Steps to buying an IKEA kitchen	128

You can do everything yourself, but you don't have to. With our broad service offer we can assist you with everything from measuring and planning to complete kitchen installation.

See page 04

A kitchen island is a great social hub, while giving you extra work space. The worktop of VADHOLMA kitchen island has a durable top layer of oak wood and can handle everything from baking muffins to playing family games.

See page 121

Life in the kitchen goes a lot smoother when your drawers open up fully to help you reach everything. With interior fittings and organisers inside cabinets and drawers, finding what you're looking for will be easy-peasy.

Services

Our broad service offer gives you the freedom to decide how much you want to do yourself and how much you want us to do for you.

Below you'll find all the services that we can offer, and how much each of them costs.

Kitchen planning

Even on big projects, the little things matter. Discuss your kitchen ideas with our team of design professionals and we'll help nail them down in detail.

Measuring

If you prefer, we measure the room and check everything, from the placement of windows, doors and power sockets to the material and condition of the walls.

Delivery

Whether you're shopping in store or online, and no matter how big the purchase, we'll do the heavy lifting and bring it to your home or business.

Payment options

We accept many payment methods, including cards and cash. And if you need a little longer to settle your bill, we can help you spread the cost with our 0% Instalment Payment Plan (IPP). Simply inform our cashiers you'd like to do so. Terms and conditions apply.

Return Policy

Return policy
The terms and conditions set out in
this return policy apply to all goods
purchased from an
IKEA store in Thailand.

You can do it yourself,

but you don't have to

Your right to cancel

You're free to change your mind. Return unused items in their original packaging within 365 days together with proof of purchase for a full refund. This return policy is in addition to your statutory rights. The IKEA stores reserves the right to refuse a refund and offer an exchange or IKEA gift card only if the return criteria are not met.

Assembly

All of our products are designed to be assembled by you, but we're more than happy to help put it all together, too.

Kitchen installation

Need a little help or a lot? We offer a range of installation options, so just choose the service level you need and we'll come and get things up and running.

IKEA kitchens

What type of kitchen are you looking for?

Whether you're looking for a complete kitchen system like METOD that you can personalise any way you want, or a simpler kitchen that you can install in a day, we have what you're looking for. Here you have three different types of IKEA kitchens to suit different needs and wishes.

METOD kitchen system

Our METOD kitchen system includes cabinets in several different sizes to fit your room layout as well as your kitchen habits. The flexibility of the system offers endless of choices, giving you the freedom to customise a kitchen that's ideal for you and your space. We've also developed an extensive range of kitchen organisers and interior fittings allowing you to quickly see and reach even the things furthest back in the corner cabinets. In addition you have a vast choice in front expressions, worktops, lighting, sinks, taps, knobs, handles and much more to personalise every inch of your kitchen

See page 08

ENHET kitchen

Whatever shape your homes takes, your ENHET kitchen will fit right in. Find pre-combined and affordable solutions online and assemble them without special tools – they are simply clicked together. ENHET gives you great freedom to personalise your kitchen, offering open and closed storage, a corner cabinet and doors in different colours, as well as different accessories.

See page 46

KNOXHULT kitchen

KNOXHULT comes in pre-set modules that you can arrange the way you prefer. Together with our LAGAN appliances you can get a complete kitchen with all the basic functions you need at a low price. Add sink, tap, knobs and handles of your choice to complete the look. The simplicity of the pre-set modules makes the installation so easy that you can have a fully functional kitchen up and running the same day you bring it home from the IKEA store. **See page 68**

SUNNERSTA mini-kitchen

If you like to keep it simple and don't need an elaborate kitchen, SUNNERSTA might be your treat. This flexible mini-kitchen is easy to buy, get home, install and take with you if you move somewhere else. Add TILLREDA portable induction hob and TILLREDA fridge, and you'll have the basic functions you need for a small space apartment, guest house, dorm room or wherever you might cook your next meal. **See page 72**

METOD kitchen system

Endless possibilities

The modular design of METOD kitchen system is easy to install and gives you endless of possibilities when designing your kitchen. Whether you have a taste for the traditional, love the minimalism in modern style or land somewhere in between, you'll surely find something that fits you.

To become truly beautiful, the kitchen has to be functional and take care of all your kitchen needs, too. With METOD you have the freedom to get the look you want on the outside and keep everything in perfect

order on the inside. Start by deciding the style of your dream kitchen by choosing the doors and drawer fronts, lighting, worktop, sink, tap, knobs, handles and accessories that you like.

