Live more outdoors

Dreaming of a nap in the sun? A refreshing snack with friends? A moment alone in the shade? Your dream is waiting at home, in whatever size space you have. With your imagination and our wide outdoor range, your dream is covered, whether it's about dining, lounging, cooking, gardening, storing or having laundry help. Let's see what your outdoors can do.

Serve up fun

There's something memorable about being outdoors while cooking a meal and spending time together. It's like food tastes better in the sunshine. Maybe it's being closer to nature — we're not sure. But we are sure that from dining tables and chairs to barbecues and gardening stuff, we have all you need to enjoy cooking and eating outdoors. Plus, it's all under one roof, whether you'll put it under a roof or not!

Take it easy

When you're outdoors, it's easier to slow down and practise the art of doing nothing. Whether you're on your balcony, at the beach or in your garden, you can make the outdoors all yours. From modular sofas, hammocks and sun loungers to parasols, gazebos, lights, textiles and everything in between, we have what you want in styles you'll love for an outdoor oasis you won't want to leave.

How to furnish your outdoor space

You'll be spending time in your great outdoors in no time! Get started exploring the possibilities with these general tips. The next page has specific info for smaller and larger spaces. Remember the furniture and pieces we're talking about are those designed for outdoor use – and they're all in this buying guide. Sketch a floorplan with dimensions as a handy tool to figure out what fits. Then follow our helpful hints:

Save time and space

If you use your space occasionally or if you want a nice space without investing much time and energy: Choose lightweight, stackable or foldable pieces that are easy to bring indoors. Protect them with water-proof covers if you can't store indoors.

Plants and flowers

Plants and flowers ring nature closer to you. Artificial plants have the same effect if the weather (or your desire) isn't growing friendly.

Rugs and flooring

Rugs and flooring can change your space's look. They help make whatever "ground" you have more comfortable and your space easier to clean.

Lighting

Lighting encourages being outdoors as much as possible in dark nights and seasons. It adds ambience and looks nice even when you're indoors.

Cushions

Cushions show off your personality. Mix and match colours, sizes and patterns on sofas and chairs for decorative touches and soft, supportive padding. Protect them in storage bags/box when not in use.

Follow your style

Extend your indoor style to your outdoors. This creates a strong visual and emotional connection.

