HAVSTA
Storage series

Numerous possibilities and combinations
Truly versatile HAVSTA series in solid wood gives you a number of possibilities and combinations in different sizes – and with different features and looks depending on your living space, needs and taste.

All the features you need
Display the items you are proud of behind the glass doors or in shelving units and hide other things in the closed cabinets. Combine with a TV bench that keeps cables hidden, and why not to complete the look with one or more matching coffee tables?

Flexibility
Choose standalones or go for one of the many combinations. Add units over time or rearrange the entire combination to adapt to your changing needs – regardless if it’s your family or souvenir collection that grows.

CARE
Wood: Wipe clean with a cloth dampened in a mild cleaner. Wipe dry with a clean cloth.

Glass: Wipe clean with a cloth dampened in water or window-cleaner. Wipe dry with a clean cloth.

GOOD TO KNOW
You can convert any stackable unit into a standalone by adding the base in the compatible size (sold separately) or mount a stackable unit on a 18½" deep cabinet to create a vertical combination.

Two people are needed for assembly of this furniture.

SAFETY
Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

Different wall materials require different types of hardware. Use hardware (sold separately) suitable for the walls in your home.

Tempered glass should be handled with care! A damaged edge or a scratched surface can cause the glass to break suddenly. However, it will only into small pieces, never into sharp fragments.

To prevent a vertical combination from tipping over, stackable units which are 13¾" deep must always be mounted on 18½" deep cabinets.

For safety reasons, HAVSTA units are not to be hung on a wall.
STANDALONES
