You choose the style

When you buy POÄNG armchair you choose everything yourself, except the comfort – it's always included! You get a style that's all your own by freely combining frames in different wood types and finishes and cushions with fabric or leather covers. If you want a change, you can always buy an extra cushion – they come with covers in several different colours, patterns and materials. The fabric covers are removable and most are machine-washable.

Comfort in harmony

Design and comfort meet in POÄNG armchair like two parts of a whole. The layer-glued, bentwood frame follows the contours of your body and supports your neck and lower back. The material in the frame gives the chair a light, pleasant and relaxing springiness. Complement with the footstool, specially designed to ensure you sit in a comfortable position. If you want to really rock, choose the rocking-chair in the same series.

All the products (shown here) may not be available at the store. Please contact the staff or look at IKEA.my for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

HOW TO CHOOSE POÄNG

1. Choose frame. The frames come in different types of wood and with different finishes.

Armchair frame available in birch, beech, black-brown, brown, oak and medium brown.

Rocking chair frame available in birch, beech, black-brown, brown, oak and medium brown.

2. Choose cushion.

The cushions come with covers in different designs, materials and colours. Combine the way you want.

Cushion design with HILLARED and FINNSTA fabric covers and GLOSE and SMIDIG leather covers.

Cushion design with RANSTA covers.

Cushion design with EDUM and SEGLORA covers.

Cushion design with STENLI and VISLANDA fabric covers.

3. Complement with a footstool.

Choose a footstool in a material and with a cushion to perfectly match your new chair.

Footstool frame available in birch, beech, black-brown, brown, oak and medium brown.

Cushion design with HILLARED and FINNSTA fabric covers and GLOSE and SMIDIG leather covers.

Cushion design with RANSTA covers.

Cushion design with EDUM and SEGLORA covers.

Cushion design with STENLI and VISLANDA fabric covers.

GOOD TO KNOW

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light fastness (0-6)
EDUM: fabric made of a polyester- and cotton mix. The woven textile creates a finely striped effect.	Machine washable at 40°C.	25,000	5
FINNSTA: hard-wearing fabric with structure, yarn dyed in different shades. Cotton polyester blend.	Machine washable at 40°C.	25,000	5
HILLARED: 55% cotton, 25% polyester, 12% viscose/rayon, 8% linen.	Machine washable at 40°C.	30,000	5
RANSTA: strong, hard-wearing cotton fabric in solid plain weave.	Machine washable at 60°C.	30,000	5
STENLI: 100% cotton.	Machine washable at 40°C.	25,000	5
VISLANDA: 100% cotton.	Machine washable at 40°C.	25,000	5

GLOSE: Soft, dyed-through 1.1 mm thick grain leather that can withstand both wear and tear and strong sunlight as it's treated with a protective fade-resistant coating. Easy to care for by vacuuming regularly.

SEGLORA: A full-grain, 1.2 mm thick leather of the highest quality. It is highly durable and becomes more beautiful with age, as it develops a darker tone. It has been treated with only a light coating which allows the leather to breathe and preserves the natural feel of the leather. Use a soft brush attachment on the vacuum cleaner to keep clean, and a damp cloth. Do not use any leather care products on this leather.

SMIDIG: Soft, hardwearing 1 mm thick leather that is treated with a thin coating to protect from dirt. Easy to care for by vacuuming regularly.

For more information, please read the material tag and the home furnishing advice.

The high back gives good support for your neck. To sit even more comfortably and relaxed, you can use the armchair together with POÄNG footstool.
