

Buying guide

ENHET

Bathroom series

Design

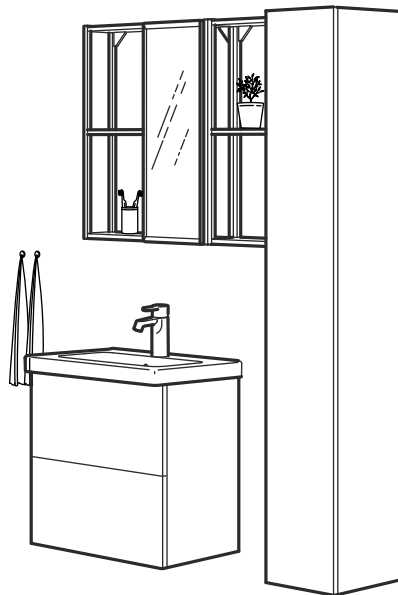

Francis Cayotte &
Eva Lilja Löwenhielm

Safety

Furniture must be fixed to the wall with the enclosed wall fastener. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home, sold separately. Secure that the walls in your bathroom can support the weight of the sink cabinet, and if not, then use legs.

10

The ENHET bathroom series has a 10-year warranty. Read more in the guarantee brochure.

Plan less, live more

ENHET is easy to buy and equally easy to update if you need to, or simply feel like it. You can choose between ready-made combinations online and buy your favorite with a few clicks. All parts are easy to assemble, intuitively and without any special tools.

The playful design inspires you to adapt ENHET to reflect your personality. With a combination of closed cabinets and open shelves in stable metal frames you can display your favorite things and hide the rest. The ENHET bathroom units also come in different widths and depths, making them easy to adapt to a smaller space.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.com for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

How to plan

What do you want to store?

Start by thinking about the storage needs you have in your bathroom. Think of the activities that take place there like bathing and personal care. How many people use the bathroom and when is it typically busiest? Based on these activities you can configure the storage units you will need including whether a drawer or a door solution will best suit your needs. Also, think of the wall space you have in your bathroom as this will be the perfect place for shelving units that take very little space but create lots of storage capacity for all the personal care products that find their home in the bathroom.

How much space do you have?

Decide where you will place your sink cabinet and start building your new bathroom around it, see if you have enough space for an additional storage unit like a high cabinet or a shelving unit. Sketch out the space, measure the width and the height of the walls from floor to ceiling, if you have a narrow bathroom then the depth of your furniture will matter. For narrow bathrooms consider shallow ENHET cabinets. Take detailed measurements, note the bath tub/shower area and all the space you might need for the plumbing that could affect your storage solution.

Want a ready-made combination?

We have made it easy to buy ENHET bathrooms whether through IKEA.com or the store, we have created ready-made combinations that you can choose once you've considered the type of storage you need. These combinations are varied and have been designed to cover a wide range of function and style needs. Just browse the combinations in this buying guide. You can buy them in the store or online.

Do you want to create your own solution? Use the additional information provided in this buying guide to follow these simple steps:

1. Choose a sink cabinet

The closed cabinets come with 2 functions - either with a shelf or 2 drawers, so depending on your preferences you can choose the one that works best in your bathroom. When you have your sink cabinet in place, complete it with a mirror above – either with an open wall frame with a hanging mirror or a closed mirror cabinet. Do you need more storage? Wall cabinets and high cabinets are available in both open and closed versions.

2. Complete your solution

Complete your solution based on your needs. Accessorize your new bathroom with a swivel tray for small bottles or hooks to hang small towels, puffs, or luffa sponges. Don't forget to plan space for your laundry bin. ENHET's got you covered.

3. Personalize

To put the final touch, add your choice of knobs/handles, accessories and bath textiles to make your bathroom complete.

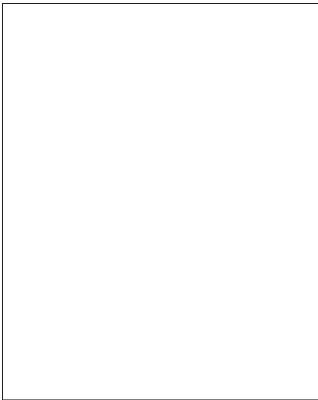

Designed to fit your space

Finding the right cabinets is easier than you might think. On this page you'll get an overview of all cabinets, frames and available sizes in the ENHET system. On the following pages you'll find all available parts.

