

Beds

A good day always starts with a good night

Feeling your best when you wake up starts with the right bed. In this buying guide, you will find all our beds, including bed frames with and without storage, day beds, guest beds, loft beds and bunk beds. You will also get an overview of our bed accessories, such as headboards and bed storage boxes.

Of course, a bed is not complete without a mattress and bedding. You can test and find the best mattress for you in the mattress studio. The textiles department has a wide range of quilts, pillows and bed linen.

Bed frames

A complete bed frame with mattress consists of these parts:

1. Choose a bed frame and size.
2. SKORVA midbeam (art no. 701.705.03) is needed for most double beds. It is included in the price of the bed frame, but is picked up separately in the self-serve furniture area. For upholstered bed frames, the midbeam is included in both the price and packaging.
3. For most bed frames, you will also need to choose a slatted bed base, see more on pg 07.
4. Choose a mattress or use the one you have at home. You can find the best one for you in the mattress studio. For upholstered bed frames, the slatted bed base is included in the price and packaging.
5. Add a mattress pad of your choice for a softer sleeping surface.

*Single beds do not require SKORVA midbeam.

ASKVOLL bed frame, white. SKORVA midbeam and LURÖY slatted bed base are included, but packaged separately.

Slatted bed bases and midbeam

Combined with a bed frame, slatted bed-bases can be used as a base for spring and foam mattresses. They help your mattress last longer and stay comfortable by absorbing most of the stress and weight placed on your bed.

LURÖY slatted bed base. Extend the life of your mattress and get extra support with 17 wooden slats in the bed base.

Single, 90×200 cm	801.631.73	\$35

Bunk beds and loft beds

Suitable for children from 6 years of age

Bunk beds have sleeping for two – an upper bunk and a lower bunk. Loft beds provide sleeping for one, with space underneath for storage, play or study. Both are single beds. Only children over age 6 should sleep in the loft bed or top bunk due to the risk of injury from falls. The loft bed and top bunk has a solid guardrail at a good height and minimal gaps in the rail for the safety of the sleeper. But the guardrail loses

its function if the mattress is too high up in the bed to make the guardrail protective. So use a mattress that is the right thickness for a loft bed or top bunk. Complete the loft bed with a mattress in a matching size and the bunk bed with 2 mattresses, 90×200 cm. Slatted bed base is included and SKORVA mid beam is not needed for loft and bunk beds.

Loft bed frames

SMÅSTAD loft bed frame with desk and storage, 90×200 cm. With this loft bed you get a complete solution for your child's room – including desk, wardrobe and open shelf unit.
*Maximum mattress thickness: 20 cm. Minimum ceiling height required: 240 cm.