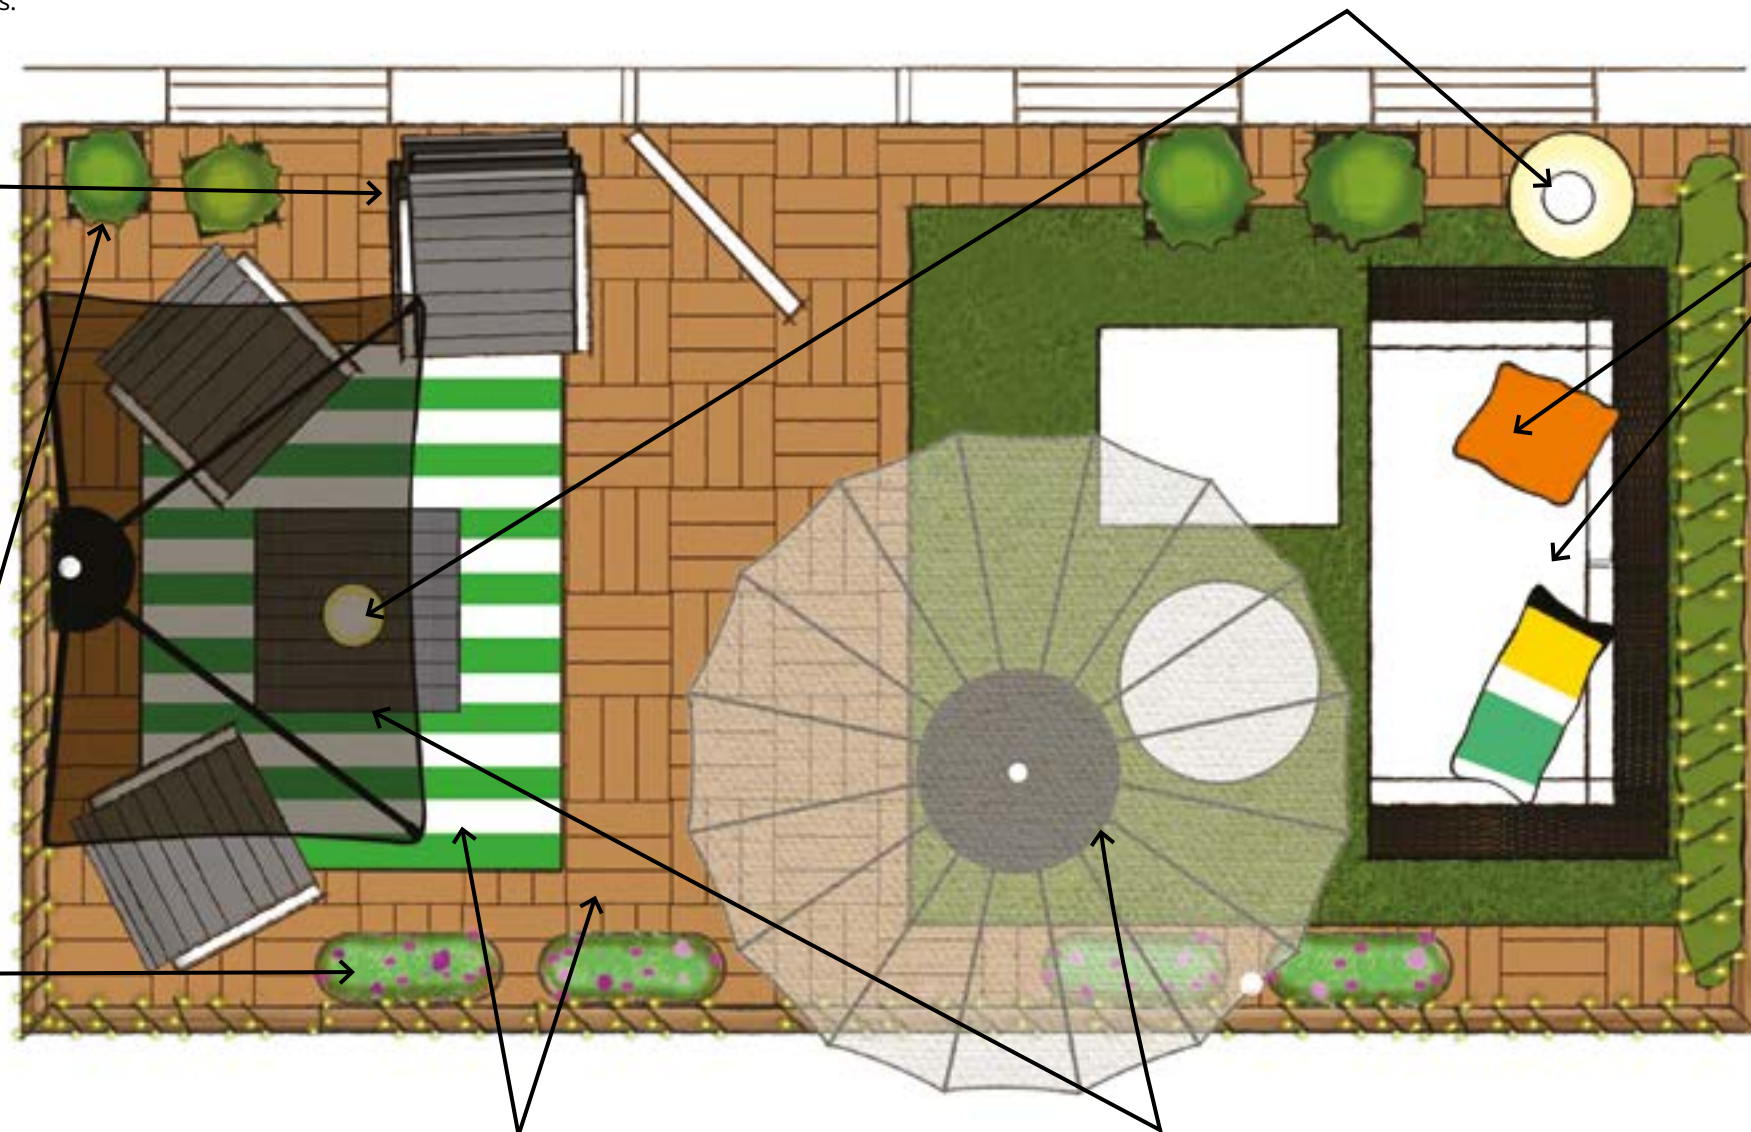

Material matters

Material choice is tied to likes, wants and needs. If you like wood, remember it needs some maintenance every now and then. Plastic, steel and aluminium are easy-care options.

