# Say hello to the BESTÅ storage system

The BESTÅ series offers stylish high-quality storage with the possibility to design and adapt a solution according to your own taste, space and needs. Versatile and easy to use, the BESTÅ storage system makes a good home for your TV, is great for storing items like toys and photo albums, can serve as a sideboard in your dining area, or as a display cabinet to showcase your most beloved objects.

Your BESTÅ solution can start as a simple unit with enough storage for a small space but can easily grow and adapt as your needs change - whether you are moving to a new home or your family is getting bigger.

Choose from one of our pre-designed combinations, start from a basic unit or create your own unique combination from scratch. You can show your style by choosing from a wide range of fronts in different colours and finishes. And make it truly your own with your choice of knobs, handles, top panels and legs.

Glass doors combined with integrated lighting give your favourite objects the attention they deserve.

A small thing can make a big difference. You can create different impressions depending on the leg you choose. A geometric leg adds a modern look, while a curved silhouette makes it more traditional.

Integrated lighting makes things easier to find, highlights your favourite objects and brings a cosy atmosphere to a room. Pro tip: With glass shelves, light can filter down to the bottom of the cabinet.

# TV benches

It's not only the TV that's smart! A BESTÅ TV bench combines contemporary good looks with practical function. You get lots of storage space and relief from cables that tend to get messy and gather dust.

# How to plan your BESTÅ combination

The BESTÅ storage system is a flexible and stylish solution to organise and display your things according to your taste, space and needs. You can choose from our many suggested combinations or create your own unique piece of furniture using the BESTÅ storage planner. You can also start here and now by following these four simple steps.

1 Choose your frames.

Wall-mounting information, see page 20

2 Choose functional interiors.

Complete the drawer frames with drawer runners, see page 26

3 Choose from a wide range of fronts.

Complete fronts with hinges, see page 28

4 Personalise your combination.

Add extra knobs, handles, legs or top panels, see page 40

# Frames

We have a wide selection of BESTÅ frames that serve as a base for your storage needs. Some are designed to stand on the floor while others can be wall-mounted. All TV bench frames have outlets for cables to keep them neat and organised. If you need more storage, you can simply add frames to your BESTÅ combination and create any shape or size you want.

## Good to know

This furniture must be fixed to the wall with the enclosed wall fastener if placed on the floor. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home, sold separately.

## Cable management

BESTÅ takes care of messy and ugly cables. Outlets at the back of the TV bench keep them out of sight but easy to access. The cut-out at the top provides free passage for cables, even if the TV bench is mounted on the wall.

## How to mount a frame on the wall

You will need a suspension rail to mount BESTÅ frames on a wall. The suspension rail works as a reinforcement and makes it both easier and safer to mount the BESTÅ frame to the wall. The rail screws into the wall studs and has many holes so there's always a hole over a stud.

You can easily hang several frames next to each other and align them at exactly the same height, thanks to the included connector.

Ensure that you have a minimum of 5 cm between the top of the frame and the ceiling. This is needed to be able to mount the frame to the suspension rail.

**BESTÅ Suspension rail**, silver-colour. 60 cm wide frames require 1 BESTÅ suspension rail. 120 cm wide frames require 2 BESTÅ suspension rails. The suspension rail cannot be used with BESTÅ TV benches. BESTÅ suspension rail is included in all wall-mounted combinations.

# Functional interiors

Make the inside work for you. Shelves, drawers and drawer runners help you to customise your BESTÅ combination perfectly according to what you need to store – from the smallest collectibles or memorabilia to larger games or toys.

## Shelves

Shelves come in two depths and three colours, so you can colour coordinate them with your frames. We have glass shelves, too. You can adjust the height of your shelves to suit your needs.

**BESTÅ Shelf**, W56×D16 cm. Fits BESTÅ frames, 20 cm deep. Max load 13 kg. Max load on glass shelf 5 kg.

## Drawer runners

**Push-open.** The drawer runners have integrated push openers, so you don't need handles or knobs and can open the door with just a light push.

2-pack	104.883.16	<b>€950</b>
--------	------------	-------------

### Good to know

The push-open function requires a space between the frame and the drawer front to allow the drawer to be pushed to open. The small gap is necessary to allow this function and is not a product deviation.

**Soft-closing.** The drawer runners make the drawer close silently and softly. To be completed with knobs or handles.

2-pack	203.487.16	<b>€650</b>
--------	------------	-------------

### Good to know

If you choose the soft closing function for your BESTÅ, we recommend complementing the fronts with knobs/handles to make the drawers more convenient to open.

Don't want handles or knobs? Then we recommend you choose drawer runners with a push-open function, which opens the drawers with just a light push.

Prefer knobs or handles? Then we recommend you choose the soft-closing drawer runners. These work best with knobs or handles and make the drawers close slowly, silently and softly.

# 1 2 3 4 Doors and drawers fronts

Find your style! There's a wide selection of doors and drawer fronts to choose from, whichever look you're going for. Structured fronts with grooves or raised centre panels give your storage a traditional look, while minimalist fronts in high-gloss finishes add a modern touch. All can be complemented with your choice of knobs or handles.

## Mounting information

## Top panels

A top panel helps you create a uniform look by hiding the joint between two connected frames and it protects the top of your BESTÅ solution. A simple change of panel is also an easy way to change the style.

