As you like it, as long as you like it

The EKTORP seating series gives you so many choices, whether you're looking for a comfortable armchair or an entire living room. The many different covers are designed to be easily mixed and matched for a personalized look. We have worked thoroughly on the practical details, such as washable covers and reversible back cushions, to make EKTORP a personal and long-lasting choice for your home.

Details to appreciate, day after day

EKTORP has soft seat cushions that follow the contours of your body. They also provide good support for your back and are strong enough to use day after day. A simple yet clever detail is that the fabric back cushions are reversible, so they keep fresh longer. You can also remove and wash the covers when needed. To be sure EKTORP will withstand the demands of everyday life, we've been extra careful with important details, like making strong seams and durable covers. This way, you can appreciate your EKTORP for a long time!

Matched from the start

EKTORP is a series of seating furniture in different sizes and for different situations. This means that you can always find what you need to suit your home. We even have a wide variety of easy-to-match covers. By mixing and matching different colors and patterns, you can create a look that's both harmonious and stylishly individual.
