**Services**

You can do it yourself, but you don’t have to

Our service offer gives you the freedom to design your own price tag by choosing not only the products that suit your budget but also by deciding how much you want to do yourself and how much you want us to do for you. On this page you’ll find the different services that are available to help and support you. For more details about our services, talk to a co-worker at your local IKEA store or visit us at IKEA-USA.com/kitchenservices.

**Free Kitchen Planning Service**

We offer two no cost options to have your kitchen professionally planned. You will receive a detailed layout of your kitchen including cabinets, appliances, and countertops, and a parts list to make it easy to order.

**Most Convenient & available to everyone in the continental US:**

**Planning from Your Home**: Make a 90-minute appointment, online or in your local IKEA store. Allow time for you to measure your kitchen and select products before your appointment. A professional IKEA Kitchen Planner will work with you interactively online to plan your dream kitchen. You will be able to discuss every detail and view your plan being created. Your planner will follow-up with a second session to make any changes.

**Visit an IKEA store:**

**Planning from the Store**: You can make an appointment online or at your local IKEA store for a two-hour in-store appointment with one of our professional IKEA Kitchen Planners. Allow time for measuring your kitchen and selecting products before your planning appointment.

Prior to your appointment, you will need to:

- Measure your space – The first step is getting your kitchen measurements. Instructions will be provided if you want to do this yourself. But if you live in an IKEA service area, a professional IKEA measurement technician can visit your home to measure your kitchen for you.

- Choose your products – Start browsing our kitchen products now to get a better understanding of what you want. You must know this before your planning session to make it productive.

**Kitchen Measurement Service**

It’s important to have your kitchen accurately measured before planning begins. An experienced IKEA Measurement Technician will come to your home, take all of the essential measurements, and enter the data in the IKEA Home Planner. Your Measurement Service fee is refunded when you have IKEA install your kitchen. Available for customers living within our service area.

**IKEA Home Planner**

You can plan your kitchen on your computer with our online 3D IKEA Home Planner at IKEA-USA.com/kitchenplanner. It’s free, it’s fun and it calculates your price as you click along. You can PRINT, SAVE and CHANGE your kitchen plan as many times as you want. Then come to the store and get advice – you can access the same plan you’ve been working on – and share it with our IKEA Kitchen Specialists.

**IKEA Kitchen Installation Service**

Professional IKEA kitchen installation makes your dream kitchen come true. Check with your local store to see if installation is available in your area. Professional kitchen installers will handle assembling and installing your IKEA cabinets, doors, drawers, interior fittings, handles and knobs. Your kitchen will be installed to the highest industry standards.

Kitchen installation includes:

- Assemble cabinets, drawers, doors and interior fittings
- Install IKEA cabinets, toekicks and side cover panels (excludes 26×36” and 36×96” panels)
- Adjust all IKEA cabinet doors and drawer fronts for appearance
- Clean-up of your kitchen job site, which includes:
  - Daily broom cleaning of job site
  - Vacuum inside of cabinets, floors, and other surfaces upon completion of installation
  - Attach IKEA knobs and/or handles to cabinet doors and drawers

**Installation Price Quote**

Upon completion of your Kitchen Plan on our IKEA Home Planner, we can schedule your Installation Price Quote. An experienced professional from IKEA will contact you and provide an itemized installation price quotation.

**Installation Price Quote**

- Confirmation of the scope of kitchen installation.
- Confirmation of the time schedule of kitchen installation.
- Confirmation of the price of kitchen installation.

**Services and prices may vary. For more information about our services, visit IKEA-USA.com/services or your local IKEA store.**

**5-Year Warranty**

Professional Kitchen Installers are professional, licensed, insured and warranty their work for 5 years post completion on IKEA supplied kitchen products.

*Installation warranty is for the installation of IKEA kitchen products only. In the event of defects in workmanship, the IKEA product or materials will be repaired or replaced; provided, that the defect was not due to a product defect, normal wear and tear, accidents, alteration by the customer, misuse, abuse, or neglect.

**Delivery**

Whether you’re shopping in the store or online, and no matter how big the purchase, we can help do the heavy lifting and arrange delivery, by an Independent Service Provider, to your home or business.

**IKEA Projekt Credit Card**

Your dream home is now within reach. With the special financing options on our IKEA Projekt credit card, you don’t have to put off loving every room in your home.

*Subject to credit approval. IKEA Projekt Credit Card Accounts are issued by Comenity Capital Bank. To learn more visit IKEA-USA.com/creditcard or drop by your local store.

