
The warranties are valid from the date of purchase at IKEA. The original purchase receipt is required as proof of purchase.

Exclusions
This warranty does not cover normal wear and tear, cuts or scratches, or damage caused by impacts, accidents. Follow our assembly instructions and care instructions carefully. This warranty does not apply to products that have been stored, assembled or installed incorrectly, used improperly, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products. This warranty does not apply if the products have been used for public use, outdoors or in a corrosive environment. It also does not cover accidental damage.

Care instructions
To be able to rely on this warranty you need to follow the specific care instructions for every product. You will find all care instructions in the IKEA KITCHEN warranty folder or with each individual product.

General legal rights:
This warranty gives you specific legal rights. This warranty does not, in any way, affect the rights given to you by law.

How to reach us if you need service:
Contact your local IKEA store. You will find the address and phone number in the IKEA catalog or at IKEA-USA.com. Save your sales receipt as proof of purchase. Proof of purchase is required for the warranties to be valid.
Tough doors and hinges that open and close smoothly

Have you thought about how many times you open and close your kitchen doors? Every day, day after day, year after year. We have. That’s why we test our kitchen doors by hanging a 4 lb weight on them and then open and close them 200,000 times. So you know that your kitchen doors will cope with your everyday life.

Hinges with a wide angle

There are UTRUSTA hinges that have an opening angle of 153°, so you can open the door extra wide and easily reach what you need. And they’re simple to assemble. Just snap the hinge in place on the door and adjust the hinge so the door sits in the right position. Quick, easy and exact. And if you want to clean the door or change it, just snap open the hinge and remove the door – no screws! If you complement with UTRUSTA door damper your doors will close gently and silently.

Drawers that can take a heavy load

The drawers in your kitchen have to hold a lot. To make sure they can take the collective weight of it all, we fill a 24” wide full depth kitchen drawer with 55 lb and then open and close it 200,000 times. And because someone may occasionally lean on open drawers in your kitchen, we test that too – by pulling out a drawer and putting a 55 lb weight in its front corner for 10 seconds – and then we repeat this 10 times. The drawer continues to run softly and close perfectly, each and every time.

Drawers that open all the way and close quietly

All our MAXIMERA drawers are fully-extending, giving you an overview of what’s inside and putting everything within easy reach. They glide smoothly on extension runners, have drawer stops and are self-closing the last few inches. The drawers also have built-in dampers that cushion the closing action and ensure the drawers close slowly, softly and quietly.

Doors and drawer fronts that are more than just a pretty face

Our cabinet doors and drawer fronts are built to withstand everyday life in your kitchen for many years. That means, for example, coping with wet cloths, sticky fingers and grease from frying. To test them, we spill water on them and smear grease on them – and leave it there for 24 hours. After 23 hours, we add alcohol(ethanol) and coffee and leave that there for an hour. Then we clean up the worst of the mess with a paper towel– and wait another 24 hours. Only then do we clean the surfaces properly. The only surfaces we approve are those that don’t show the slightest mark or defect.

But that’s not all! We even test the edges to ensure they can cope with temperatures up to 185°F) water (1 hour’s soaking) and steam at 120–140°F without coming loose. Then, and only then, are our doors and drawer fronts deemed good enough for your demanding kitchen.

Durable frames are the foundation of the kitchen

A kitchen cabinet has to be tough enough to keep it all together. That’s why SEKTION frames are made of 3/4” thick particleboard covered with melamine. The frames and shelves both have thick edges of polypropylene plastic. The result is a sturdy cabinet with impact-resistant edges and hardwearing surfaces that resist both moisture and scratches.

Shelves that can take more than they need to

Everyday life in the kitchen often means accumulating new things, like small appliances and new pieces of dinnerware – and over time you may find that you have much more to store than you started out with. To make sure the shelves in your cabinet won’t sag under the pressure of performing, we put 60 plates weighing about 55 lb on a 30” wide shelf – and leave the plates there for a week. It’s just something shelves should be able to take, we think.
Steps to buying an IKEA® kitchen

IKEA kitchens are designed so you can install them yourself and below are some steps to ensure the process goes well for you. We also have tools and tips that’ll help you design your dream kitchen. Our kitchen IKEA Home Planner is there to help online, and our experts at the store or on the phone will guide you each step of the way.

