Storage solution

Care instruction

Wipe clean with a soft cloth dampened in water and a mild washing-up detergent or soap, if necessary. Wipe dry with a clean cloth.

Quality

BROR storage system can withstand a lot. The widest and deepest shelves actually hold 130 kg and the smallest shelves can hold 70 kg. This means that you can store both tyres and heavy flower pots without problems. We know this since we tested the storage system by filling the shelves with concrete bags – all to ensure that they can safely hold almost anything you can imagine storing. Regardless if the surroundings are tropically moist or dry and freezing cold.

Safety

We recommend you to fix the furniture to the wall with the enclosed safety fitting to prevent it from tipping over if a child climbs or hangs on it. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home (not included). For higher stability, complete every section with a cross-brace.

Good to know

Only recommended for indoor use.

Max. load for BROR shelves:

Inspiration for BROR storage system comes from classic industrial furniture. Generous, sturdy furniture that can withstand both dirt and heavy loads, just like BROR. The shelf can actually hold twice as much load as ordinary shelves (3 kg/dm²)! And since the design is clean and simple it fits everywhere indoors – from garages to offices, regardless if the surrounding environment is tropically moist or dry and ice-cold.

The best thing about BROR storage system is that it's so easy to build. With just a few parts, you can create almost any combination. Start by choosing the posts and shelves. The posts are available in 2 heights, 110 and 190 cm – and the shelves in 2 depths, 2 widths and in different materials. Then you just add hooks, cabinets and other parts you need. Just like a puzzle, but here it's you who decides how the parts fit together.

Even though you decide how your storage solution will look, we're happy to offer ideas. You're welcome to take a look at IKEA.sg and in your closest IKEA store. Who knows, maybe we've already built the exact solution you need?