What type of kitchen are you looking for?

Whether you’re looking for a complete kitchen system like SEKTION that you can personalize any way you want, or a simpler kitchen that you can install in a day, we have what you’re looking for. Here you have three different types of IKEA kitchens to suit different needs and wishes.

SEKTION Kitchen system

Our SEKTION kitchen system includes cabinets in several different sizes to fit your room layout as well as your kitchen routines. The flexibility of the system offers endless choices, giving you the freedom to build a kitchen that’s ideal for you and your space. We’ve also developed an extensive range of kitchen organizers and interior fittings allowing you to quickly see and reach even the things furthest back in the corner cabinets. In addition you have a vast choice in front expressions, countertops, lighting, sinks, faucets, knobs, handles and much more to personalize every inch of your kitchen. See pages 08-93

KNOXHULT Kitchen

KNOXHULT comes in pre-packaged modules that you can arrange the way you prefer. Together with our kitchen appliances you can get a complete kitchen with all the basic functions you need at a very low price. The countertop is included, so just add sink, faucet, knobs and handles of your choice to complete the look. The simplicity of the pre-packaged modules makes the installation so easy that you can have a fully-functional kitchen up and running the same day you bring it home from the IKEA store. See pages 94-97

SUNNERSTA Mini-kitchen

If you like to keep it simple and don’t need an elaborate kitchen, SUNNERSTA might be a perfect fit for you. This flexible mini-kitchen is easy to buy, get home, install and take with you if you move somewhere else. Add the TILLREDA portable induction cooktop and TILLREDA compact fridge, and you’ll have the basic functions you need for a small space apartment, guest house, dorm room or wherever you might cook your next meal. See page 98-99
Endless possibilities

The modular design of SEKTION kitchen system is easy to install and gives you endless possibilities when designing your kitchen. Whether you have a taste for the traditional, love the minimalism in modern style or land somewhere in between, you’ll surely find something that fits you.

To become truly beautiful, the kitchen has to be functional and take care of all your kitchen needs, too. With SEKTION you have the freedom to get the look you want on the outside and keep everything in perfect order on the inside. Start by deciding the style of your dream kitchen by choosing the doors and drawer fronts, lighting, countertop, sink, faucet, knobs, handles and accessories that you like.

Doors and drawer fronts

Choose your style!

No matter what your personal style and preference is, make sure to choose a kitchen front you will love for years to come. It is the face of your kitchen, and most likely you will spend many hours there.

We have a wide range of materials and finishes to choose from to suit your style — no matter what you like! Everything from traditional doors and drawer fronts that are rich in details, to high-gloss and modern doors and drawer fronts with integrated handles to give you that open, clean look — we have it!

The process of choosing the style of your kitchen is all up to you, go for whatever you like — it is your kitchen! We have made sure that all our fronts are durable and of high quality. They all come with a free 25-year limited warranty to ensure that whatever you choose, it will last for years to come.

SEKTION kitchen has a free 25-year limited warranty. Find out more on page 100.

Door and drawer front styles

Sleek doors and drawer fronts
Sleek doors offers you straight lines and smooth, easy-to-clean surfaces, simplicity in its truest form. Choose from a wide variety of finishes, colors and materials.

Doors and drawer fronts with integrated handles
You might not notice them at first glance — and that’s the idea! Integrated handles lend a minimalistic and modern feeling to your kitchen.

High-gloss doors and drawer fronts
Glossy surfaces suit everyone from the minimalist to the wild family with kids. Stains are no problem as they are just as easy to wipe clean as they were to make.

Frame doors and drawer fronts
Frame doors and drawer fronts are rich in detail, with a crafted look and feel — they create a kitchen with a rustic and traditional look. All our frame door families have a matching glass door.

Lighting

A brighter kitchen life

Good lighting is an essential part of any kitchen. That’s why we offer integrated lighting series perfectly dimensioned to fit our kitchen cabinets. And they all contain long-lasting built-in LEDs which consume up to 85% less energy and last up to 20 times longer than incandescent bulbs. Having integrated lighting in your kitchen is a great way to show off your favorite dinnerware, behind glass doors or in drawers. And, good lighting brings your cabinet doors and countertop to life too.

Get an even better kitchen life with the ability to dim, turn off and turn on lights wirelessly. All you need is TRÅDFRI LED driver and remote control. Or, use the TRÅDFRI gateway and IKEA Home Smart app to control every beam of light with your smart phone. We call it IKEA Smart Lighting.