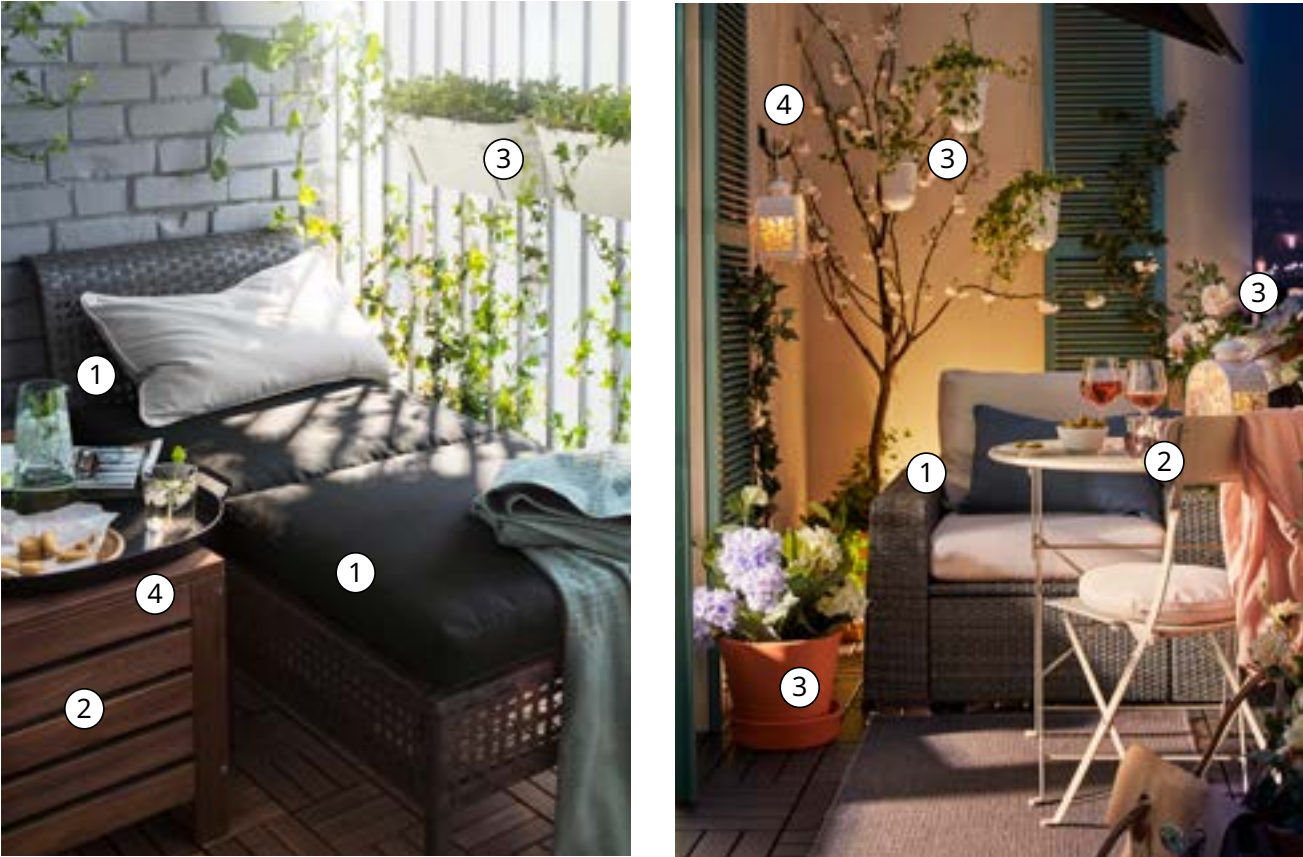

If your space is exposed to lots of sun or moisture: Protect your furniture as much as possible. This is especially true for wood but also applies to steel, plastic and aluminium – even though these materials better withstand sun and moisture. Regardless of material, protecting furniture helps it last longer.

Shade and protection

If you need shade/protection from ultraviolet rays or if you want privacy: Look for parasols, canopies, nets, gazebos or privacy screens to suit your needs.

How to furnish a smaller space

No outdoor space is too small for watching the clouds come and go. The most important smaller space furnishing advice is ask yourself what you like to do. How about nap, read a book, exercise, eat, hang out?

Which of these can you – and would you love to – do in your smaller space?

1. **Enjoy me-time or socialise a bit**
Your favourite comfy seating is key – armchair, small sofa, reclining chair, hammock? Once you're covered, add options for guests like foldable chairs, stackable stools and pouffes. With a modular one-seat section and stool, you get a chaise longue that doubles as separate seats for you and a friend whenever needed.

2. **Savour your meals**
Start with a two-seat dining set. If you don't have room for a set, buy individually. A stool side table or even a storage bench works if you just want a spot for a snack or drink.

3. **Embrace your hobbies and must-dos**
Plant stands, trellises or hangable pots/boxes are gardening heroes. For yoga, exercise or must-dos (like laundry), free up room with pieces you can move or take indoors. A foldable drying rack is easy to put away, so you can be outdoors when it's not chore time.

4. **Store your necessities**
If you can fit a storage bench, you'll get seating (and a side table), too. Boxes, hooks, shelving units and cabinets are also good helpers to keep things outdoors like laundry pegs and hangers.

All the above!

If you can dream it, you can do it. Prioritise what you do (or want to do) the most. Creating space for your favourite activity means you're more likely to truly use your outdoors as part of your home.

How to furnish a larger space

In a larger outdoor space, there are many possibilities. To help narrow your options, think about your favourite indoor spot. What makes it cosy and functional? Repeat as much as you can outdoors!

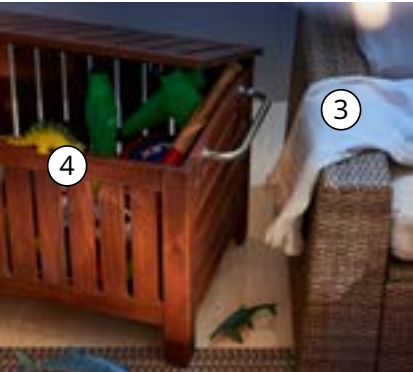

For a larger outdoor space as comfy as your most-loved indoor space:

1. **Set up the centrepiece**
Choose and position your largest furniture first – like a modular sofa or dining table. This way you know it fits. Then work around it as a focal point.

2. **Create activity zones**
Arrange pieces into areas based on relaxing, dining, cooking, playing, etc. To enhance the room-within-a-room feel, use rugs, flooring, lighting, privacy screens and gazebos.

3. **Make everyone feel at home**
Give your family and your guests options. Think lots of seating, cushions and places to put their things. Remember children have their own needs, too.

4. **Keep things close**
Spend less time running back indoors. Shelving units, storage benches, cabinets, boxes and hooks can conveniently hold serveware, cushions, toys and more.

Outdoor dining

Create a dining recipe

Nightly treats on the balcony. Weekend brunches on the patio. With an outdoor dining solution, you always have an open table with good views and great company. We have tables, chairs, benches and stools that will fit your needs and dreams in any size or type of outdoor space. You can get the look you want and the level of maintenance you desire, too, since we offer lots of styles, colours and materials. No matter what you choose, your outdoor meals will surely include some greens!

Meet our favourites

Ready to dive into the world of outdoor dining furniture, but don't know where to start? We've collected some of our favourite families here, so you can get an overview of their looks and benefits. Then you can learn more about functions, sizes, materials, colours and prices on the following pages to create the dining combination that's right for you.

ÄPPLARÖ is made from durable, sustainably sourced acacia and has options for all spaces like foldable pieces for small balconies and extendable tables for large yards. We have a little extra love for ÄPPLARÖ – just don't tell the other outdoor furniture! Why? It's our biggest series that can do it all from dining and cooking to lounging and storing. For seating, there are foldable chairs and stools, armchairs, reclining chairs, sun loungers, benches, bar stools and modular sofas. Tables come in different functions and sizes like gateleg, drop-leaf, square, bar and ones designed for

balcony walls. There's a trolley, storage bench and a wall panel, too, so you can prep and serve food and keep everything tidy and organised. If you're lost in a sea of outdoor choices, we think ÄPPLARÖ is a pretty good start – especially since you can always add more pieces if your needs and dreams change.