IKEA METOD kitchen has a 25-year guarantee. Find out more on **page 126.**

Door and drawer front styles

Sleek doors and drawer fronts

Sleek doors offers you straight lines and smooth, easy to clean surfaces, simplicity in its truest form. Choose from a wide variety of finishes, colours and materials.

Frame doors and drawer fronts are rich in detail, with a crafted look and feel -they create a kitchen with a rustic and traditional look. All our frame door families have a matching glass door.

High-gloss doors and drawer fronts

Glossy surfaces suit everyone from the minimalist to the wild family with kids. Stains are no problem as they are just as easy to wipe clean as they were to make.

Doors and drawer fronts with integrated handles

You might not notice them at first glance – and that's the idea! Integrated handles lend a minimalistic and modern feeling to your kitchen.

EXCEPTIONELL drawers

EXCEPTIONELL drawer is a smooth-running, push-toopen, full-extension drawer with built-in dampers so that it closes slowly, softly and guietly. You can create more storage with inner drawers, either inside a higher drawer or behind the door. You can use the top drawer

for cutlery and utensils and the other drawers for pots and pans. Makes it easier to keep your cutlery and utensils organised, so you can quickly find what you need in the kitchen drawer and start cooking.

ENHETdoors and drawer fronts

Show your true colours

Whether you are set on a classic one-coloured look or prefer a funkier mix of different hues, ENHET offers a range of doors that will accommodate your wishes. There are basic colours that bring a clean, bright and fresh look to your kitchen which you can match with every colour of the rainbow, and doors with patterns or a high-gloss finish if you like an industrial and modern style. Naturally, you can also mix colours and

patterns for a truly personalised kitchen, and combine closed doors with open shelves for a more playful expression. No matter the style you choose, the surface of the doors is easy to keep clean and resists moisture, scratches and bumps, which means that your kitchen is well prepared to handle years of daily wear and tear.

Kitchen doors have a 10-year guarantee. Find out more on page 127

ENHETcabinets and frames

Keep an open mind!

In an ever-changing world, the only thing you can be certain of is that you and your home will have to change with it. That is why ENHET offers so many combinations that can be adapted over time to accommodate any life situation – or simply a change in taste.

With this range of cabinets and frames you can create a kitchen that fits both your needs and personality. The open wall frames make good use of the space above the sink and worktop, perfect for hanging utensils or placing your tableware and other things that you often use. The choice of wide and narrow cabinets, as well as deep and shallow frames, gives you a great opportunity to use your space efficiently. Easily adaptable, and with a 10-year guarantee, this practical kitchen will be your companion for years to come.

ENHET open frames

Hide the clutter behind closed cabinet doors and put your prettiest things on display in the open ENHET frames. Allowing you to express your personality through the items you choose to arrange on the shelves, the open storage creates a more dynamic and airier kitchen atmosphere. For even more personalisation opportunities, the frames come in different colours that you can mix and match any way that suits

Open storage also provides a good overview of all your kitchen items and you can keep the utensils you use the most on the shelves that are easiest to reach. With a mix of closed and open storage, it is possible to create a kitchen that doesn't only make preparing your everyday meals a breeze, but is a real eye-catcher that inspires you to cook and your friends and family to keep you company.

Lighting

A brighter kitchen life

Good lighting is an essential part of any kitchen. That's why we offer four integrated lighting series perfectly dimensioned to fit our kitchen cabinets. Having integrated lighting in your kitchen is a great way to show off your favourite dinnerware behind glass doors or in drawers. And, good lighting brings alive your cabinet doors, worktop and wall panels, too.

Get an even better kitchen life with the ability to dim, change from warm to cold light, turn off and turn on light wirelessly. All you need is TRÅDFRI remote control. Or, use the TRÅDFRI gateway and IKEA Home smart app to control every beam of light with your smartphone. We call it IKEA Smart lighting.

Sound is a powerful mood booster, much in the same way as light. Both are crucial for creating the right atmosphere at home and both are deeply personal – each of us has our own unique preferences in terms of volume, brightness, type, and genre. Like light, sound is culturally and socially important; it brings people together.

Kitchen installation

If you want we can install all your kitchen lighting for you, as a part of our Kitchen Installation service. See more on **page 4**.

Worktops

Your kitchen is the heart of your home, it's a room for everyone! How it performs and how it looks are two important factors. Even though doors and drawer fronts are the main style decision you make when updating your kitchen, your worktop can have a big impact on the overall look. However, the perfect worktop is not just about completing the look of your kitchen, it has an impact on its functionality too. When picking the right worktop there are many factors to

consider, including your style, durability, maintenance, lifestyle and cost. Our worktops are available in pre-cut and custom made as well as in a wide range of durable materials, finishes and thicknesses. Each surface has unique properties, with differing levels of water, wear and heat resistance.

