As you like it, as long as you like it

The EKTORP seating series gives you so many choices, whether you're looking for a comfortable armchair, or an entire living room. You can easily match the many different covers for a personal look. We have worked thoroughly on the practical details, such as washable covers and reversible back cushions, to make EKTORP a personal and long-lasting choice for your home. Need a place to sleep too? VRETSTORP sofa-bed is designed to match EKTORP in both form and covers.

Details to appreciate, day after day

EKTORP has soft seat cushions that follow the contours of your body. They also provide good support for your back and are strong enough to use day after day. A simple yet clever detail is that the fabric back cushions are reversible, so they keep fresh longer. You can also remove and wash the covers when needed. To be sure EKTORP will withstand the demands of everyday life, we've been extra careful with important details, like making strong seams and durable covers. This way, you can appreciate your EKTORP for a long time!

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.my for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

Good to know

You can put the chaise longue on EKTORP two-seat sofa with chaise longue wherever you like. That makes it easy to place the sofa, regardless of the layout of the room – and easy to rearrange when you feel like it. You also get plenty of comfortable seats and can stretch out properly.

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light fastness (0-6)
HALLARP grey	Machine washable at 40°C.	15,000	5
HALLARP beige	Machine washable at 40°C.	15,000	5
TOTEBO light beige	Machine washable at 40°C.	25,000	5
TOTEBO dark turquoise	Machine washable at 40°C.	25,000	5
VIRESTAD red/white	Machine washable at 40°C.	25,000	5
REMMARN light grey	Machine washable at 40°C.	15,000	5