All the IKEA Smart lighting products are now compatible with Apple HomeKit, Google Assistant and Amazon Alexa. With our devices, it’s possible to voice control the lighting and adjust the lights using Amazon Alexa, Google Assistant, Apple’s Home app and Siri voice commands.

- **Countertop lighting** should give you a clean, clear view of all the work you’re doing in the kitchen.
- **Drawer lighting** simplifies finding what you need even during those midnight kitchen raids. Opening and closing the drawer turns the light on and off automatically.
- **Spotlights** provide a focused light that is good for lighting smaller areas and behind glass doors.
- **Cabinet lighting** illuminates your favorite kitchen doors and creates a cozy mood light in the entire kitchen.
OMLOPP has a compact design and is easy to install as each element has its own cable which connects to the LED driver.

OMLOPP LED countertop lighting matches your cabinet sizes and features a compact design. To be completed with TRÅDFRI LED driver and ANSLUTA power cord, sold separately. Dimmable using the TRÅDFRI LED remote control and TRÅDFRI App/gateway, sold separately.

Countertops

Your kitchen is the heart of your home, it’s a room for everyone! How it performs and how it looks are two important factors. Even though doors and drawer fronts are the main style decision you make when updating your kitchen, your countertop can have a big impact on the overall look. However, the perfect countertop is not just about completing the look of your kitchen, it has an impact on its functionality too. When picking the right countertop there are many factors to consider, including your style, durability, maintenance, lifestyle and cost. Our countertops are available in pre-cut and custom-made options as well as in durable materials, finishes and thicknesses. Each surface has unique properties, with differing levels of water, wear and heat resistance.

How to choose your countertop:

01
What’s your budget?
A stylish look does not have to cost a fortune, our countertops are available in a wide range of materials and expressions, pre-cut as well as custom-made to perfectly fit your style, needs and wallet.

02
What kind of material do you prefer? When deciding on material, consider how robust you need your countertop to be, how much you are prepared to look after it, and how you want it to look in your kitchen scheme.

03
Custom-made countertops are made to fit your kitchen layout, you can order the exact size you need, including cut-outs for your sink, faucet and cooktop. Pre-cut countertops are available in different sizes, and you can cut them to the desired length.

Built to last
When we test our countertops, we put them up against everything they’ll face in your kitchen: liquids, oil, steam, heat, thumps, bumps and scratches. Once we’re done, we’re sure our countertops will last for many years to come.

Materials

Laminate
Laminate countertops are durable, affordable and easy to maintain, with lots of colors and expressions to choose from. Spills and grease are easy to wipe clean and the countertop keeps its beauty over time, making it a practical solution.

Wood
Worktops with a top layer of wood have all the qualities of solid wood, enhanced by modern technology. They are made with ⅛” layer of solid wood wrapped on particleboard. This increases the stability and makes them less likely to split or crack. They can be sanded down to remove minor scratches, and will keep their natural beauty over the years.

Quartz
Quartz is one of the hardest materials in nature, making the surface extremely durable and scratch resistant. Plus, the surface is smooth, non-porous and easy to keep clean.
We offer pre-cut laminate countertops in two lengths. Choose between the many colors and expressions to find the perfect look. The laminate countertops can be cut into the length you need and finished with the edge strip included in the package.

Custom-made countertops

Big advantages of a custom-made countertop

Your custom-made countertop is made to fit your kitchen layout perfectly, with the least number of seams. You can order the exact length and depth you need for your kitchen island or bar solution as well as cut-outs for your sink, faucet and cooktop.
How to buy a custom-made countertop

01 Material and color
Choose a color that makes the kitchen your own.

02 The countertop profiles
Choose the desired profile for the edges. Depending on the material you've chosen for your countertop, you have different options.

03 Choose your sink
Choose the sink you want and if you want it top mounted or undermounted.

04 Take measurements
Then start to measure to see what size and shape of countertop you need. If you would like help with this, or with anything to do with the measuring of your kitchen, we can arrange for the measuring service to come to your home.

05 We're here to help
To design your custom-made countertop get help from an IKEA co-worker in the kitchen department at your local IKEA store.

06 Order
To order your custom-made countertop, please contact an IKEA co-worker in the kitchen department at your local IKEA store.

How to measure your countertop

Start by measuring your countertop from the corner where it attaches to the wall. Make sure to make your measurements alongside the wall and always start from the same point. When measuring the depth, start from the wall and measure out. Don’t forget to add 1” for an overhang too.

If you need to measure for a freestanding countertop (for a kitchen island for example), simply start from one end and add 1” extra for an overhang.

