## Storage series

### Storage throughout the home.

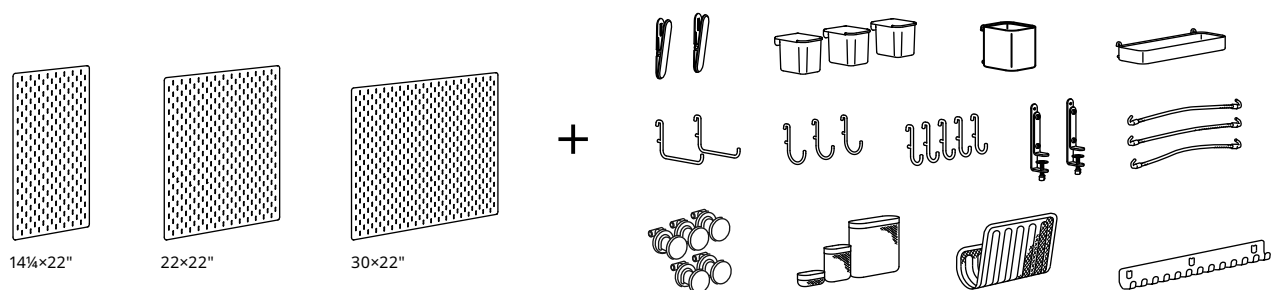

Regardless of where you need storage in the home, and no matter what you plan to store, SKÅDIS storage series can help. With SKÅDIS pegboard and accessories, it is easy to keep your things organized in different areas of the home like the home office, hallway, or bathroom. SKÅDIS series also comes to the rescue in the kitchen, keeping utensils and spices close at hand. It also works in the garage keeping all of your tools and screws in order. With a little imagination, there's no limit to what SKÅDIS can solve.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

# How to build

You can create your own SKÅDIS combination. First select the size of the pegboard and then complete with the accessories you need. Don't worry if you change your mind – the accessories are just as easy to remove and replace as they

are to attach. When your storage needs change, you can easily add, move or remove accessories so that SKÅDIS always meets your needs.

Depending on where and how you intend to use your SKÅDIS, you can choose to attach it in four different ways.

## 1. On the wall.

Use the included wall rail when you buy SKÅDIS pegboard. Remember to buy screws to secure the rail to the wall. Select screws suitable for the wall you plan to attach SKÅDIS to.

## 2. To a desk or on a shelf.

If you don't want screws in your walls, you can attach SKÅDIS to a desk. You can also attach it on a shelf so that it stands up or hangs down. Regardless what you choose, you can use SKÅDIS connector.

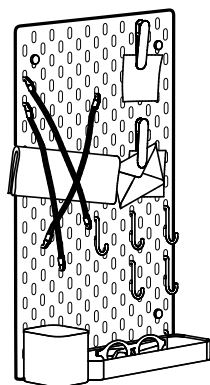

## 3. On the side of a wardrobe.

You can also hang your SKÅDIS pegboard on the side of any wardrobe with a flat top using SKÅDIS connectors for wardrobes. If you would like to hang more than one pegboard, to create a vertical storage solution, add SKÅDIS connector for pegboard to keep the boards together.

4. You can store things on both sides of the pegboard when you use it as a divider on a table or desk. Perfect divider for your home office, but works just as well on the kitchen table – without drilling holes in the wall.