GET INSPIRED
It’s time to dream a little, look at some ideas, consider your needs and decide what an ideal kitchen means for you. This brochure is made to give you an overview of some of the possibilities but there is so much more. You can find more ideas and inspiration on our website or by visiting your local IKEA store.

MEASURE
When measuring it’s important to take your time and get your measurements correct. This will form the foundation of all your planning. To see exactly what to measure, pick up a copy of the kitchen planning guide at your local IKEA store or at IKEA-USA.com/kitchens

GET TO KNOW OUR PRODUCTS
Our three Buying Guides will help you get to know our products. They will give you detailed information about our kitchen range and all the things you need to create your dream kitchen. Pick up a copy at your local IKEA store or download a copy online at IKEA.com/kitchens

PLAN
Planning your kitchen is when your dreams and ideas take shape. Use the online IKEA Home Planner tool to start planning your kitchen. Or, if you would like some advice we have kitchen planners ready in the store to help.

ORDER
When you’re satisfied with your planning, visit your local IKEA store and talk to our kitchen experts. They will go over your kitchen plan with you, and help you with anything you’re not sure about. When you are ready you can order and we can help with delivery.

INSTALL
IKEA kitchens are designed to be installed by you, but we’re here to offer as much help as you feel you need. You can start by picking up the kitchen installation guide from the store which gives step-by-step instructions on installing your kitchen.

Services

You can do it yourself, but you don't have to.
On the previous pages we showed you all the steps to realize your dream kitchen. But maybe you would like some help with some or all of these steps. On this page you'll find the different kinds of services we can offer to help and support you. In fact, we can help you with everything from measuring and planning, to complete installation. In-home services provided by an Independent Service Provider. For more details about our services, talk to a co-worker at your local IKEA store or visit us at: IKEA-USA.com/kitchenservices

*Services and prices may vary at IKEA Brooklyn. Please visit IKEA-USA.com/Brooklyn for details

MEASURING SERVICE
Details matter. That's why it's important to take the time to have your home accurately measured before the planning begins. Have an experienced professional from an Independent Service Provider come to your home and take all the essential measurements. Your measurement service fee is refunded when you buy an IKEA kitchen.

Measuring includes:
• Room dimensions (length, width, and height)
• Dimensions and positions of window and doors
• Position of external walls
• Positioning of electric, water, and gas connections, and other fixtures
• Confirm that corners are square and walls are plumb
• All required dimensions will be entered into the IKEA Home Planner

Prices start at $49

INDIVIDUAL KITCHEN PLANNING
Your kitchen planning service fee is refunded when you buy an IKEA kitchen. You'll receive a detailed layout of your kitchen including cabinets, appliances, and countertops. 

Individual Kitchen Planning In Store: $59/up to 2 hours

Individual Kitchen Planning In Home: Starting at $199/up to 4 hours

DELIVERY SERVICE
We will arrange delivery of your purchases to your home or business. The delivery service is provided by an Independent Service Provider.

Prices start from: $59*

INSTALLATION PRICE QUOTE
Upon completion of your Kitchen Plan on our IKEA Home Planner, we can schedule your Installation Price Quote. A professional from an Independent Service Provider will quote the scope, price, and timeline for installation of your IKEA kitchen.

Price is free

PICKING WITH DELIVERY SERVICE
We collect the items on your shopping list and will arrange delivery to your home or business. The delivery service is provided by an Independent Service Provider.

Prices start from: $59*

KITCHEN INSTALLATION
We'll install your new kitchen for you and coordinate the job from start to finish. Professional kitchen installers will handle all those time-consuming jobs like fitting sinks, faucets, countertops and appliances. You get a 5-year warranty on workmanship and installation. And your kitchen will be installed to the highest industry standards. Installation done by an Independent Service Provider.

Kitchen installation includes:
• All cabinets assembled and installed
• Installation of stock countertops, including cut-outs for the sink/cooktop
• Installation and connection of sink, faucet, IKEA electric and gas appliances and IKEA countertop lighting
• Installation of side panels, handles and interior fittings (shelves, baskets etc.)

Prices start from: $59*

ASSEMBLY SERVICE
IKEA products are designed to be assembled by you. However, if you like, we will arrange assembly of your furniture at your home or business. Assembly service is only available when delivery service is purchased, and is based upon availability to your zip code. The assembly service is provided by an Independent Service Provider.

Prices start at $59*
