

BUYING GUIDE

ALGOT

Storage across the home

DESIGN

Francis Cayouette

QUALITY

Designed for use throughout the home. ALGOT shelves are durable, stain resistant and easy to keep clean. Brackets are made of high-strength steel and can support heavy loads.

SAFETY

Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

Different wall materials require different types of fixing devices. Use fixing devices (sold separately) suitable for the walls in your home.

Also please note that different wall materials are able to support different loads of weight. For instance, walls made of plaster cannot support as much weight as walls made of wood, concrete or brick. If you have any doubts regarding what kind of walls you have in your home, how much load they can carry or how to securely fix ALGOT onto your walls you must contact a contractor for advice.

Floor-standing solutions with baskets must be secured to the wall, unless fitted with casters. See page 11 in this buying guide for information about which frames can be fitted with casters.

GOOD-TO-KNOW

Max load for ALGOT shelves, second value refers to metal shelves:

15¾" width

15" depth: 33/44 lbs

22⅞" depth: 51/66 lbs

23⅝" width

15" depth: 49/66 lbs

22⅞" depth: 75/99 lbs

31½" width

15" depth: 66/88 lbs

22⅞" depth: 101/132 lbs

Wherever you need to store things, ALGOT has a solution that makes every square inch count. And a smart design with clean lines means you can optimize storage without compromising on style.

You can use ALGOT to make both floor-standing and wall-mounted solutions. And with different accessories, ALGOT is easy to customize to different rooms and situations. From sorting clothes in the laundry room to organizing coats in the hall and storing tins and jars in the pantry – ALGOT is designed to work across your home.

Brackets, shelves and other accessories simply click into place, which means assembly is a cinch. It also means ALGOT can easily adapt and change, just like your life does. Need more storage in the wardrobe for a new family member? Add baskets. Want to rearrange your laundry room? Shelves move easily. Need more workspace? You can use the deepest ALGOT shelf as a desktop. With ALGOT there's a solution for every storage need.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com/stockavailability. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

HOW TO PLAN

What do you want to store?

When planning for storage in your home, start by asking yourself what you need to store. Do you need somewhere to hang your clothes, store your bed linen or towels? Perhaps you need bookshelves or baskets to store your hats and gloves? ALGOT can offer many different storage solutions throughout your home.

How much space do you have?

Before you start to plan your new storage solution, find out what space you have to work with. Sketch out your working space, taking measurements from the floor to the ceiling and between the walls. Make a note of any window or door that might affect the size of your storage solution, take detailed measurements and make allowances for opening and closing doors. Don't forget to take into account any radiators, pipes, ventilation or other features that could affect your storage solution.

TIP: How to calculate the width of a tailor-made solution?

If you are planning your wall-supported storage solution yourself, you need to allow for 1" for the width of the outer wall uprights and 5/8" for each center wall upright (since the shelves overlap the center wall upright). You must also add the width of the shelves or accessories you have chosen.

Widths of shelves and accessories

- 15 3/4" (shelves)
- 23 5/8" (shelves, baskets, drying rack, shoe organizer, clothes rail for brackets)
- 31 1/2" (shelves)
- 48" (drying rack)

Quick calculation guide

- 1 wall upright +0"
- 2 wall uprights +2"
- 3 wall uprights +2 5/8"
- 4 wall uprights +3 1/3"

IMPORTANT!

When installing a wall-supported ALGOT solution follow the assembly instructions that come with the wall uprights to ensure you get the correct distance between drilling holes.

Ready-made or tailor-made?

You can choose one of our ready-made combinations or you can design your own tailor-made ALGOT storage solution. Start by taking a look at the ready-made combinations included in this buying guide. Our in-store sales staff can help you compile a picking list of your chosen combination to guide you through the Self-Serve area and they can also inform you about other services such as pick-up and home delivery services.

Please note: You can find a wider selection of ALGOT combinations on the IKEA website. You can also plan your combinations by using our Planner online IKEA-USA.com/ALGOTplanner or in your local IKEA store.

Example no 1
 $1 + 23\frac{5}{8} + 1 = 25\frac{5}{8}$ "

Example no 2
 $1 + 23\frac{5}{8} + \frac{5}{8} + \frac{5}{8} + 23\frac{5}{8} + 1 = 74\frac{3}{8}$ "

HOW TO BUILD

WALL-SUPPORTED STORAGE

Note! Screws and any other fixing devices you might need to fix your solution securely to the wall (e.g. wall plugs) are not included. Different wall materials require different types of fixing devices. FIXA screws and plug set see page 14.

