

Integrated kitchen lighting

Good, functional lighting

Lighting is important in all kitchens, both for safety and appearance. Good, even lighting across your worktop makes cooking and other kitchen chores safer, easier and more fun. And spotlights, cabinet lighting and drawer lighting doesn't just help you to find what you're looking for, but adds a decorative element to your kitchen.

Kitchen lighting connected to IKEA smart lighting

At IKEA, we have two series of integrated kitchen lighting: MITTLED and SKYDRAG. The MITTLED series covers three functions, worktop lighting, drawer lighting and spots. SKYDRAG is designed for ENHET. Add the TRÅDFRI wireless dimmer to dim, and set the mood for every occasion. Add the DIRIGERA gateway to control your kitchen lighting from the IKEA Home smart app in different ways together with other smart lighting in your home.

How to plan

Planning or updating your kitchen?

No kitchen is complete without good, functional lighting. That's why it's a good idea to include lighting already when you're planning and buying your kitchen. It makes it easier to install and saves you lots of time and effort. But what if you just want to improve the lighting in your current kitchen? Don't worry, we have solutions for that, too. Remember that all kitchens are different – plan after your own needs!

Start by deciding where you want lighting in the kitchen. Then decide which lighting to suit you and your kitchen best. Start by choosing your preferred worktop lighting. Then add spotlights, cabinet lighting and drawer lighting.

Check out our offer below:

Worktop lighting

At IKEA, we have 2 integrated lighting series – MITTLED and SKYDRAG. All give you task lighting, mood lighting, and are dimmable. You save energy too, since these series use LED, which consume 85% less energy and last up to 20 times longer than a regular incandescent bulb.

Use: MITTLED and SKYDRAG.

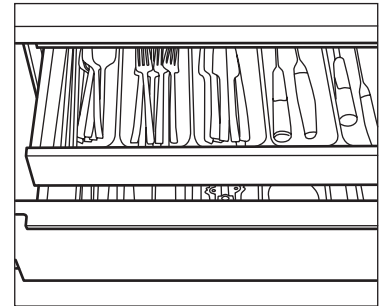

Spotlights and cabinet lighting

Spotlights are a decorative and functional choice for wall cabinets with glass doors. They make it easy to look inside your cabinets and brighten up your kitchen at the same time.

Cabinet lighting is easy to choose, as it comes in different versions to match both modern and traditional styles.

Use: MITTLED

Drawer lighting

MITTLED drawer lighting switches on and off as you open and close your drawers. No more hide and seek with your kitchen equipment!

Use: MITTLED.

MITTLED worktop lighting

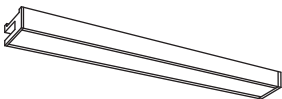

How to build

MITTLED worktop lighting is easy to install by yourself. See the list below for all parts and accessories that you need.

- Start by choosing the number of MITTLED lighting strips that you need.
- Add the correct TRÅDFRI LED driver: 10W or 30W. See page 10 for more information about the drivers.
- Use the VÅGDAL connection cord to connect MITTLED worktop lighting with TRÅDFRI LED driver.
- Add the DIRIGERA hub to control connected lighting from the IKEA Home smart app in different ways together with other TRÅDFRI lighting in your home.

- You can connect up to 10 TRÅDFRI LED drivers in one installation using the intermediate connection cord.
- Add the FÖRNIMMA power supply cord. This cord connects to a power socket and is required for wireless control of your lighting using TRÅDFRI driver.
- Add the RODRET wireless dimmer/power switch to dim your lighting. Pair the TRÅDFRI wireless dimmer to the TRÅDFRI driver(s) and the entire combination will dim at the same time.
- If you want, you can complete the system with other products, like MITTLED spotlights, MITTLED drawer lighting.

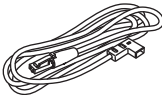

Basic parts

MITTLED LED worktop lighting
Length: 20, 30, 40, 60 and 80 cm.
Colour: white and aluminum.

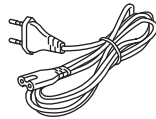

TRÅDFRI LED driver
Power: 10W/30W.