SJÄLLAND has high personalisation and low maintenance with durable options in eucalyptus, aluminium and glass. It has two sizes to fit larger and smaller spaces.

ASKHOLMEN is made of durable, sustainably sourced hardwood acacia stained light-brown for beauty and added protection. It has foldable pieces to suit small balconies, too.

TÄRNÖ is foldable, durable and lovable with its mix of durable, sustainably sourced hardwood acacia and powder coated steel. The wood is stained grey-brown for beauty and added protection.

SALTHOLMEN is a foldable favourite for busy small balconies. Made of durable, maintenance-free powder-coated steel, it comes pre-assembled for instant enjoyment.

FALHOLMEN is made of durable, sustainably sourced hardwood acacia stained grey-brown for beauty and added protection. The chair can be stacked, which helps you save space.

LÄCKÖ is inspired by traditional wrought-iron garden furniture. Made of powder-coated steel or plastic rattan, all pieces are maintenance-free and easy to care for.

VÄDDÖ is a space-saving dream with pieces that stack or fold. Durable and maintenance-free, it is made of powder-coated steel and plastic that's slatted for a wooden look.

 Many of our outdoor furniture pieces are made of maintenance-free materials; these are marked with an easy-care symbol. To read more about how to take care of your outdoor furniture, see pg. 116.

Dine under the moon and stars

Dining outdoors encourages you to go with the flow of nature. When the days get shorter, brighten up your dining area with lights. Hang bulbs over the table and instead of formal place settings, take a more simple approach with crockery, cutlery and glasses. And try mixing up a refreshing fruit drink that you can serve in a jar. Add some green notes of summer, it does wonders.

Children's outdoor furniture

Play all day

From hosting tea parties to racing airplanes, the outdoors are made for hours of doing, exploring, smiling and laughing. That's why we design and make easy-to-care-for outdoor furniture sized for children, too – from chairs, stools and tables to an easy chair, beanbag and picnic table. Most pieces are even created for indoor and outdoor use, and the plastic ones are lightweight so children can carry them without your help. Just clean them off and bring them back indoors when the outdoor fun is done!

Outdoor lounging and relaxing

Recharge your batteries

Picture your living room. Now imagine it outdoors. Whether that's a balcony, backyard or some sand at the beach, you can create a spot to chill out and recharge. With our wide variety of modular sofas and other seating, you'll find the right fit. For comfort, style and to really make your outdoor space feel like home, there are tables and cosy cushions. Before you get too comfy, just browse, dream and do!

Find your outdoor modular sofa style

How do you like to lounge? Are you a cosy snuggler on a two-seat sofa? A lay-down, spread-out relaxer on a sprawling sofa with a footstool? What size is your outdoor space? With a modular sofa, you can create a custom combination to suit your relaxation style and your lounging area. Plus, you can add sections later or easily disconnect and rearrange.

We offer three series of fully modular outdoor sofas; SOLLERÖN, KUNGSHOLMEN and ÄPPLARÖ. With flexible HAVSTEN you can create an armchair, 2-seat sofa, 3-seat sofa or a sofa just as long as you like.

SOLLERÖN is made from easy-care, durable plastic rattan with same expression and feeling as natural rattan. Practical storage space under the seat. See more on pg. 40.

ÄPPLARÖ is made from durable solid acacia, a dark hardwood. Pre-treated with layers of stain, the wood needs a little care now and then for a long lifetime. See more on pg. 46.

KUNGSHOLMEN also uses easy-care, durable plastic rattan and rustproof aluminium with an airy weaving pattern in black-brown. See more on pg. 52.

HAVSTEN is flexible and durable with an airy frame of powder-coated steel tubes and plastic mesh seats. Easy to move, its comfy cushions and modern base are easy to care for, too. See more on pg. 58.

SOLLERÖN modular sofa

SOLLERÖN is made from easy-care, durable plastic rattan with same expression and feeling as natural rattan. Storage under the seat with space for decorative cushions and throws. To protect them from dust and dirt use TOSTERÖ storage bag 62×62 cm that fits perfect in the storage space under the seat.

HAVSTEN sofa

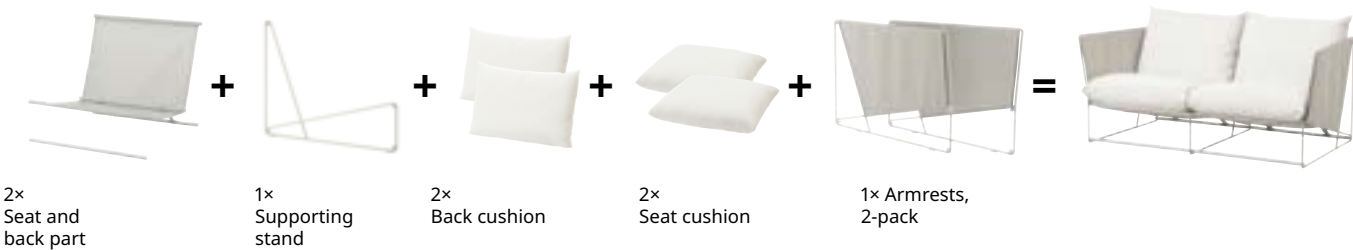

HAVSTEN is flexible and durable with an airy frame of powder-coated steel tubes and plastic mesh seats. Easy to move, its comfy cushions and modern base are easy to care for, too.

Hang out your way with flexible HAVSTEN

HAVSTEN sofa is comfortable, durable and flexible to suit you – and what you love to do. It's easy to move around thanks to its airy frame made of lightweight, sturdy powder-coated steel tubes. And it's easy to lounge in and care for because its plastic mesh seats are topped with fluffy cushions that resist sunlight and light rain. Whether an outdoor armchair is all you need or you want bigger than a 4-seat sofa, you can make it happen with HAVSTEN.

