With BESTÅ it’s easy to make a place for everything and get the room organized. Goodbye to clutter and mess! Hello to calming closed doors and a tidier home!

BESTÅ takes care of messy and ugly cables. Outlets at the back of the TV unit keep them out of sight but simple to access. The outlet at the top makes it easy to let cables run down, even if the TV unit is mounted on the wall.

With BESTÅ you can open your drawers with handles or knobs or by using a push-open function. These options give you different looks. With handles or knobs your drawers close more silently and softly, too.

KUGGIS and TJENA boxes come with lids and help you store everything from pens, papers, desk accessories and gaming equipment to USB sticks and cables. TJENA has labels to keep track of what’s inside. KUGGIS has an insert which you can put inside the biggest KUGGIS box or just use on its own. The sizes in KUGGIS are designed to stack on top of each other, so you can easily combine different sizes for different needs. And it’s the same for TJENA boxes, too!