To measure for a sink, start from the same point where you've taken your previous measurements and measure to the center of where you would like your sink to sit.
KASKER quartz custom-made countertops

When you choose a quartz countertop you get a work surface that’s extremely durable. It’s scratch resistant and can withstand heavy impact. We construct our quartz countertops with natural quartz crystals (one of the hardest materials in nature) and high-quality polymer resins which make the surface smooth, non-porous and easy to keep clean. That means red wine and beetroot stains are a worry of the past. You can also order quartz backsplashes to complement your countertop.

Good to know

Clean using a soft cloth or sponge and warm water with a mild, non-abrasive detergent. Avoid using scouring products.

Sinks

A busy place in the kitchen

The sink and the area around it is one of the busiest places in the kitchen. You use it for everything from preparing food and rinsing vegetables, to storing dirty dishes and cleaning up. To make these activities as easy as possible, choose a sink and sink accessories that match your needs and the way you work in the kitchen.

How to choose your sink

01 How much space have you allocated for the sink? Our sink cabinets are 24, 30 or 36” wide.

02 Think about how you prepare food, but also how you clean up. Do you have a dishwasher or do you wash the dishes by hand? Do you need one bowl, two bowls or a sink with drainboard?

03 Complete your sink with sink accessories that help you organize the area in and around the sink, both when you prepare food and when you clean up (see page 88).

We test our sinks to ensure they can withstand the demand of everyday life in the kitchen. That’s why all our sinks come with a free 25-year limited warranty (except FYNDIQ). Find out more on pages 100-101.

Our range of sinks

Single bowl sinks

If space is an issue, one single bowl is a good option. Plus, in a big single bowl you can easily wash large pots and pans. Combine with sink accessories to make the bowl as functional as possible (see page 88).

Double bowl sinks

Having two bowls is ideal if you have a lot going on at the same time. For example, if one of the bowls is piling up with dirty dishes, you can still rinse off vegetables and the like in the other.

1½ bowl sinks

A one and a half bowl sink gives you the same advantages as a double bowl sink, but in a smaller area.

Sinks with drainboard

A sink with a drainboard is ideal for drying dishes, as the sloping surface makes excess water flow back into the bowl. Our sink with drainboard is reversible, so you can choose if you want the drainboard to the left or to the right.

The lid attaches via a magnet and can be used as a handle for lifting the basket. The lid creates a flat surface at the bottom of the sink and prevents food waste from getting into the basket, making the sink easy to keep clean.
Saving water at every step

Earth may be covered in a lot of water, but very little of it is drinkable and even less is accessible. No organism can survive without it, and no new water is created. It’s constantly recycled, but our freshwater supply is overused; not evenly distributed; and impacted by pollution, contamination and climate change. That’s why we equip all our kitchen faucets with a water-saving aerator that reduces water use up to 40% — while maintaining the same pressure. We didn’t invent aerators, but think they are an important example of how we can work together to save water for everyone’s benefit.

All our kitchen faucets are tested and third party certified to meet, or exceed, the demands of the relevant national and international mechanical, quality, safety and hygienic standards. All IKEA kitchen faucets come with a free 10-year limited warranty. Find out more on pages 100-101.

Hidden helpers
With SEKTION interior fittings and organizers, you can get the look you want on the outside without revealing what’s inside. The cabinets can be hiding all sorts of kitchen surprises. Behind a door you can find pull-out organizers for your cleaning equipment, organizers keeping all your pots, pans and lids in perfect order, or a great bunch of fully extendable drawers making everything easy to reach. Not to mention drawers inside drawers allowing you to utilize the cabinet space to a maximum. It’s really up to you what goes inside your kitchen cabinets.

On the following pages you’ll find numerous handy helpers making your daily work in the kitchen so much easier.
Create the perfect combination for your drawers

Less time searching, more time for cooking. Clever inside trays for your drawers keep flatware and kitchen utensils organized and in place. To really make sure you can see everything in the drawer, complete with drawer lighting. See all kitchen lighting on page 30.

VARIERA Interior fittings

Choose interior fittings that suit your size of drawer and your flatware and utensils. A helpful tip is to keep things close to where they are used as this enables a smooth workflow.

Recycling combinations

Are you curious about how your waste can become new resources? HÅLLBAR series helps you sort different materials into different bins – a simple action and the first step towards giving waste a new life.

A ring on the top edge of the bin hides the trash bag and keeps it in place. It’s removable either for easy cleaning or if not being used

The folding handle makes it easy to carry the bin with you to the recycling station.

