

## BUYING GUIDE

# BETYDLIG/RÄCKA/HUGAD

## Curtain rod system

### PARTS

- Wall/ceiling bracket
- Curtain rod holder
- Curtain rod
- Finial
- Curtain rod corner connector

### **Simplicity and variety hand in hand**

We all have different needs and preferences when it comes to dressing the windows in our home. But no matter what style you choose, you will need basic hardware like brackets, rods and finials to complete the job.

You can combine the different hardware in our range to create just the solution to suit your needs. You may want to mount a rod on the wall or the ceiling to create a simple one-layer curtain or a magnificent triple-layer curtain for your large windows.

The bracket and rod come in three colors: black, silver-color and white. If you would like to give your window a new look, simply change finials. And you can change them any time you like – it's fun, easy and makes a big difference!

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting [IKEA-USA.com/stockavailability](http://IKEA-USA.com/stockavailability). For more detailed product information, see the price tag or visit [IKEA-USA.com](http://IKEA-USA.com). All products shown require assembly. All textiles shown are imported.

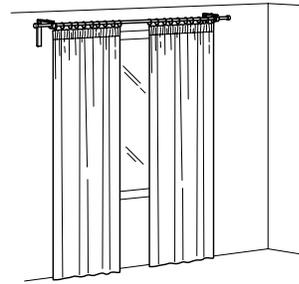

# HOW TO BUILD

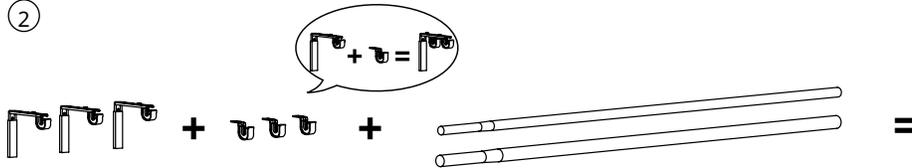

①

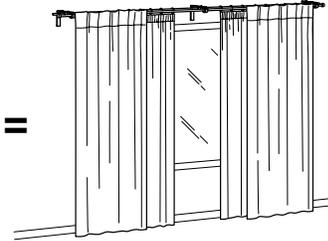

Two wall/ceiling brackets are needed for curtain rods up to 55 1/8".

②

Three wall/ceiling brackets are needed for curtain rods up to 110 1/4".

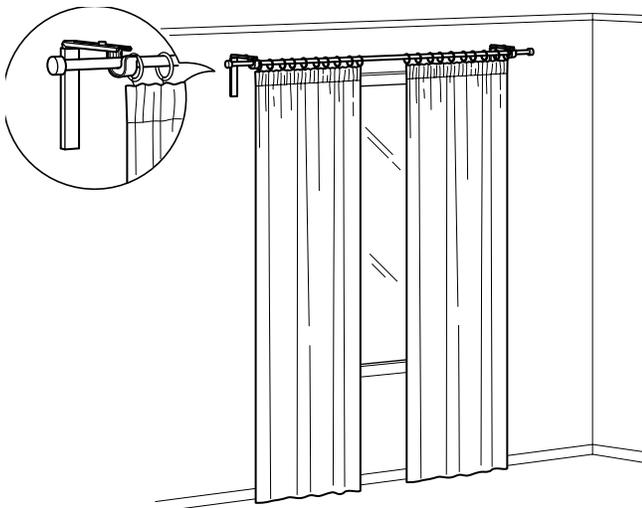

1. The brackets can be mounted on the wall or the ceiling. And the position of the curtain rod holder can be adjusted, allowing curtains to be hung either close to the window or farther out.

2. To create a layered solution, you just need to buy extra curtain rod holders and mount them on the brackets. Then add extra curtain rods.

The curtain rods come in two diameters, three lengths and three colors. All are extendable in length. You can complete the expression easily with finials from the IKEA range.

# COMBINATIONS

A single window, for example 36", with a single-layer solution.

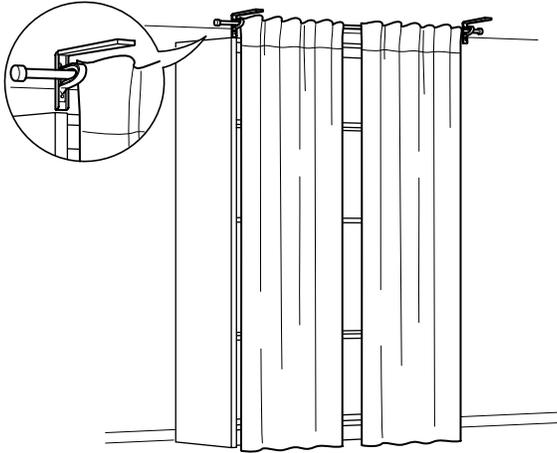

## Window hardware

RÄCKA Curtain rod 28-47"	002.171.65	<b>\$1.99/pc</b> 1 pc
BETYDLIG Wall/ceiling bracket	602.172.28	<b>\$1.50/pc</b> 2 pcs
RAFFIG Finial, 2pcs/pack	202.199.36	<b>\$2/2pk</b> 1 pc

## This combination \$7

(Curtains, rings and hooks are sold separately.)