1. Install ALGOT suspension rail on the wall to help you hang the wall uprights evenly and with the right spacing between them. Use flathead screws with a screw head of ¼". You will need three screws for the 26", four screws for the 34⅝" and seven screws for the 74¾" long suspension rail.

2. Hang the wall uprights from the suspension rail, space them and then secure them to the wall. Use round-headed screws with a screw head between 0.18-0.35". You will need three screws for the 22", four screws for the 33⅝" and eight screws for the 77⅝" high wall upright.

3. Click brackets into ALGOT wall uprights wherever you want to have a shelf or accessories like a basket or shoe organizer. One bracket holds two ALGOT shelves or other accessories. Brackets and shelves come in two different depths: 15" and 22¾". Shelves also come in three different widths: 15¾", 23⅝" and 31½". See the front cover of this buying guide for all ALGOT shelf max loads.

4. Click the shelves, shoe organizers, drying racks and/or other accessories into the brackets. Use different bracket depths to hold up to three shoe organizers: a 15" deep bracket holds two and a 22¾" deep bracket holds three.

5. Click ALGOT pull-out rails for baskets into the brackets where you want to have baskets. Install the fixtures and slide the basket into the pull-out rails.

6. Click ALGOT rack with four hooks into a bracket to hang things on the ends of your ALGOT wall mounted storage solution. Use one rack or several (up to three), which can be mounted in a row in the deepest ALGOT bracket, 22¾".

7. Place the cover strips on top of each bracket to keep shelves and accessories firmly in place and to give a clean finish.

8. Accessories with bracket you click right into ALGOT wall upright, no separate brackets required. In above example the ALGOT triple hook with bracket is shown.

For this combination you need:

HOW TO BUILD

BASKET AND FRAME STORAGE WITH CASTERS

1. Choose the 27½" frame or storage bag with stand to create a combination with casters. Note, for safety's sake, these are the only frames that can have casters. Do not add casters to these frames if they are stacked with another frame.
2. Add ALGOT top shelf on top of the frame for extra storage space.
3. Add casters. For safety's sake, add tip-over protectors (included with casters) on the two front casters of the 27½" frame.
4. Add wire and/or mesh baskets, available in two different heights: 5½" and 11½". Use the pull-out stop fittings (included with each basket) to keep baskets in place and moving smoothly.

For this combination you need:

Frame 27½" high

Top shelf for frame

Mesh basket

Mesh baskets

Casters

HOW TO BUILD

BASKET AND FRAME STORAGE WITHOUT CASTERS

1. Choose your frames, available in 27½" and 39⅜". Use clips (included with frames) to attach one frame on top of another.
2. Add ALGOT top shelf on top of the frame for extra storage space.
3. You can adjust the feet on the frame to make sure it is leveled.
4. Adjust the distance of the frames from the wall using the fittings (included with frames) before you secure the frames to the wall. All frames must be secured to the wall for safety, regardless of whether you stack them on top of each other or use them individually.
5. Add wire and/or mesh baskets, available in two different heights: 5½" and 11½". Use the pull-out stop fittings included with each basket to keep baskets in place and moving smoothly.

For this combination you need:

SERVICES

IKEA products are designed to be taken home and assembled by you. That way, you'll save the most money. But if you would like some help, we can offer a range of services. Assembly and delivery services fulfilled by an Independent Service Provider. Contact your local IKEA store or visit the IKEA website for details: IKEA-USA.com/services

DELIVERY SERVICE

Most of our products are designed and packaged so that you can take them home yourself. If you prefer, we can arrange for delivery of your purchases directly to your home or business. Same day, next day or same week deliveries are available. We can also arrange for delivery at a later date if you would like.

PICKING WITH DELIVERY SERVICE

We'll collect the products on your shopping list from throughout the store and arrange delivery of everything to your home or office. See an IKEA co-worker and tell them what you're looking for and they will book and print your items on a customer order. Take this order to the check-outs and pay for your purchases both goods and services. And you're on your way!

ASSEMBLY SERVICE

For in-store purchases when delivery is purchased, assembly pricing is based on the value of merchandise you want assembled, excluding sales tax.

For online and in-store purchases, TaskRabbit offers quick and convenient assembly and mounting for your IKEA purchases made online and in select stores. Plus, enjoy flat rate pricing created just for IKEA products.

Services and prices may vary, please see IKEA-USA.com/services or talk to us in your local IKEA store.
