

GODMORGON

Bathroom furniture

SAFETY

Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

Different wall materials require different types of hardware. Use hardware (sold separately) suitable for the walls in your home.

Ensure that the walls in your bathroom can support the weight of the sink cabinet, and if not, then use legs.

CARE AND CLEANING

Wipe furniture clean with a cloth dampened in water or a nonabrasive detergent, then wipe dry with a clean cloth.

The sink and faucet should be wiped clean with a cloth dampened with water or a nonabrasive detergent.

Sinks in ceramic are resistant to most chemicals, except for strong acids and strong alkalis.

Sinks made of crushed marble should not come in contact with ammonia, acids, strong detergents, hair dye or chlorine.

GODMORGON includes a free 10-year limited warranty. For details see IKEA-USA.com/warranty

Everyone deserves a good morning

With the GODMORGON bathroom series you can create a well-organized bathroom that gives the whole family a calm start to the day – even if the bathroom is small. It is also made to withstand humidity thanks to a smart technique using vertically-wrapped foil. You can even get double sinks and faucets that save both time and water if you have a big family. There's also plenty of room for storage. Everything from drawers with removable dividers to shallow wall and mirrored cabinets that give you a good overview. It's easy to buy, because the sink cabinet and drawers come in one complete package. All you have to choose is the sink and the faucet.

Online planning

Put your creativity to work and create your own wardrobe combination. Our easy-to-use planners help you try out different ideas to find what's best for you. You can start from one of our ready-made solutions and adapt it or you can start from scratch. The planners tell you how much your combination will cost. It creates a list of the products you need, so you don't forget anything at the store. It also checks if what you need is available before you go. The planners even help you buy your products directly online.

HOW TO CHOOSE

1. Start planning your bathroom by thinking about the wall space you have available for a sink cabinet and sink, since this is the center of most bathroom activities. The GODMORGON series includes sink cabinets of different sizes and storage capacities.

After you have decided on the size of the sink cabinet, you can choose between different colors and finishes and find the one that suits both your needs and style. The sink cabinets can be mounted to the wall with or without supporting legs. The drawers in GODMORGON sink cabinets are smooth running and pull out fully so you can easily see and reach what's inside. Pull-out stops prevent the drawers from being pulled out too far and falling, which is especially practical if you have children. Removable dividers inside the drawers let you customize the space according to your needs. You can even maximize the storage inside the drawers by adding one of the GODMORGON transparent boxes that fit the drawers perfectly and keep all your jewelry, make up, brushes, tubes and bottles organized. Along with all the smartness of GODMORGON drawers they are also easy to assemble.

2. IKEA sinks come in different sizes and materials. You can choose a single, double or countertop sink, depending on your needs and space. The sinks are made of ceramic or crushed marble. Ceramic sinks have a glazed finish and are easy to clean. They have excellent scratch resistance and are very durable. Crushed marble is comprised mainly of crushed minerals with binding agents. Crushed marble sinks are smooth, durable and easy to clean. All sinks come with a water trap and strainer. The water trap is flexible and can be connected to both washing machines and dishwashers.

3. You can find a wide selection of sink faucets at IKEA. Choose your faucet based on function and design. All faucets come with a strainer kit, with the exception of OLSKÄR. All faucets at IKEA have a flow regulator that uses 50% less water but ensures that the water flow feels the same.

Most of our faucets have a special function – a cold water start that helps you save energy. Usually, you turn on an ordinary faucet by lifting the lever straight up, which releases both cold

and hot water. But often, the hot water does not reach the entire way out and stops in the pipes. When you lift the lever straight up on a faucet with a cold water start function, only cold water is released, which reduces any waste of hot water. To release the hot water, you lift the lever to the left.

4. Now it's time for you to choose what to put above and around your sink: mirrors, mirror cabinets, high cabinets, high cabinets with mirror doors, or wall cabinets. The combination possibilities are endless. Make your choice based on your bathroom storage needs, space and style preference as GODMORGON is now available also in the traditional style, you can find it under GODMORGON Kasjön name.

5. If you want a different expression in your bathroom you can choose to combine GODMORGON sink cabinet with a TOLKEN countertop and TÖRNVIKEN, KATTEVIK, HÖRVIK and GUTVIKEN countertop sink. IKEA bathroom countertops have been developed with special attention to quality, so they are water resistant, durable and will last a long time. They come in six different sizes that match GODMORGON sink cabinets perfectly. Choose the look that suits you and your bathroom best.

6. Finally, you can complete your bathroom with furniture from the VILTO, BROGRUND and KALKGRUND series, which make it possible to create smart and functional open storage solutions. They're designed in size to match GODMORGON so the look in your bathroom will be totally coordinated.

SERVICES

IKEA products are designed to be taken home and assembled by you. That way, you'll save the most money. But if you would like some help, we can offer a range of services. Assembly and delivery services fulfilled by an Independent Service Provider. Contact your local IKEA store or visit the IKEA website for details: IKEA-USA.com/services

DELIVERY SERVICE

Most of our products are designed and packaged so that you can take them home yourself. If you prefer, we can arrange for delivery of your purchases directly to your home or business. Same day, next day or same week deliveries are available. We can also arrange for delivery at a later date if you would like.

PICKING WITH DELIVERY SERVICE

We'll collect the products on your shopping list from throughout the store and arrange to have everything delivered to your home or office. See an IKEA co-worker and tell them what you're looking for and they will book and print your items on a customer order. Take this order to the check-outs and pay for your purchases both goods and services. And you're on your way!

THERE'S MORE THAN ONE WAY TO PAY

We accept credit, debit and IKEA Gift Cards in our stores. We also want you to have the home you dream of; that's why we've got additional financing options for you to explore. For more information about our financing options, visit IKEA-USA.com/creditcard

Services and prices may vary, please see IKEA-USA.com/services or talk to us in your local IKEA store.
