Buying guide

GODMORGON

Bathroom series

Safety

Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

Furniture must be attached to the wall with the enclosed wall fastener. Different wall materials require different types of hardware. Use hardware (sold separately) suitable for the walls in your home.

Ensure that the walls in your bathroom can support the weight of the sink cabinet, and if not, then use legs.

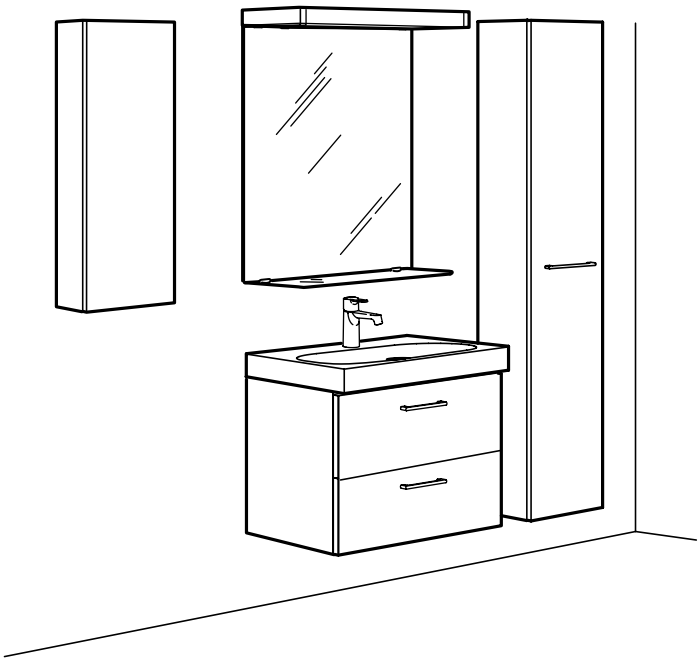

Care and cleaning

Wipe furniture clean with a cloth dampened in water or a nonabrasive detergent, then wipe dry with a clean cloth.

The sink and faucet should be wiped clean with a cloth damped in water or a nonabrasive detergent.

Sinks made of ceramic are resistant to most chemicals, except for strong acids and strong alkalis.

Sinks made of crushed marble should not come in contact with ammonia, acids, strong detergents, hair dye or chlorine.

Everyone deserves a good morning
With GODMORGON bathroom series you can treat yourself and your family to a beautiful and well-organized bathroom that gives everyone a smooth start in the morning.

If your space is limited, you'll appreciate our shallow cabinets and wall cabinets that take up minimal floor space. If you are sharing your bathroom with others, take a look at our double sinks and faucets that save you both time and precious water. With removable dividers inside the drawers, you get an overview and everything stays organized.

GODMORGON series will withstand years of splashes and humidity thanks to the smart production technique using vertically-wrapped foil. And it's easy to buy, since the sink cabinet and drawers come in one complete package. All you have to choose is the sink and the faucet. Have a good morning! How to plan

What do you want to store?
Start by thinking what storage needs you have in your bathroom. Think of the activities that happen there, like showering, cleaning, and laundry care. How many people use the bathroom and when is the rush hour typically. Based on these activities you can plan how many storage units will best suit your needs. Think about the wall space you have available for a sink cabinet and sink, since this is the center of most bathroom activities. The GODMORGON series includes sink cabinets of different sizes and storage capacities. The drawers in GODMORGON sink cabinets are smooth running and pull out fully so you can easily see and reach what's inside. Pull-out stops prevent the drawers from being pulled out too far and falling, which is especially valuable if you have children. Adjustable dividers inside the drawers let you customize the space according to your needs.

Choose the expression
After you have decided on the size of the sink cabinet, you can choose between different colors and finishes and find the one that suits both your needs and style. The sink cabinets can be mounted to the wall with or without supporting legs.

Then you need to choose a sink — you can choose a single, double or countertop sink, depending on your needs and space. The sinks are made of ceramic or crushed marble. Ceramic sinks have a glazed finish and are easy to clean. They have excellent scratch resistance and are very durable. Crushed marble is comprised mainly of crushed minerals with binding agents. Crushed marble sinks are smooth, durable and easy to clean. All sinks come with a water trap and strainer.

If you choose a countertop sink you need to combine GODMORGON sink cabinet with TOLKEN countertop. IKEA countertops have been developed with special attention to quality, so they are water resistant, durable and will last a long time. They come in different sizes that match GODMORGON sink cabinets perfectly. Choose the look that suits you and your bathroom best.

