What will IKEA do to correct the problem?

IKEA will examine the product and decide, at its sole discretion, if it is covered under this guarantee. If it is considered covered, through its own service operations, IKEA will then, at its sole discretion, either repair the defective product or replace it with the same or a comparable product. If it is covered by this guarantee, IKEA will pay the costs of repairs, spare parts, labour and travel for repair staff that IKEA incurs, provided that the product is accessible for repair without special expenditure. This does not apply to any repair work not authorised by IKEA. Replaced parts become the property of IKEA.

If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. It is IKEA that determines, at its sole discretion, what constitutes an appropriate replacement.

What is not covered under this guarantee?

This guarantee does not apply to products that have been stored or installed incorrectly, used inappropriately, abused, misused, altered or cleaned with wrong cleaning methods or cleaning products.

This guarantee does not cover normal wear and tear, cuts, scratches or damage caused by impacts or accidents.

This guarantee does not apply if products have been placed outdoors or in a humid environment e.g. a bathroom.

This guarantee does not cover consequential or incidental damages.

For customers in the US only: Some states do not allow the limitation or exclusion of incidental or consequential damage, so this limitation or exclusion may not apply to you.

Care instructions

Assemble according to the assembly instructions and secure the correct wall attachment with the correct components. Keep in mind that different wall materials require different types of wall fittings. If you are uncertain, contact your local hardware specialist.

Check regularly that all assembly fastenings are properly tightened and retighten when necessary.

Tempered glass shall be handled with care! A damaged edge or scratched surface can cause the glass to suddenly crack or break. Avoid bumps from the side – this is where the glass is most vulnerable.

Tempered glass is 4-5 times stronger and more resistant to breaking than regular glass. If it breaks, it shatters into many granular pieces to reduce the risk of injury.

Follow the recommendations regarding max. load on each part of the furniture.

Wipe clean with a damp cloth. Wipe dry with a clean cloth.

How country, provincial and state law applies

This guarantee gives you specific legal rights, and is an addition to your statutory legal rights.