**BESTÅ top panel.**

**Oak veneer**

120×42 cm	804.729.20	<b>€2,500</b>
180×42 cm	404.729.22	<b>€3,000</b>

120×40 cm	104.963.21	<b>€1,500</b>
180×40 cm	704.963.18	<b>€1,800</b>

**Good to know**

Tempered glass should be handled with care. A damaged edge or scratched surface can cause the glass to suddenly crack and/or break. Avoid collisions from the side – this is where the glass is most vulnerable.

A top panel made from natural wood veneer gives your storage a warm and natural feel.

## Legs

Take your storage to greater heights. Legs lift your BESTÅ combination off the floor, giving it a light and airy look. They can also enhance the style you are going for. For example, legs with curved silhouettes strengthen the look of a traditional-style storage solution, while geometric and minimalist legs add a modern touch.

With your choice of legs, you can enhance your BESTÅ combination so it matches your taste and style of furniture in the room.

# Boxes and dividers

## Keeping it tidy and stylish, inside and out

Using boxes, baskets and drawer dividers keeps your BESTÅ combination tidy, adds style and makes it easy to find your things. BESTÅ boxes fit perfectly in BESTÅ storage solutions, and have cut-out handles that make them very easy to lift out.

KUGGIS and TJENA boxes come with lids and help you store everything from pens, papers and desk acces-

sories to gaming equipment and cables. They come in different sizes and are designed to stack on top of each other.

Boxes and baskets made from natural materials like bamboo, seagrass and rattan are wonderful to use in open storage. They add a warm and rustic feel to a room, while keeping your things organised.

# Lighting

## Make your BESTÅ combination shine

Good lighting makes life easier and helps set the right mood. It highlights your favourite pictures and objects and creates a cosy atmosphere in a room. And of course, lighting makes finding things easier – whether on shelves or inside cabinets.

TRÅDFRI LED driver makes your integrated lighting smarter – you can wirelessly turn it off, turn it on or dim it with TRÅDFRI remote control and TRÅDFRI gateway. When connected to the gateway, you can control your lighting via the IKEA Home Smart app – through your phone, or a virtual assistant like Apple HomeKit, Amazon Alexa or Google Home.

## Inside the cabinet

If you want to place lighting inside your BESTÅ combination, choose MYRVARV LED lighting strip 55 cm.

**MYRVARV LED flexible lighting strip.** Suitable for use in confined spaces, such as cabinets, bookshelves and closets, as the LED light source only emits low heat. If you connect the lighting strip to TRÅDFRI driver, FÖRNIMMA power supply cord and TRÅDFRI wireless dimmer you can easily turn on, turn off and dim your lighting as needed. Add the TRÅDFRI gateway and IKEA Home smart app for control through Amazon Alexa, Apple HomeKit or Google Home.

## For drawers

The best solution is STÖTTA LED lighting strip (32 or 52 cm). It will nicely illuminate the things you have inside and it is battery operated.

**STÖTTA LED lighting strip,** battery-operated, white. The light switches on and off automatically when you open or close the drawer, so no energy is wasted. Batteries are sold separately; 4 pcs AA required. IKEA recommends LADDA rechargeable batteries.

**TRÅDFRI LED driver for wireless control,** 10W or 30W, grey. These drivers make your lighting products smart and give the possibility to wirelessly dim them. You can connect up to 10 TRÅDFRI LED drivers in one installation.

10W	503.561.92	<b>¥990</b>
30W	003.426.59	<b>¥1,690</b>

**TRÅDFRI wireless dimmer.** With TRÅDFRI wireless dimmer you can dim your lightning without a wired-in installation. Battery is included and lasts approx. 2 years.

# Say hello to the BESTÅ storage system

By using the BESTÅ storage planner, you can customise one of the pre-designed BESTÅ combinations or create one that is all your own! The planner allows you to play around with frames, doors, shelves, knobs, colours, etc. to create the perfect storage and media solution that fit your specific needs and taste. When you are ready with your BESTÅ combination, the planner helps you to calculate the price and allows you to print or save list of products that you can bring to your IKEA store or use to buy the products online.

In the BESTÅ area of the IKEA store you will find planning stations where you can use the BESTÅ storage planner. Or visit the Livingroom department of [www.IKEA.ph](http://www.IKEA.ph) and go to the BESTÅ storage planner online.

# Want this buying guide on your phone, tablet or computer?

Access the digital version at [IKEA.ph](http://IKEA.ph).

You'll have interactive access to our products, so you can search, compare, plan, save favourites and make purchases at your pace, all in one place.

# You can do it all yourself. But you don't have to.

Sometimes a little help is all you need to turn a dream into reality. Which is why we offer a wide range of services to help you along the way.

Maybe you just need a little help, or perhaps someone to do the whole job for you. Either way, we're here to help, and are happy to put together a service package that's just right for you. Of course, the more you do yourself, the lower the price will be. And the more you ask us to do for you, the more you can sit back and relax.

For more details about our services, talk to a co-worker at the IKEA store or visit us at [IKEA.ph/services](http://IKEA.ph/services).

Here are some of the services in your local store, if you need an extra hand.

**Picking with delivery** - We collect the items on your shopping list and deliver.

**Assembly** - Our service provider can assemble your products and take away the packaging.

**Delivery** - We can deliver your furniture direct to your home or business. We don't just stop at your front door - we take it to whatever room you want. You choose the date and time.
