

BUYING GUIDE

HEMNES

Bathroom furniture

SAFETY

Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

Different wall materials require different types of hardware. Use hardware (sold separately) suitable for the walls in your home.

CARE AND CLEANING

Wipe furniture clean with a cloth dampened in water or a nonabrasive detergent, then wipe dry with a clean cloth.

The sink and faucet should be wiped clean with a cloth dampened in water or a nonabrasive detergent.

Sinks in ceramic are resistant to most chemicals, except for strong acids and strong alkalis.

Sinks made of crushed marble should not come in contact with ammonia, acids, strong detergents, hair dye or chlorine.

HEMNES bathroom furniture helps you keep your bathroom clutter free, even if it's small. The series includes a sink cabinet with large drawers you can use to hide away small things. A wall cabinet with shallow shelves that make it easy to quickly find what you need. High cabinets, open or with a mirrored door, for larger things like towels and boxes. The cabinets have adjustable feet, so they're stable and stay dry.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com/stockavailability. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

HOW TO BUILD

1. Start planning your bathroom by thinking about the wall space you have available for a cabinet and sink, since this is the center of most bathroom activities. The HEMNES series includes cabinets of different sizes and storage capacities.

You can choose between open and regular sink cabinets depending on your storage needs and preferences in your bathroom.

After you have decided on the size of the cabinet, you can choose between white, black-brown and gray finishes.

The drawers in HEMNES cabinet are smooth running and pull out fully so you can easily see and reach what's inside. Pull-out stops prevent the drawers from being pulled out too far and falling, which is especially practical if you have children.

2. IKEA sinks come in different sizes and materials. You can choose a single or double sink, depending on your needs and space. The sinks suitable for HEMNES are made in ceramic.

Ceramic sinks have a glazed finish and are easy to clean. They have excellent scratch resistance and are very durable.

If you choose HEMNES open sink cabinets, combine it with TÖRNVIKEN countertop sink for the best functionality and looks.

All sinks come with a water trap and strainer. The water trap is flexible and can be connected to both washing machines and dishwashers.

3. You can find a wide selection of sink faucets at IKEA. Choose your faucet based on function and design. All faucets come with a strainer kit, with the exception of OLSKÄR. All faucets at IKEA have a water-saving device that uses 50% less water but ensures that the water flow feels the same.

Most of our faucets have a special function – a cold water start that helps you save energy. Usually, you turn on an ordinary faucet by lifting the lever straight up, which releases both cold and hot water. But often, the hot water does not

reach the entire way out and stops in the pipes. When you lift the lever straight up on a faucet with a cold water start function, only cold water is released, which reduces any waste of hot water. To release the hot water, you lift the lever to the left.

4. Now it's time for you to choose what to put above and around your sink: mirror cabinet, high cabinet with mirror door, shelving unit, bench. The combination of possibilities are endless. Make your choice based on your bathroom storage needs and space.
5. Finally, you can complete your bathroom furniture with accessories from BALUNGEN and VOXNAN series. They're designed to match HEMNES so the look in your bathroom will be totally coordinated in color and style.

Bathroom online planning

Put your creativity to work! Our easy to use bathroom planner helps you make your dream come true for you and your family. You can try out your ideas to find the best combination of furniture that fits your space and suits your needs. You can test different colors and styles to get the look you love. You can also see examples of bathrooms we have created to help you with inspiration.

The planner tells you how much your dream will cost. It creates a list of the products you need, so you don't forget anything at the store. It also checks if they are available before you go. The planner even helps you buy your products directly online.