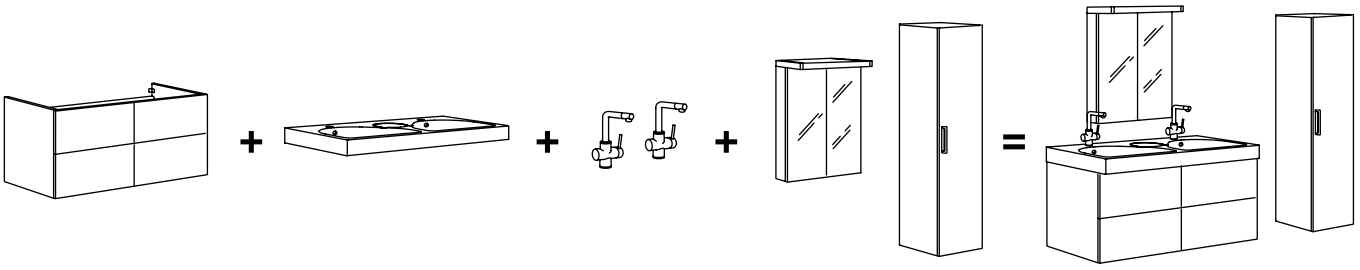

You can find a wide selection of bath faucets at IKEA. Choose your faucet based on function and design. All faucets come with a strainer kit, except for SALJEN. All faucets at IKEA have a flow regulator that uses less water but ensures that the water flow feels the same. Most of our faucets have a special function — a cold start function that helps you save energy.

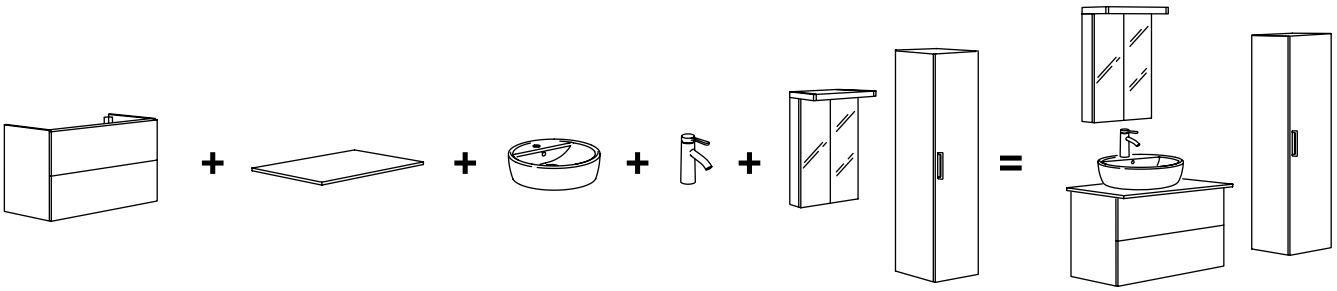

The last thing to decide is what to put above and around your sink: mirrors, mirror cabinets, high cabinets or wall cabinets. The combination possibilities are endless. Make your choice based on your bathroom storage needs, space and style.

Choose the accessories
You can even maximize the storage inside the drawers by adding one of several GODMORGON accessories that fit the drawers perfectly and keep all your jewelery, make up, brushes, tubes and bottles organized.

How to combine

Here is a little guide to explain how you can put together your very own GODMORGON bathroom solution. For all the parts and pieces see page 3. If you want to browse our ready-made solutions just check IKEA-USA.com/GODMORGON.

Aluminum-color	404.675.48

KABOMBA LED ceiling lamp, dimmable A modern lamp in an art deco style. Gives a diffused light which is good for spreading a lot of light around the room. May be combined with any of the dimmable KABOMBA wall lamps. The included light source will last a long time, but if it breaks or stops illuminating it can be replaced with a new one. Tested and approved for bathroom use. Hardwire installation. Ø14".

Chrome plated/glossy	105.025.05
Matte/black	604.898.13

KABOMBA LED wall lamp, dimmable A modern art deco style with a built-in dimmable LED bulb. Full light to put on make-up or shave, and more diffused light to create a calm and comfy atmosphere, just like in a hotel bathroom. The included light source will last for a long time, but if it breaks or stops illuminating it can be replaced with a new one. Tested and approved for bathroom use. Hardwire installation. 19×6".

Chrome plated/glossy	805.024.94
Matte/black	104.898.20

KABOMBA LED wall lamp with mirror, dimmable The lamp is dimmed by using the button on the side, so you can easily get the light that suits each activity or occasion. By dimming the lighting, you change the mood in the room while saving energy. The mirror enlarges the reflection — ideal for plucking your eyebrows, shaving or putting on make-up. You can place the mirror anywhere on the lamp's frame or remove it and hold the mirror in your hand. The mirror on the lamp magnifies the reflection three times. Tested and approved for bathroom use. Hardwire installation. 8".

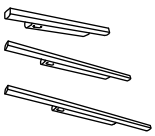

Chrome plated/glossy	005.025.01
Matte/black	004.898.06

HAVSDUN LED wall lamp, dimmable W4×D5×H10". The wall lamp's frosted glass shade spreads a pleasant light, and since it's dimmable you can vary the intensity as needed. Approved for bathrooms, but is also practical to have by a mirror in the hallway. Hardwire installation.

White/frosted glass	204.992.58