To make HAVSTEN really flexible, we completely separated its parts. But that makes it a little bit different. Although you build HAVSTEN based on sections, each one-seat section consists of parts you buy and pick separately. The seat and back are one part. The armrest sides are one part. As you add on one-seat sections, you will need supporting stands. One thing's the same. We've still made it as easy as possible to buy with our ready-made combinations. If you want bigger than a 4-seat sofa, look for add-on units.

Winner of the Red Dot Award 2017

HAVSTEN sofa has been awarded one of the world's finest design awards – Red Dot Design Award – in the category for product design. The prized sofa was designed to be truly flexible – easy to move around and use to furnish in different ways. It's made in powder coated steel with fluffy, comfortable cushions that resist both broiling sunlight and light rain, and has detachable parts and materials so you can create your own favourite sofa under the open skies.

Outdoor armchairs, sofas, tables and pouffe

Lounge with ease

Why limit your living space? You can easily create a lounge-worthy hangout outdoors, too. Start with seating like modular or solitaire sofas, armchairs and pouffe or two. Add in a coffee table or a side table, so you (and your guests) have a place to set food and drinks. Then take a break from indoor life and take that book, board game, smart phone or snack into the great outdoors.

Outdoor comfort cushions

Stay a while

Make yourself comfortable for long naps and even longer meals with our thick, padded cushions. In a variety of colours, they add an extra splash of style to your outdoor seating. Many have fade-resistant colour – thanks to how they're dyed – and are water-repellent, so you can shake off the water after a light, passing rain shower. Most of them have longer lives because you can flip and use both sides. Their ties and/or straps keep the chair cushions and pads firmly in place on the chair, too. And many cushions have removable, machine-washable covers for easy cleaning of melted ice cream.

FRÖSÖN/DUVHOLMEN

FRÖSÖN cushion covers are sold separately from DUVHOLMEN inner cushions. Why? To make life better, of course! You can change up your outdoor look just by changing the cover. It'll take some time for its colour to fade because we dye the yarn in a way that makes colour last longer – and uses less water. You won't slide around on your seat either thanks to straps that keep the cushion in place.

You can shake off water from a light rain because **FRÖSÖN** is water re-pellent without the use of perfluorinated chemicals. If the cover's dirty,

just machine wash it. And you can relax completely knowing we make the cover from recycled PET bottles, which reduces the use of new raw materials and lowers its environmental footprint.

FRÖSÖN cushion covers: 100% polyester, machine-washable.
DUVHOLMEN inner cushions: Filling; polyester wadding/polyurethane foam. Do not wash.

KUDDARNA

KUDDARNA chair cushions, seat/back cushions and back cushions add a traditional look to outdoor seating and have ties to stay firmly in place. They all have longer lives, since they can be turned over and used on both sides. Their fade-resistant fabric is dyed in a more sustainable way that also makes the colour last longer in the sun, too. This dope-dyeing process reduces consumption of water and dyestuff while

improving colour fastness compared to traditional dyeing techniques. The seat cushion has a removable, machine washable cover with anti-slip dots on the underside that keep the cushion in place.

Decorative cushions and throws

Enhance your style

Show off your personality and get just-right extra padding. Whether you're after a subtle touch of colour, an impactful pop or an eye-catching pattern, we have plenty of outdoor decorative cushions to choose from. We design them for the outdoors, so most are fade resistant from a dope-dyeing process that's more friendly to the environment. And most are water repellent, too – just shake off the water after a light, passing rain shower. To keep them clean and protected when they're not in use, we recommend TOSTERÖ storage bags and storage box.

In/outdoor cushions

These cushions are designed for the outdoors. So you can just shake off water from a light rain, as the cushion cover is water repellent. And the colour stays fresh

for longer as the fabric is fade resistant. You can use them indoors as well.

SÖTHOLMEN cushion cover, 50×50 cm. The inner cushion is protected against moisture, since the cover has a water repellent lining. The colour stays fresh for longer as the fabric is fade resistant. Cushion cover: 100% polypropylene. Lining: 100% polyester. Machine-washable. Fits cushion pads 50×50 cm. To be completed with INNER cushion pad 50×50 cm, when used outdoors.

How to mix and match with cushions

Want to make your outdoor sofa as cosy and stylish as your indoor sofa? Create a cushion combo! Here's one way to do it that's as easy as 1, 2, 3 with our range of in/

outdoor cushions. They're designed to coordinate, so it's simple to group them together.

1. Start by choosing a base of comfort seat and back cushions in your favourite neutral colour. These are thick, padded, bigger cushions with covers like FRÖSÖN on pg. XX.
2. Add a solid colour or two – maybe a pop of orange or a calmer accent. SÖTHOLMEN and GULLINGEN covers have coordinating colours (and nice details, too).
3. Pick a pattern like stripes, buttons or abstracts. Look for decorative cushions like FESTHOLMEN, FUNKÖN or others on the facing page. Now take a seat and relax!
- 4.

Helpful hints:

We're talking mainly covers here. You'll need the corresponding inner cushions or pads, too. If you're feeling adventurous or fall in love with a pattern first, reverse the order of the steps.

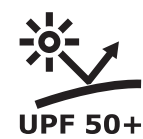

Gazebos, parasols, canopy and privacy screens

Add shade and privacy

Enjoying life outdoors means being exposed to all of nature's pros and cons – not to mention neighbours or city life in general. Gazebos and parasols help shield you from the elements and provide ultraviolet (UV) protection. Some of our parasols are water repellent, so you're protected against a light, passing rain shower. You can even complement a gazebo with a LAPPÖN net or use the curtains on KARLSÖ gazebo for an extra cosy atmosphere. Privacy screens help keep eyes away to give you more peace of mind.