# COMBINATIONS

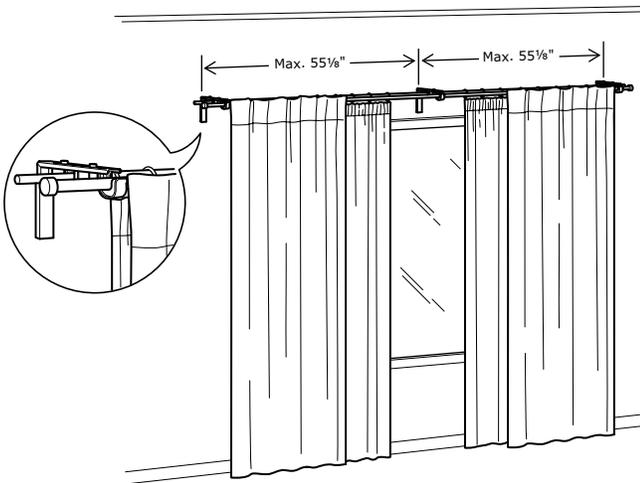

To cover an open storage solution or create a simple room divider. The brackets can be mounted on the ceiling.

## Window hardware

RÄCKA Curtain rod 47-83"	302.171.59	<b>\$3.99/pc</b> 1 pc
BETYDLIG Wall/ceiling bracket	602.172.28	<b>\$1.50/pc</b> 2 pcs
RAFFIG Finial, 2pcs/pack	202.199.36	<b>\$2/2pk</b> 1 pc

## This combination \$9

(Curtains are sold separately.)

A wide window, for example 96", with a double-layer solution – sheer curtain inside and thick curtain outside. Remember that for curtain rods between 55-110", you will need three BETYDLIG wall/ceiling brackets to ensure stability.

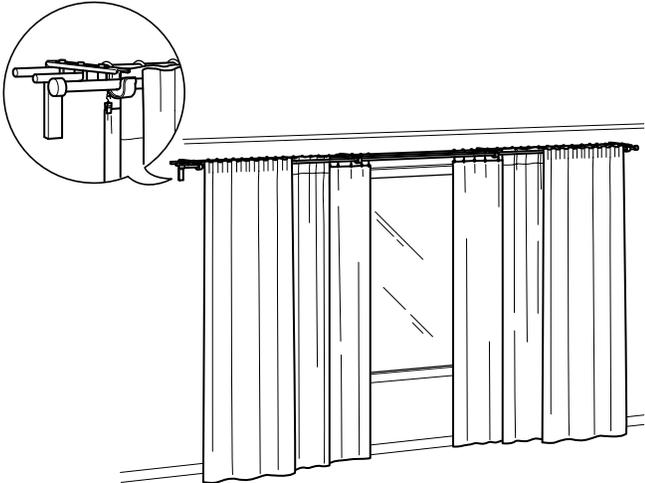

## Window hardware

RÄCKA Curtain rod 83-152"	702.171.57	<b>\$5.99/pc</b> 1 pc
HUGAD Curtain rod 83-152"	502.171.39	<b>\$6.99/pc</b> 1 pc
BETYDLIG Wall/ceiling bracket	602.172.28	<b>\$1.50/pc</b> 3 pcs
BETYDLIG Curtain rod holder	502.198.93	<b>50¢/pc</b> 3 pcs
RAFFIG Finial, 2pcs/pack	202.199.36	<b>\$2/2pk</b> 1 pc

## This combination \$21

(Curtains, rings and hooks are sold separately.)

# COMBINATIONS

A large window, for example 120", with a triple-layer solution. This configuration allows room for panels, sheer curtains and heavy curtains at the same time. For curtain rods longer than 110", you will need four BETYDLIG wall/ceiling brackets to ensure stability.

White	502.172.38	<b>\$4.99/10pk</b>

# MEASURE YOUR WINDOW

Start by taking the measurements of your window.

1. The width. This determines the width of your curtain rod or track rail.

Measure the width of the window. **a** Add at least 6" on each side to the measurement for where the brackets will mount **a** to ensure the window will be fully covered and to allow the curtain to fully open.

2. The height. This determines the length of your curtains or panel curtains.

Measure from the top of the window frame and stop where you want your curtains or panel curtains to end.

**b** As a rule of thumb, add 6" to the measurement **b** to give space to your curtain rod or track rail. Create a visual appearance that the ceilings are higher by mounting the curtain rod closer to the ceiling. Wash curtains before use to account for shrinkage or add an inch or so to allow for the shrinkage of the curtains.
