Comfortable sofa at an attractive price

KIVIK seating series is made for people who want extra comfortable seating, without it costing more than necessary. Every detail, inside and out, is adapted to give you as much comfort as possible. You can also combine the different parts in the series in different ways to suit you and your home. This way, you always have room for relaxation.

Follows your body and gives support

The seat cushions in KIVIK seating series have a layer of memory foam that softly follows the contours of your body and gives comfortable support exactly where you need it. The wide armrests have a thick padding that's nice both to rest your neck against and to sit on. If you choose to add a chaise and ottoman you will have a combination you can really stretch out on. Then you can count on maximum comfort.

Choose your own combination

It's easy to adapt KIVIK seating series to suit your home and your needs. You can, for example, combine the sofas with a generous chaise for extra room and comfort or add the corner section to create an even bigger combination to seat as many people as you like. You have every possibility to create your own personal solution!

Leather with coated fabric

Our fabrics have been tested

KIVIK leather sofa is a combination of our ¾" thick grain leather called GRANN, which is a soft yet durable dyed-through leather, and BOMSTAD coated fabric. Coated fabric has the look and feel of leather at a lower cost. This is why IKEA often uses a combination of both, with leather on direct contact areas such as seating surfaces and armrests (1), and coated fabric on other outer surfaces (2).

Grain leather

The natural variations in the hide are visible, as the leather is treated with only a light color coating for protection. The leather will acquire a beautiful patina over time. It's also easy to care for — just vacuum regularly with the soft brush attachment on your vacuum cleaner.