VÅGDAL connection cord
Length: 3.5m

RODRET dimmer/power switch
Colour: white.

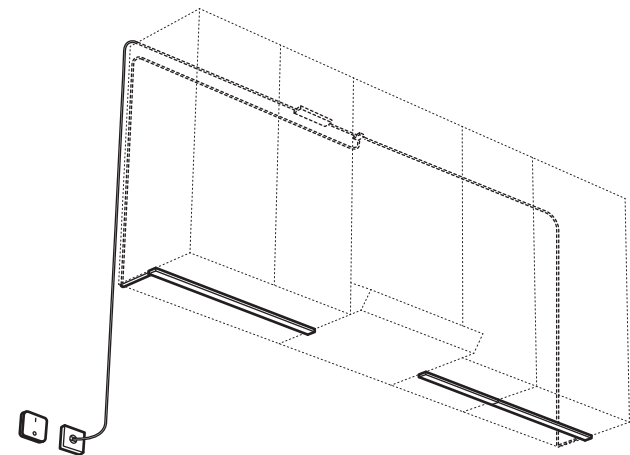

FÖRNIMMA power supply cord
Length: 3.5m

Installation accessories

DIRIGERA hub

Combination

Product name	Quantity
MITTLED LED worktop lighting 80 cm (7.5W)	1 pc
MITTLED LED worktop lighting 40 cm (4.0W)	1 pc
MITTLED LED worktop lighting 60 cm (5.5W)	1 pc

TRÅDFRI wireless dimmer	1 pc
FÖRNIMMA power supply cord	1 pc

To find the power consumption (W) for each product, see All parts and prices on page 10.

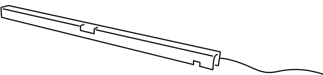

SKYDRAG worktop lighting

How to build

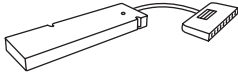

SKYDRAG worktop lighting is easy to install by yourself.

- When you start building your system, you must first consider the widths of your cabinets. E.g. for a cabinet with a width of 80 cm, you'll need the SKYDRAG lighting strip 80 cm too.
 - Choose the number of SKYDRAG lighting strips that you need.
 - Add the correct TRÅDFRI LED driver: 10W or 30W. See page 10 for more information about the drivers.
 - Add the DIRIGERA hub to control TRÅDFRI connected lighting from the IKEA Home smart app in different ways together with other TRÅDFRI lighting in your home.
- You can connect up to 10 TRÅDFRI LED drivers in one installation using the intermediate connection cord.
 - Add the power supply cord.
 - Add the RODRET wireless dimmer to dim your lighting. Pair the remote to the driver(s) and the entire combination will dim at the same time.

Basic parts

SKYDRAG LED worktop lighting
Length: 40, 60 and 80 cm.
Colour: white and anthracite.

TRÅDFRI LED driver
Power: 10W/30W.

Colour: white, aluminium and black.

* You can also use URSHULT and LINDSHULT. For measurements, see All Parts and Prices on page 10.

TRÅDFRI LED driver
Power: 10W/30W.

FÖRNIMMA power supply cord
Length: 3.5m.

RODRET wireless dimmer
Colour: white.

Installation accessories

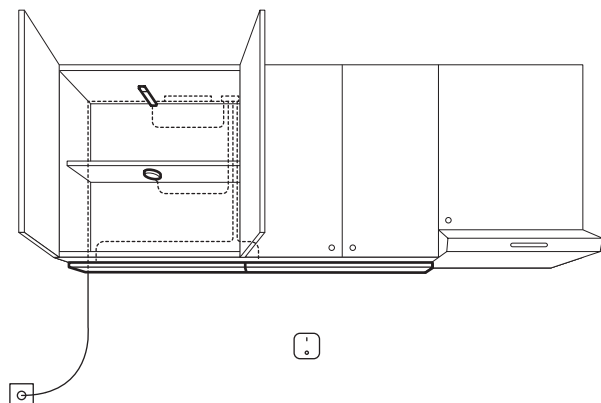

DIRIGERA hub

How to connect the MITTLED spotlight with other integrated lighting

With MITTLED, SKYDRAG and IRSTA:

You need to add a TRÅDFRI LED driver and a power supply cord.
Add an intermediate connection cord if you're using more than one driver.