All our parasols and gazebos have polyester fabric with UV protection. Here's what our different sun protection scales mean:

Excellent protection 50+ fabric has a UPF (Ultraviolet Protection Factor) rating of 50+, which means it blocks 98% of the ultraviolet radiation.

Very good protection 25+ fabric has a UPF (Ultraviolet Protection Factor) rating of 25+, which means it blocks 96% of the ultraviolet radiation.

Good protection 15+ has a UPF (Ultraviolet Protection Factor) rating of 15+, which means it blocks 93% of the ultraviolet radiation.

For easier care and longer life

To make a parasol canopy that could be cleaned in the washing machine, we took one apart! KUGGÖ and OXNÖ parasol frames consist of the pole and the canopy's ribs. They can tilt, too. LINDÖJA parasol canopy easily fits onto KUGGÖ and OXNÖ parasol frames. The detachable canopy comes in beige, black or dark blue, so you can change up the parasol's look. Add a base for stability, and you're ready for lazy days in the shade.

Outdoor lighting

Light a cosy night

Just because the sun goes down doesn't mean the fun has to stop! Turn on the lights wherever you are and set the mood you want with outdoor lighting. We have lamps — pendant, table, floor — lighting chains and lanterns. Almost all of our SOLVINDEN lighting uses solar cells to transform sunlight into electricity, so they won't add to your bills and don't use untidy cables and plugs. For those chilly nights that need an extra dose of cosy, BROKÖ fire basket will warm things up.

Outdoor flooring and rugs

Transform your space

If you've ever unrolled a new rug or redone your indoor flooring, you know the difference it can make. The same goes for your outdoor space. Instantly upgrade your balcony, section off an area for dining or give your feet a break from the heat with outdoor rugs, RUNNEN or ALTAPPEN floor decking. In a variety of sizes, bold patterns and neutral colours, there's a rug to suit your style. RUNNEN and ALTAPPEN are easy to install and they both click together, although not with each other. Choose one colour of RUNNEN, mix and match different colours of RUNNEN or even go for artificial grass. With ALTAPPEN you can also combine and mix the different colours – it's all up to you.

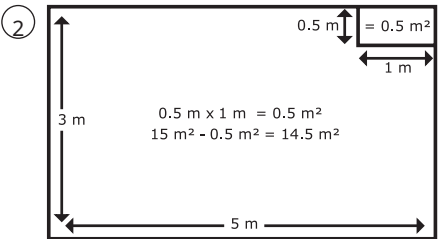

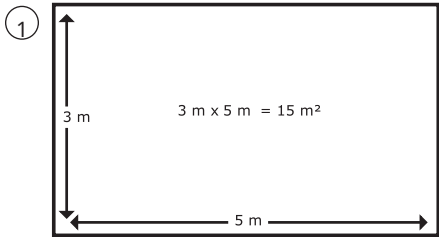

Outdoor flooring

Calculate how many packages you need:

To calculate your outdoor area, multiply the length by the width.
Example: Width 3 m×5 m = 15 m²

Calculate any areas to be subtracted from the total area, e.g. for pillars or corners.
Example:
Corner width 0.5 m × length 1.0 m = 0.5 m²
15 m² – 0.5 m² = 14.5 m²

Divide the sum by 0.81 and round up (to ensure enough floor decking):
Example:
14.5 m² ÷ 0.81 = 17.90
Rounded up to 18 packages.

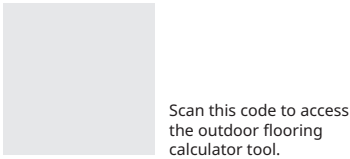

RUNNEN and ALTAPPEN floor decking can be cut to fit it around a corner or a pole.

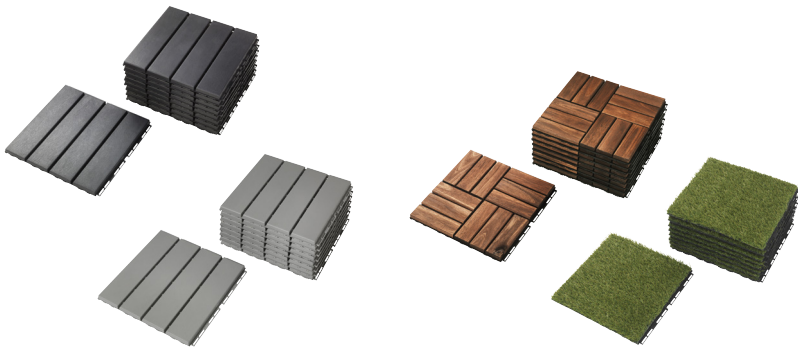

Here is a guide with ready-made calculations:

Size of area	Number of packages	Total price RUNNEN brown stained	Total price RUNNEN grey or dark grey	Total price RUNNEN artificial grass
2 m ²	3 packages	SR 285	SR 277	SR 525
5 m ²	7 packages	SR 665	SR 553	SR 1225

Outdoor cooking

Turn up the heat

Veg. Fish. Pineapple. What's today's special? Get cooking outdoors with a barbecue that's right for you. KLASEN barbecue has smart features like a built-in thermometer, high-grade stainless steel cooking grate, a pull-out ash tray/grease cup and heat-insulated handles. For easier storing, prepping and serving, add in a trolley or storage unit. TOSTERÖ barbecue cover keeps either free of dirt, dust and pollen. And portable KORPÖN charcoal barbecues are great for bringing to parks, beaches and other places.

