VALLENTUNA sofa series consists of free-standing modules that can be combined into any shape or size. This flexibility makes it easy to tailor a sofa for your own needs, home and lifestyle – and change it whenever you want. You can add functions like storage or beds, and choose covers to

suit your style. The possibilities of creating a unique and personal combination are endless. One tip is to use our planning tool to explore possibilities. You can find the tool at an IKEA store and at [www.IKEA.my](http://www.IKEA.my).

# GOOD TO KNOW

### Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

### Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

### Coated fabric

Coated fabric is a fabric material with a coating, which can be embossed to look like leather. It's a strong and durable material and very easy to care for – just vacuum the surface using the soft brush attachment on your vacuum cleaner and wipe with a damp cloth.

All our different coated fabrics have been treated to protect them and make them easy for you to look after. All have also been tested and approved for tear strength, flexibility and colour fastness, so you can be sure you will enjoy your new sofa for many years to come.