To find the power consumption (W) for each product, see All parts and prices on page 10.

Drawer lighting

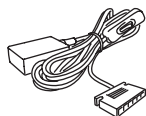

How to build

- Start by choosing all parts that you need.
- Add the ANSLUTA LED driver with cord 19W.
- You can connect up to 6 units to the LED driver, as long as the total wattage does not exceed 19W.
- The lighting strip has a motion sensor, so that the light turns on and off automatically as you open and close the drawer.

Basic parts

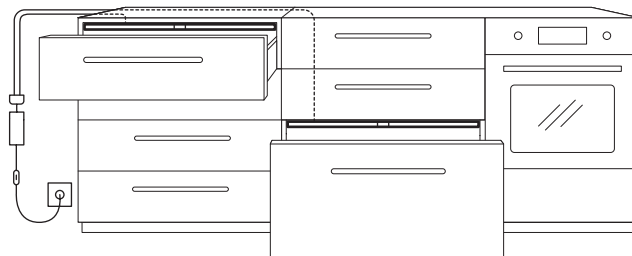

MITTLED LED lighting strip for drawers
Length: 36, 56 and 76 cm.
Perfect for your 40, 60 or 80 cm METOD cabinets with drawers.

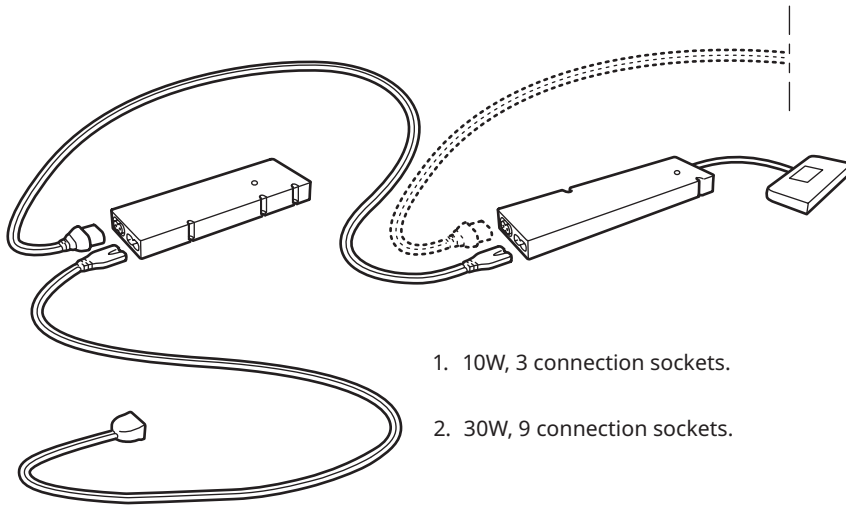

ANSLUTA LED driver with cord
Power: 19W.

How to connect

Buy a separate ANSLUTA 19W LED driver for your drawer lighting. It will be easier to install.

How to choose a LED driver

If you want to connect your kitchen lighting to IKEA Home smart

There are two TRÅDFRI LED drivers. Choose based on how many units you want to connect. You can connect up to 3 units to the 10 W LED driver, as long as the total wattage does not exceed 10 W. The 30 W LED driver can support up to 9 units, max. wattage 30W. You can connect up to 10 drivers in one installation cord. Flashing lights indicate that the maximum wattage of the LED driver is exceeded. If you want to use more than one LED driver, make sure to synchronise each LED driver with the RODRET

remote wireless dimmer, so that the entire combination can be dimmed at the same time. Make your kitchen lighting smart by adding the DIRIGERA hub. With the gateway, you can control your lights from the IKEA Home smart app and create a mood together with your other TRÅDFRI lighting. You will also be able to control your lighting via your voice assistant (for example Amazon Alexa, Apple HomeKit or Google Home).
