New Zealand Business Number (NZBN): 9429047515468

IKEA shower enclosures can be used for interior installations in residential and/or commercial buildings. Installation shall be carried out in accordance with the supplied instructions. Limitations, installation and maintenance requirements and clean and care instructions can be found in accompanying literature or are available for download from the IKEA website.

IKEA shower enclosures are not subject to a warning or ban under section 26 of the Building Act 2004.

**IKEA shower enclosures are compliant with the New Zealand Building Code as follows:**

**B2 Durability**

**B2.3.1 (c) applies:**

Building elements must, with only normal maintenance, continue to satisfy the performance requirements of this code for the lesser of the specified intended life of the building, if stated, or:

**(c) 5 years if:**

- (i). the building elements (including services, linings, renewable protective coatings, and fixtures) are easy to access and replace, and
- (ii). failure of those building elements to comply with the building code would be easily detected during normal use of the building.

**Contribution to compliance:** IKEA shower enclosures have a durability of at least 5 years and are manufactured using Grade A safety glass according to AS/NZS 2208.

**E3 Internal moisture**

**E3.3.5 applies:**

Surfaces of building elements likely to be splashed or become contaminated in the course of the intended use of the building, must be impervious and easily cleaned.

**Contribution to compliance:** IKEA shower enclosures have glass screens and durable finished coatings for ease of cleaning.

**G1 Personal hygiene**

**G1.3.2 applies:**

**Sanitary fixtures shall be located, constructed and installed to:**

- (a) facilitate sanitation,
- (b) avoid risk of food contamination,
- (c) avoid harbouring dirt or germs,
- (d) provide appropriate privacy,
- (e) avoid affecting occupants of adjacent spaces from the presence of unpleasant odours, accumulation of offensive matter, or other source of annoyance,
- (f) allow effective cleaning,
- (g) discharge to a plumbing and drainage system as required by Clause G13 Foul water when water-borne disposal is used, and
- (h) provide a healthy safe disposal system when non-water-borne disposal is used.

**Contribution to compliance:** IKEA shower enclosures have glass screens and durable finished coatings for ease of cleaning.
