What Christmas are you?

Christmas is a unique experience for each of us, changing from year to year and person to person, and there isn't a right way to enjoy it – or survive it. This year, we're exploring three different ways to celebrate based on your mood, style and vibe. Ready to discover your perfect Christmas?

White Christmas

You don't need the snow to celebrate in a winter wonderland. With fun and frosty VINTERFINT decorations and a little glow from STRÅLA lighting, it's easy to create a cool, magical scene at home.

Colourful Christmas

Put the extra in Xmas with traditional designs taken to the next level. Bold patterns, pops of colour and a sprinkle of childlike wonder add a modern twist to cherished festive styles. Because 'less is more' clearly doesn't apply to Christmas.

Playful Christmas

For those who don't feel the traditional festive vibe, we've teamed up an awarded Swedish designer for a fun and unconventional spin on Christmas decor. Bold shapes, curvy lines and vibrant colours set the mood for casual gatherings that just happen to fall around Christmas.

"I got the chance to put conventional holiday aesthetics on its head, adding playfulness and boldness. This is my interpretation of Christmas. It's a new design for a new generation."

Gustaf Westman, Designer

SPECIAL GUEST

Gustaf Westman

Gustaf Westman is a Stockholm-based designer bringing a bold perspective to Scandinavian design. Since founding his studio in 2020, he's become known for this curvy, colourful and playful approach to furniture and homeware. Influenced by fashion and continuous forms, Westman's work stands for simplicity, strong identity and approachable appeal.

We've teamed up with him to reimagine the holidays – adding bold colour, fresh energy and a new perspective to the season. Together, we've created pieces for the VINTERFINT and STRÅLA collections that put a modern spin on classic holiday design.

SPECIAL GUEST

Evelina Kroon

Evelina Kroon is a cross-disciplinary artist living and working in Stockholm. With a background in illustration, she is known for her graphic punch and bold colour language. Evelina brings personality and energy to everything she creates. Her work blurs the line between art and design, adding depth, vibrancy and a sense of fun to everyday spaces.

We collaborated with Evelina to bring the joy of the holidays to life – infusing the VINTERFINT and STRÅLA collections with her strong graphic style. Her take on the festive season gives tradition a fresh twist, playing with pattern and scale.

SPECIAL GUEST

Katie Kirk

Katie Kirk is an illustrator and graphic designer, and founder of a multi-disciplinary design studio based in Minneapolis. We teamed up with Katie to add her playful style into the VINTERFINT collection, bringing festive fun to your home and gift wrapping.

“I love Christmas and IKEA, so contributing to the VINTERFINT, STRÅLA and VINTERSAGA collections felt like a dream. The design language is minimalist and geometric, inspired by modernism and folk art. In the patterns I play with scale and storytelling where the figures become part of a big and colourful Christmas celebration. I hope my playful design makes wrapping gifts, decorating and enjoying some treats more fun, so that you can celebrate Christmas with less stress and more joy.”

Rethinking Christmas

Challenging traditional holiday style was central to our brief – and one of the reasons we approached Gustaf Westman. Still, the collection was created with one of our core values in mind: Tillsammans (togetherness).

"For many people in Sweden, there's no Christmas – and no IKEA – without meatballs. So, when I came up with the idea of a meatball plate, I had to explore it. The result is a fun serving plate that works for all small savoury or sweet treats, not only for meatballs."

Dress up your Christmas tree

Go big, go small, go traditional, go crazy – when it's time to decorate the tree, you make the rules. Discover the VINTERFINT tree ornaments and STRÅLA LED lighting chains that match your festive vibe.

How to achieve tree perfection:

- **Fluff and shape the branches** – Prepare the tree before adding the decorations.
- **Pick your dress code** – Classic and cosy? Scandi and subtle? Choose a theme that sets the mood.
- **Start with your sparkle** – Use the plug as a starting point and wrap the lights around the 'trunk' working from the centre up towards the top.
- **Bring on the baubles** – Place larger baubles to the centre to add depth and smaller ones towards the tips of branches to create balance.

Introducing the largest baubles in our collection. Perfect for spotlighting your tree – or giving your pet a new obsession.

Tip!

Let the fun begin at your doorstep with cosy lanterns lighting up your outdoor space. Choose from pillar candles, tealights, or LED lights the most brilliant solution for your home.

Traditional decorations

The nisse or tomten, red-capped mushrooms and the Yule Goat are key symbols of Christmas in Scandinavia. They are believed to bring good fortune and look after the home.

Festive food

Mulled wine – known as glögg – and gingerbread cookies – called pepparkakor – are must-haves for a proper Scandinavian festive table. And who could forget our beloved meatballs? They hold a special place on the 'Julbord' (Christmas table).