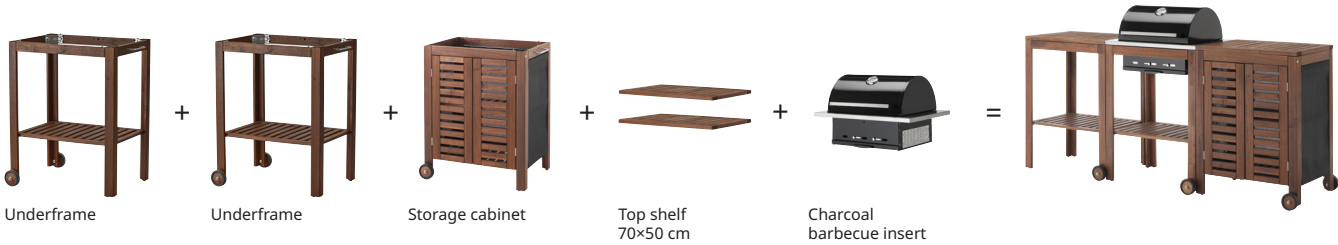

Go classic with charcoal

A charcoal barbecue provides extra smoky flavour loaded with that tradition feel. Using charcoal or briquettes, you can create a hot zone for direct cooking and a cooler zone for indirect cooking. You can even bake, use a wok or cook pizza. In general, charcoal barbecues can reach higher temperatures than gas but take longer to reach cooking temperature. We recommend that after

lighting you wait 30-40 minutes — or until the coals are covered with grey ash — before putting on your food. You can regulate the overall temperature using the vent on the hood and on the front of the barbecue. When you're done, put out the coals by closing the hood and vent.

Good to know

1. The built-in thermometer on the hood helps you check the temperature during grilling — without having to lift the hood.

2. To get the desired grill temperature you can regulate the air flow by adjusting the stainless steel vent on the hood and on the front of the barbecue.

3. The cooking grate is durable and rustproof, as it is made of high-grade stainless steel.

4. Heat-insulated handle in stainless steel.
5. The ash tray can be pulled out, so it's easy to empty the ashes once you have finished grilling.

6. The bottom shelf is made of stainless steel, so you can also use it as a durable utility surface to put hot barbecue accessories.

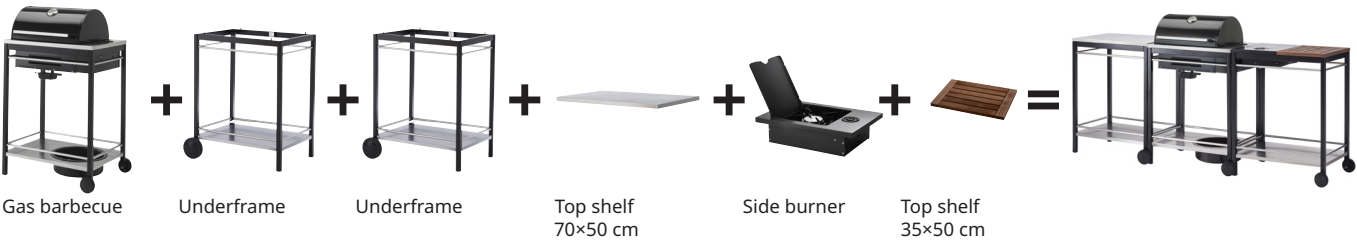

Grill fast with gas

A gas barbecue gets up to running temperature quickly, and you can precisely control the temperature while you cook. Make sure there's gas in the cylinder, press a button and in about 10 minutes you're good to go! Eventhough gas gives off less smoke than charcoal, you

still get delicious barbecue flavour thanks to vapourizer bars that turn juices into smoke. And when you're done cooking, just run the burners on high for 5 minutes to burn off cooking residue and make cleaning easier.

Good to know

- 1. The built-in thermometer on the hood helps you check the temperature during grilling — without having to lift the hood.
- 2. The cooking grate is durable and rustproof, as it is made of high-grade stainless steel.
- 3. No need to use matches or a lighter as the two stainless steel burners ignite by just pushing in and turning the knobs. This makes it easy for you to control heat and cooking time and cook with more precision.
- 4. The two vaporizer bars under the cooking grate catch meat juices and convert them into smoke to give your food that special grilled flavour.
- 5. Heat-insulated handles in stainless steel.
- 6. The grease cup can be pulled out and is therefore easy to clean.

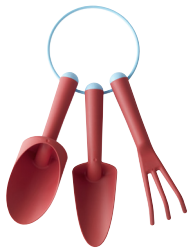

Gardening

Grow your own

Plants make people happy and improves your general well-being. From a small window to a big backyard, you can grow plants anywhere. We have lots of pots to choose from, including several made for indoor and outdoor use. Necessities like gardening tools and spray bottles help you tend to your garden – and greenhouses, plant stands, trellises and more can maximise your growing area. If you want greenery that's as effortless as can be, fake it with our lifelike FEJKA artificial plants and flowers that last and last. When you're ready to get growing, remember patience is part of the process, too.

Outdoor storage and organising

Contain the clutter

Make more room to enjoy the outdoors. To hold anything from cushions and dishes to toys and sports equipment, little additions like hooks or a box can have as much of an impact as larger shelving units, cabinets, storage benches and trolleys. Open shelving units keep things readily accessible, while closed cabinets, storage benches (that double as seating) and TOSTERÖ storage bags and box shield stuff from the elements. Storage can't hold the nice weather, but it can help you spend more time having fun.