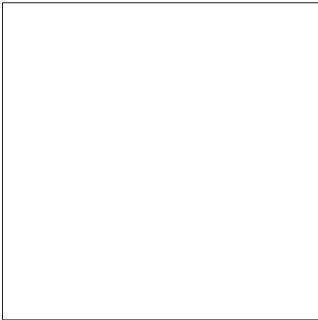

Closed cabinets

SILVERGLANS LED lighting for ENHET – all parts and prices

SILVERGLANS LED lighting is designed for the ENHET series. With this LED lighting strip, you enjoy both a functional light and a nice atmosphere in your ENHET bathroom – making the morning and evening routines calmer, safer and easier. You can use the lighting strip under or on top of ENHET wall cabinets and open wall frames – or use it to create cosy light inside the

open wall frames. With BILRESA remote control you can easily turn on, off and dim your lighting. By connecting this product to DIRIGERA hub, you get even more out of it and can also control it, together with other smart products, in the IKEA Home smart app.

How to mount SILVERGLANS for ENHET bathroom series

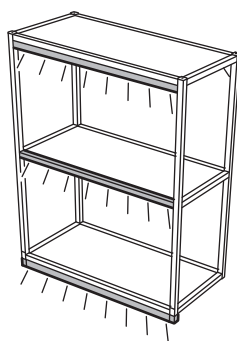

There are a few different ways to mount SILVERGLANS on ENHET open and closed solutions, see examples below.

The detailed information on how to do this is available in the Assembly Instructions for your products.

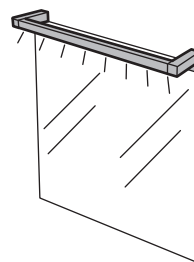

ENHET open frames

On top of frame

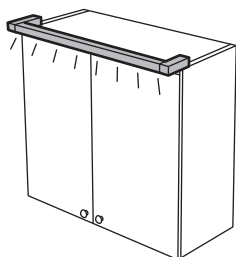

Under shelf

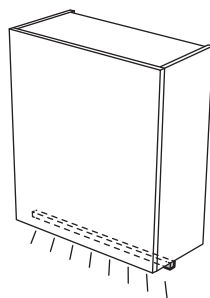

Above mirror

ENHET closed solutions

On top of cabinet

Under cabinet

Complete your combination with lighting

How to build

- When you start building your system, you must first consider the widths of your cabinets. E.g. for a cabinet with a width of 24", you'll need the SILVERGLANS lighting strip 24".
- Choose the number of SILVERGLANS lighting strips that you need.
- Add the SILVERGLANS LED driver.
You can connect up to 5 units to the driver, as long as the total wattage does not exceed 30W.
- SILVERGLANS driver needs to be connected to your wired-in electrical installation. Contact your local electricity authority for advice.
- Add BILRESA remote control RODRET wireless dimmer/ power switch to dim your lighting. Pair the dimmer to the SILVERGLANS driver and the entire combination will dim at the same time.
- Add the DIRIGERA hub to control SILVERGLANS lighting from the IKEA Home smart app in different ways together with other smart product in your home.

Services

We offer a range of services to help you with everything from putting it together to getting it home. Of course, the more you do yourself, the lower the price will be. And the more we do for you, the more you can sit back and relax!

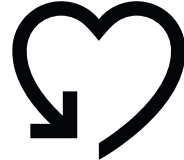

Delivery service

Whether you're shopping in the store or online, and no matter how big the purchase, we can help do the heavy lifting and arrange delivery, by an Independent Service Provider, to your home or business. Visit [IKEA.us/services](https://www.ikea.us/services) for details.

TaskRabbit Assembly service

All IKEA products are designed to be assembled by you, but you don't have to. We've partnered with TaskRabbit to connect you with a network of independent 'Taskers' who can provide quick and convenient assembly and mounting services for your IKEA purchases made online and in stores. You can schedule assembly service for as soon as the same day, with the Tasker of your choice. Visit [TaskRabbit.com/IKEA](https://www.TaskRabbit.com/IKEA) or see a co-worker for more details.

It's ok to change your mind

You have 365 days to return your purchase. Keep your receipt safe to make returns easier. You're free to change your mind. Return unused items in their original packaging within 365 days together with proof of purchase for a full refund. Visit [IKEA.us/returns](https://www.ikea.us/returns) for details.

Guidance

Enjoy fast and easy guidance on the way to your new IKEA kitchen. Below you find brochures and tools that will assist you in every step of the journey. All materials are available at your local IKEA store or online at [IKEA.us](https://www.ikea.us).

IKEA.us

On our webpage you'll find lots of inspiration and ideas to get the most out of your ENHET bathroom, whether it's a new one or an old that you want to freshen up. Plus, here you'll find all products that you can imagine to personalise and create the bathroom of your dreams.