Built to last

When we test our worktops we put them up against everything they'll face in your kitchen: liquids, oil, steam, heat, thumps, bumps and scratches. Once we're done we're so sure our worktops will last, we guarantee it.

Materials

Laminate

Laminate worktops are affordable, easy to maintain and there are lots of colours and expressions to choose from. They are made of laminate pressed onto particleboard. Both heat and pressure are applied to harden the surface and create a durable worktop.

Thick veneer

Thick wood veneer worktops offer the natural colour and grain of wood, adding warmth to your kitchen. They are pre-treated for quicker installation and can be sanded and treated when needed. The thick veneer technique allows us to create patterns and expressions that are otherwise difficult and expensive to achieve – with the efficient use of natural resources.

Acrylic

Acrylic worktops have a smooth, non-porous surface that is resistant to stains and moisture, making them easy to clean. The colour and design run all the way through the material. This means they can be polished to remove any surface damage such as scratches, allowing you to restore the surface to its original condition.

Quartz

Quartz worktops are extremely durable, resistant to scratches, moisture and impacts. They are made by combining ground quartz (one of the hardest materials in nature), resins and pigments. This creates a very hard, non-porous surface that is smooth, easy to clean and does not require any sealing treatment. Our quartz worktops are 2 or 4 cm thick and come in a wide variety of expressions.

Laminate worktops 2.8 cm thick

EKBACKEN and LILLTRÄSK laminate worktops are 2.8 cm thick and have a straight edge. They are durable, easy to maintain, and come in an extensive range of colours and textures (standard, matte, high gloss and even soft-touch).

EKBACKEN and LILLTRÄSK laminate worktops are available as pre-cut (take home today). Pre-cut worktops can be cut to the exact length you need and finished with the edge strip included in the package.

Thick veneer worktops 3.8 cm thick

Natural and hard-wearing, wood brings a warm feeling to your kitchen and makes each worktop unique. With thick veneer worktops, a 3 mm layer of wood covers a particleboard core to add excellent stability.

This construction makes the worktop less sensitive to humidity and much less likely than solid wood to bend, split or crack. Also, with this technique, we can create new unique expressions using less wood, and reducing the impact on the environment.

The worktops are pre-treated with hard wax oil to create an easy-care surface for immediate use. Over time, it will only look better, gaining in character. They can be sanded and treated when needed meaning that they will age gracefully.

Thick veneer worktops come in the following crafted patterns: narrow stave, full plank, butcher-block, fine line and chevron.

Thick veneer worktops are available as pre-cut (take home today). Pre-cut worktops can be cut into the exact length you need and finished with the edge strip included in the package.

Walnut

Walnut wood is relatively heavy, hard and resilient. The natural colour light brown to dark chocolate brown adds warmth to your kitchen decor. Walnut gets lighter in colour with age. It has a rich variation in colour and a decorative, curved grain pattern.

To design your custom made worktop and wall panels use our online calculator or get help from an IKEA co-worker in the kitchen department at your local store.

06

Order

To order your custom made worktop and wall panel, please contact an IKEA coworker in the kitchen department at your local store.

How to measure your worktop

Start by measuring your worktop from the corner where it attaches to the wall. Make sure to make your measurements alongside the wall and always start from the same point. When measuring the depth, start from the wall and measure out. Don't forget to add 1.5 cm for an overhang too. If you need to measure for a freestanding worktop (for a kitchen island for example),

simply start from one end and add 3 cm extra for an overhang.

from the same point where you've taken your previous measurements and measure to the centre of where you would like your sink to sit.

Wall panels

Walls to match your style!

Adding wall panels is a quick and easy way to update your kitchen with new colors and texture. Our durable and easy-to-clean wall panels protect your walls from splashes and stains when you are cooking. They give you a neat finish where your worktop meets the wall and add a subtle accent of color to your

kitchen walls creating a stylish look. You can choose wall panels in various colors, materials and expressions, some are even double-sided! But if you want to go very personal, you can have your own customized one.

How to choose your wall panel:

01

What's your budget? A stylish look does not have to cost a fortune, our wall panels are available in a wide range of materials and expressions, pre-cut as well as custom-made to perfectly fit your style, needs and wallet.

What kind of material and expression do you prefer? The material of the wall panel you choose is just as important as the colour. Your wall panel is always going to be right up against your worktop, make sure the two materials and colours work well together.

03

Your wall panel has to end up somewhere! Where it ends is up to you – along the length of the wall, up to the bottom of your wall cabinets, up to the ceiling in areas where there are no cabinets (over the sink or over the hob).

