STUVA System

Children’s furniture that’s made for change
Children grow fast, but they don’t have to outgrow their furniture. We designed the pieces of STUVA system to adapt to children’s changing needs. The series includes a crib, changing table, bench, chest of drawers, wardrobes, loft bed, interiors and more. You can make your own solution or choose a ready-made combination – and add on at any time. With a timeless style in several colors, STUVA is a flexible, functional solution that lasts for years of sleeping, playing, learning and growing!

The combinations in this buying guide are shown and priced in the all white option, but the FRITIDS and FÖLJA doors, fronts and drawers offer a variety of color options and combinations. For more information please go to IKEA-USA.com

Online planning
Put your creativity to work and create your own combination. Our easy-to-use planners help you try out different ideas to find what’s best for you.

The planners tell you how much your combination will cost. It creates a list of the products you need, so you don’t forget anything at the store. It also checks if what you need is available before you go. The planners even help you buy your products directly online.

STUVA GROWS WITH YOUR CHILD

Smart solutions for limited space

Children grow, but their space at home doesn’t always get bigger. STUVA maximizes space with multifunctional pieces that can transform, too. With STUVA loft bed, you can completely furnish a child’s room with a desk, wardrobe and open shelf unit. Other pieces like STUVA changing table grow with your child to become a play table and a study desk.

Endless possibilities

STUVA is a super flexible system. You can choose frames, doors, drawers and interior fittings to create a combination that suits your child’s needs and your space. If you don’t want to build from scratch, we have a selection of ready-made combinations, so you can choose one to bring home today!

Designed for children

STUVA system is designed with children in mind! Everything’s at child height, so they can reach their toys and clothes while learning to keep their things tidy. We even think of accident prevention and include features like smooth edges and rounded corners so children don’t hurt themselves.

HOW TO BUILD

With FRITIDS fronts – soft closing hinges and four colors to choose from

White, red, light blue and light pink – FRITIDS fronts are available in these colors in all sizes. You and your child can choose your favorites. FRITIDS fronts are fully closed and have soft-closing hinges, too, so doors close silently without a slam.

STUVA GRUNDLIG interiors are adjustable, so you can place them where they’re easy to reach and adjust them as your child grows. One shelf is needed as a divider between the shelf unit and the drawers in the storage solutions.

**STUVA CRIB**

All IKEA cribs use a standard US crib mattress (W27¼×L52”).

1. When the baby is very small the base can be placed at the higher position.
2. As soon as the baby starts to sit by themselves, place the base at the lower position.
3. When the child is big enough to climb into the bed, one crib side can be removed.

**With FRITIDS drawers**

- **KRUMMELUR Crib mattress**: This 3⅛” thick mattress has two different surfaces - one wavy side with medium-firm comfort and one smooth side which is firmer. The structure of the foam makes the mattress comfortable and well-ventilated, which provides good support and a pleasant sleeping environment for your baby. The cover is also easy to remove and can be machine washed.
  - 27¼×52”
  - $60

- **JÄTTETRÖTT Crib mattress**: This mattress is made of 4¾” thick foam and has the same soft, smooth surface on both sides. You can easily turn it over if you like. The cover can also be wiped off, but it cannot be removed.

- **PELLEPLUTT.**: This mattress is made of 2¾” thick foam and has the same, smooth surface on both sides. You can easily turn it over if you like. The cover can also be removed and machine washed at 140°F (Hot).

STUVA Twin loft bed offers different assembly possibilities, illustrated below. You can add doors, drawers and interiors according to your needs. The desk comes with cable management and the anti-slipping steps of the ladder have space allowance that enable the child to place their hands around each individual step. At the top of the ladder are there two handles which makes it easy to climb up and down.

Desk parallel to the bed and access to the wardrobe doors from the outer side. You can assemble STUVA loft bed in a way that the desk fits perfectly under the bed. In order to do so, place the doors of the wardrobe on the outer side of the loft bed. Size: 41½×77½×71⅝”.

Desk perpendicular to the bed and access to the wardrobe doors from the inside. If the room is narrow, you can assemble the desk so that it is perpendicular to the loft bed. In this way, both desk and wardrobe can be accessed from the same side. Size: 61×77½×71⅝”.

Desk perpendicular to the bed and access to the wardrobe doors from the outer side. If the space at your disposal has no restrictions, you can assemble STUVA loft bed in a way that the desk is perpendicular to the loft bed and the wardrobe doors can be accessed from the outer side. Size: 61×77½×71⅝”.

Desk free standing from the bed. You can even have the desk free standing by adding two ADILS leg, sold separately.

• Bunk and loft beds are recommended for children six years and older.