Outdoor laundry

Hang dry, hang out

Chances are, you would rather be relaxing, but sometimes your outdoor area is for laundry duty, too. When that's the case, maximise your space! Whether you need an extra wide drying rack or one that folds up flat, we have different sizes and shapes to suit your needs. With baskets and hangers, your outdoor space can turn into a one-stop drying spot. Outdoor drying is gentle on clothes and textiles, which helps them last longer. Thanks to the wind and sun, your electric bills are lower, too.

Maintenance

Easy-care furniture materials

Aluminium, plastic, plastic rattan and steel are maintenance-free outdoor furniture materials. Just make sure to keep the pieces clean with a mild soapy solution. Cover or store them away at the end of the season in a cool, dry place like a garage, carport or basement – especially plastic and plastic rattan pieces that can crack in freezing temperatures.

Little-extra-care furniture materials

Acacia, eucalyptus and other solid woods usually require a little care from time to time. Clean with a mild soapy solution, cover them when not in use and at the season's end, cover or store them away in a cool, dry place indoors. All our wooden outdoor furniture is pre-treated with stain or paint. We recommend re-staining to prevent cracking and extend its lifetime. How often you re-stain depends on location, usage and exposure to the elements. For example, furniture in open air needs re-staining when rain drops are absorbed instead of forming small beads. If painted furniture begins to flake or look worn, repaint or touch up with paint for outdoor use.

Care for parasols

Fold your parasol when not in use, so it will be sturdier against wind. Parasols typically need a thorough cleaning only once a year. Follow the wash label. We recommend protection from dirt, dust, pollen and rain with a cover like TOSTERÖ and storing it in a cool, dry place indoors. Ensure it is completely dry before covering.

Care for gazebos

Always remove the gazebo roof in windy conditions or heavy rain. Clean your gazebo regularly, both outside and inside. Follow the wash label. Regularly re-stain a wooden gazebo frame to prevent cracks. A steel frame is easier to care for; simply clean with a mild soapy solution. Before storing a gazebo at the season's end, clean the fabric and let it dry thoroughly. Store the gazebo in a cool, dry place indoors. TOSTERÖ storage bags or box can be used for the gazebo roof and curtains.

Care for cushions and pads

To extend the life of your outdoor cushions and pads, clean them regularly. Follow the wash label. We recommend storing them away when not in use, preferably in a cool, dry place indoors. TOSTERÖ storage bags and box helps keep them in shape. Ensure the cushions are completely dry before you close the bag or box.

Protect your outdoor pieces

With a little help from you, your outdoor furniture can have an extended life. In general, clean outdoor furniture regularly and avoid leaving it outdoors unprotected more than necessary. If possible, use a water-proof cover like TOSTERÖ and store in a cool, dry place indoors when the season is over.

Made outdoor strong

When you're spending time outdoors, we want you to daydream, chit-chat, cat nap and savour delicious flavours. We don't want you to worry about the quality of your outdoor furniture. We've done all the thinking and researching for you, so your pieces will have long lifetimes. From choosing durable materials and adding extra protection against the elements, we treat every outdoor piece like we were bringing it home — in every kind of weather! Read more about our outdoor materials below.

Textiles and rain

All metal used in our outdoor furniture withstands rain, snow, low and high temperatures. Lightweight aluminium is a very durable, rustproof material even without any additional treatment. Steel is durable and protected against rust by a powder-coating of paint. Galvanised steel is coated in zinc for protection against rust, and we apply a powder-coating of paint, too.

Plastics

All our plastic and plastic rattan outdoor furniture will look fresh and new for longer because it is both UV stabilised and fade resistant. Plastic and hand-woven plastic rattan are durable and withstand rain, snow, low and high temperatures. In freezing temperatures, they can weaken and are not recommended for use.

Solid woods

All our outdoor wooden furniture is pre-treated to extend the time before you need to maintain it. Acacia and eucalyptus are durable, sturdy hardwoods because of their high density of wood fibres.

Textiles and sunshine

To prevent as much fading as possible from the sun's UV rays, we introduced a production technique, called dope dyeing, for solid-coloured fabric cushions. During the process, the colour pigments become part of the fibre, improving colour fastness. This reduces water consumption by 80% and dyestuff consumption by more than 20% compared to traditional dyeing techniques.

Textiles and rain

Some of our parasols and most outdoor cushions and cushion covers are protected against a light, passing rain shower. We don't use any non-degradable, per-flourinated chemicals on them either, which is better for you and the environment. As for water-repellent outdoor cushions, just shake off water from a light rain. If the forecast calls for weather heavier than a light, passing rain shower, we recommend putting your dry parasol and cushions in our TOSTERÖ covers, bags and storage box. They'll be better protected, and you'll be able to enjoy them for more sunny days to come!

Relax, we can help

Ready to enjoy the outdoors? Get to the fun faster while we do the work. From picking and delivering your order to assembling your new outdoor sofa, our local services are waiting for you. We can even offer financing, too.

Delivery

We can deliver your furniture direct to your home or business. We don't just stop at your front door – we take it to whatever room you want. You choose the date and time.

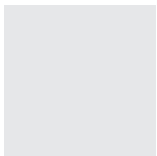

Assembly

Our independent, professional partners can assemble your products and take away the packaging. Includes a free, X-year workmanship guarantee.

Finance options

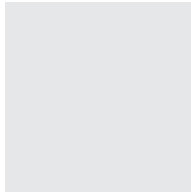

You don't have to pay for everything at once. Choose from our wide range of flexible payment options.

Furniture for you and the environment

Wood is a fantastic material which we've used since the start of IKEA in the Småland forests. We're a global company with clear rules for all wood we use and strive to ensure that our wood comes from more sustainable sources – certified or recycled. For the ÄPPLARÖ series in solid acacia, and all other outdoor furniture, we've already achieved this goal. They are robust pieces of furniture which have been produced in a way which is sustainable for people and the environment.