All custom-made wall panels come with a free 25-year quarantee. Find out more on

Our range of sinks

Single bowl sinks

If space is an issue, one single bowl is a good option. Plus, in a big single bowl you can easily wash large pots and pans. Combine with sink accessories to make the bowl as functional as possible

(see page 83).

Double bowl sinks

Having two bowls is ideal if you have a lot going on at the same time. For example, if one of the bowls is piling up with dirty dishes, you can still rinse off vegetables and alike in the other.

1½ bowl sinks

A one and a half bowl sink gives you the same advantages as a double bowl sink, but in a smaller area.

Sinks with drainboard

A sink with a drainboard is ideal for drying dishes as the sloping surface make excess water flow back into the bowl. All our sinks with drainboard are reversible, so you can choose if you want the drainboard to the left or to the right.

Kitchen taps

Saving water at every step

Earth may be covered in a lot of water, but very little of it is drinkable and even less is accessible. No organism can survive without it, and no new water is created. It's constantly recycled, but our freshwater supply is overused; not evenly distributed; and impacted by pollution, contamination and climate change. That's why we equip all our

kitchen mixer taps with a water saving aerator that reduces water use – while maintaining the same water stream. We didn't invent aerators, but think they are an important example of how we can work together to save water for everyone's benefit.

All our kitchen mixer taps are tested and third party certified to meet, or exceed, the demands of the relevant national and international mechanical, quality, safety and hygienic standards. All IKEA kitchen mixer taps come with a free 10-year gurantee. Find out more on page 127.

Kitchen organisers

A kitchen easy to live in

Your kitchen isn't fully in function until everything in it has found a place of its own. With smart organisers and acces-

sories, you'll find what you need, when you need it.

Your best kitchen friends

Trays, boxes and waste organisers help you to make the most of the space inside your kitchen cabinets.

The sink area is a busy place. We have accessories with multiple purposes that can help you utilise the area in and around the sink, supporting the work-

flow both when preparing food and washing up.

Utilise the full area in the kitchen, even the walls. With smart wall storage often used items can be close at hand, at the same time you free up workspace.

Kitchen organisers Kitchen organisers

Create the perfect combination for your drawers

Less time searching, more time for cooking. Clever inside trays for your drawers keep cutlery and kitchen utensils organised and in place. To really make sure you

can see everything in the drawer, complete with kitchen lighting. See all kitchen lighting on page XX.

Waste sorting combinations

Are you curious about how your waste can become new resources? HÅLLBAR series helps you sort different materials into different bins – a simple action and the first step towards giving waste a new life. HÅLLBAR

waste sorting management serie is a waste management solution for any room of your home and can be built-in and freestanding, whichever you prefer.

The bin's ventilation holes and the form of the bottom allow the air to circulate and dry out the organic waste. This minimises unwanted odours.

The folding handle makes it easy to carry the bin with you to the waste station.

A ring on the top edge of the bin hides the waste bag and keeps it in place. It's removable either for easy cleaning or if not being used

Different-coloured stickers are included so you can mark each bin according to what you are sorting. You can also draw or write on the stickers to make it even more clear what goes in each bin.

MAXIMERA high drawer, 60 cm wide, 45 cm deep

HÅLLBAR bins are designed to meet different waste sorting needs. This narrow combination is suitable if you have limited space and choose to sort your waste at the recycling station.

Kitchen accessories

Whether you have a new, beautifullyplanned kitchen or just looking to make improvements in your current one there are a few secret ingredients that will make life simpler and more enjoyable. For instance, smart organisers create natural spots for storing cooking utensils and gadgets, so the whole family knows where to find them - and where to put them back. Trays, boxes and waste organisers work double

shift by preventing clutter and making the best use of space inside your cabinets and drawers. Wall storage does its magic by putting all those things you use the most, close at hand - right where you need them. And for the busiest place in the kitchen - don't forget the clever accessories around the sink that come in handy when preparing food and washing up.

Kitchen islands, sideboards, trolleys and step stools

All of these are easy additions to any kitchen design. A kitchen island serves as an extended worktop space and often becomes a favourite spot for snacking, working and socialising. Sideboards add that little extra storage we all need and a trolley on wheels offers roll-anywhere convenience. A stepstool is a must-have for any kitchen, for reaching things up high, letting kids join the fun at the worktop, or using as extra seating by the table.

Having things in plain sight has its advantages

With open shelves, hooks, rails and racks you can create a personal combination that gives a good overview of your kitchen and makes everything easily accessible. Inspired by restaurant kitchens, we created KUNGSFORS series of wall-mounted shelves and accessories so you can feel like a professional and enjoy a smooth workflow.
