SAFETY

Safety is our top priority! We always perform risk analyses and test our children's furniture to ensure the pieces are suitable for children. Children rarely do what you expect them to do. They climb, clamber and play with things in ways that are often difficult to foresee. For that reason always use the enclosed safety fitting, to anchor the furniture to the wall, to prevent it from tipping over.

CARE AND CLEANING

The frames and fronts can be cleaned with a cloth dampened in a mild cleaner and dried with a clean, dry cloth.

Children's furniture that's made for change

Children grow fast, but they don't have to outgrow their furniture. We designed the pieces of STUVA system to adapt to children's changing needs. The series includes a cot, changing table, bench, chest of drawers, wardrobes, loft bed, interiors and more. You can make your own solution or choose a ready-made combination – and add on at any time. With a timeless style in several colours, STUVA is a flexible, functional solution that lasts for years of sleeping, playing, learning and growing!

All the products (shown here) may not be available at the store. Please contact the staff or look at IKEA.my for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

STUVA GROWS WITH YOUR CHILD

Smart solutions for limited space

Children grow, but their space at home doesn't always get bigger. STUVA maximises space with multifunctional pieces that can transform, too. With STUVA loft bed, you can completely furnish a child's room with a desk, wardrobe and open shelf unit. Other pieces like STUVA changing table grow with your child to become a play table and a study desk.

Endless possibilities

STUVA is a super flexible system. You can choose frames, doors, drawers and interior fittings to create a combination that suits your child's needs and your space. If you don't want to build from scratch, we have a selection of ready-made combinations, so you can choose one to bring home today!

Designed for children

STUVA system is designed with children in mind! Everything's at child height, so they can reach their toys and clothes while learning to keep their things tidy. We even think accident prevention and include features like smooth edges and rounded corners so children don't hurt themselves.

HOW TO BUILD

With FRITIDS fronts – soft closing hinges and 5 colours to choose from

Size: 300×50×128 cm

with **FRITIDS**, white

992.531.35 **RM1,358**

White, red, light blue, light pink and blackboard – FRITIDS fronts are available in these colours in all sizes. You and your child can choose your favourites. FRITIDS fronts are fully closed and have soft-closing hinges, too, so doors close silently without a slam.

STUVA GRUNDLIG interiors are adjustable, so you can place them where they're easy to reach and adjust them as your child grows. One shelf is needed as a divider between the shelf unit and the drawers in the storage solutions.

With FÖLJA fronts – stickers and 2-pack fronts

Size: 300×50×128 cm

with **FÖLJA**, white

692.220.94 **RM1,248**

FÖLJA fronts are sold in 2-packs. Each FÖLJA package includes 2 knobs and a sheet of 10 round stickers – 2 each of blue, pink, yellow, green and orange. The stickers let you customise and decorate the knobs. You can even write on the stickers with chalk.

STUVA GRUNDLIG interiors are adjustable, so you can place them where they're easy to reach and adjust them as your child grows. One shelf is needed as a divider between the shelf unit and the drawers in the storage solutions.

CLOTHES STORAGE

There's more room to play when clothes are sorted and off the floor. STUVA clothes storage solutions have flexible interiors such as clothes rails, shelves and wire baskets to let children hang, fold and organise their clothes.

Size: 60×50×192 cm. Included interiors: 1 clothes rail, 3 shelves and 1 wire basket.

STUVA COT

1. When the baby is very small the base can be placed at the higher position.

2. As soon as the baby starts to sit by themselves, place the base at the lower position.

3. When the child is big enough to climb into the bed, one cot side can be removed.

PLUTTIG. This mattress is made of 5 cm thick foam and has the same soft, smooth surface on both sides. You can easily turn it over if you like. The cover can also be wiped off, but it cannot be removed.
60×120 cm 403.481.12 **RM80**

KRUMMELUR. This 8 cm thick mattress has two different surfaces – one wavy side with medium-firm comfort and one smooth side which is firmer. The structure of the foam makes the mattress comfortable and well-ventilated, which provides good support and a pleasant sleeping environment for your baby. The cover is also easy to remove and can be machine washed at 60°C.

STUVA CHANGING TABLE/DESK

1. At first glance, it is a regular changing table for many cosy moments with your child.
2. When your child grows, you can lower the top to make a play table where your child can stand and have fun with toys or crafts.
3. As time goes by, you can transform the play table even further by placing the top at the highest desk position to obtain a comfortable desk where your child can sit and do homework.

STUVA LOFT BED

STUVA loft bed with desk and storage

STUVA loft bed offers different assembly possibilities, illustrated below. You can add doors, drawers and interiors according to your needs. The desk comes with cable management and the anti-slipping steps of the ladder have space allowance that enable the child to place their hands around each individual step. At the top of the ladder are there two handles which makes it easy to climb up and down.

- Bunk and loft beds are recommended for children from the age of 6 years.
- Minimum ceiling height required: 240 cm.
- We recommend to use a mattress that is max 20 cm thick.
- The ladder mounts on the right side of the bed only.
- Size with the desk mounted parallel to the bed is: 207×99×182 cm.
- Size with the desk mounted perpendicular to the bed is: 207×155×193 cm.

Desk parallel to the bed and access to the wardrobe doors from the outer side. You can assemble STUVA loft bed in a way that the desk fits perfectly under the bed. In order to do so, place the doors of the wardrobe on the outer side of the loft bed. Size: 207×99×182 cm.

Desk perpendicular to the bed and access to the wardrobe doors from the inside. If the room is narrow, you can assemble the desk so that it is perpendicular to the loft bed. In this way, both desk and wardrobe can be accessed from the same side. Size: 207×155×182 cm.

Desk perpendicular to the bed and access to the wardrobe doors from the outer side. If the space at your disposal has no restrictions, you can assemble STUVA loft bed in a way that the desk is perpendicular to the loft bed and the wardrobe doors can be accessed from the outer side. Size: 207×155×182 cm.

Desk free standing from the bed. You can even have the desk free standing by adding two ADILS legs from IKEA range.