Mount this pull-out frame inside your cabinet to hide your recycling behind a door. Easy to mount and use in cabinets throughout the home. Pull-out to sort and push it back when you are done.

HÅLLBAR bins are stackable to save space. Place same-size bins on top of each other or place smaller bins on top of the larger ones.

A lid is included to hide your waste. It’s removable for easy cleaning or if you prefer to keep your bin open.

Different-colored stickers are included so you can mark each bin according to what you are sorting. You can also draw or write on the stickers to make it even more clear what goes in each bin. The bin is designed with rounded corners to make it easier to clean. The folding handle makes it easy to carry the bin with you to the recycling station. A ring on the top edge of the bin hides the trash bag and keeps it in place. It’s removable either for easy cleaning or if not being used.

HÅLLBAR bins are designed to meet different recycling needs. This narrow combination is suitable if you have limited space and choose to sort your waste at the recycling station.

HÅLLBAR recycling management series is a waste management solution for any room of your home and can be built-in or freestanding, whichever you prefer.

The bins can be placed freestanding anywhere in your home or integrated in a cabinet or drawer.

HÅLLBAR bins are stackable to save space. Place same-size bins on top of each other or place smaller bins on top of the larger ones.

A pull-out frame is included to make sorting easier. The pull-out frame gives you quick access and a good overview of your recycling and keeps your bin stable. Pull it out to sort and push it back when you are done.

A kitchen easy to live in

Your kitchen isn’t fully in function until everything in it has found a place of its own. With smart organizers and accessories, you’ll find what you need, when you need it.

Utilize the full area in the kitchen, even the walls. With smart wall storage often used items can be close at hand, at the same time you free up workspace.

Your best kitchen friends

Our carts and islands boost your storage space and kitchen functionality while adding a social focal point in your kitchen at the same time.

The sink area is a busy place. We have accessories with multiple purposes that can help you utilize the area in and around the sink, supporting the workflow both when preparing food and cleaning up.
Rails and accessories

Our selection of kitchen helpers gives you more work and storage space without the expense of a remodel.

Knobs and handles

Small details that make a difference!

Knobs and handles are like icing on the cake. Enhance the style you like, refresh the look of doors and drawers, co-ordinate with the rest of your home – or simply change because it’s fun.

Knobs and handles may seem small but they can help you to really personalize your kitchen. You can enhance a style to make your kitchen look more traditional or more modern. Mix them or match them perfectly and play with placements to create the finishing touches to the look you want in your dream kitchen.

**FIXA Drill template $2.49**
This simple tool helps you easily and accurately mark where you want to place your knobs and handles. Available online and at your local IKEA store. High impact polystyrene.

KNOXHULT
KITCHEN

When basic functions and low price matters
To make it easy for you, we’ve already combined ready cabinets with doors, countertops, shelves and drawers. All you have to do is to pick the finishing touches, like knobs, handles and appliances. If you bring it home from your local IKEA store in the morning, you can have it installed and ready for cooking a late dinner in the evening. On the next pages you’ll see what choices you have.
**KNOXHULT** is functional and easy to plan. Pick the combinations you like, then choose appliances, sink, faucet, knobs and handles. Done!

### Base cabinets

**KNOXHULT Base cabinet with doors and drawer**

- You can install a sink and also adjust the space in the cabinet to your needs with two adjustable shelves. The frame and fronts are coated with foil which gives a scratch-resistant surface that is easy to keep clean. You can easily mount the door front in the right position, because the hinges are adjustable in height, depth and width. Stands steady on uneven floors because it has small adjustable feet. The countertop is ⅜" wider than the cabinet. W72×D24×H36”.

Color may vary slightly from in-store samples. Quartz is not perfectly smooth, minor pitting is common and does not affect the performance or constitute a material defect.

Conditions for the limited warranty

Owner must register warranty on or before 30 days of installation at www.Caesarstoneus.com. Original proof of purchase receipt is required. What is covered under this limited warranty?

• Warranty against any manufacturing performed by the supplier, as well as the correct installation of the product.
• The warranty is effective only if the owner of the countertop is the occupant of an indoor single-family residence.

What is not covered under this limited warranty?

• The warranty does not protect against natural causes (e.g. fire, flood, tornado, etc.).
• Does not cover wear and tear such as scratches, water spots and burns.
• Does not cover failure to comply with care instructions.
• Does not cover chips or damage from abuse or excessive impact.
• Does not cover any products moved from their original place of installation.
• Does not cover repair to electrical, tile or wall surfaces and plumbing modifications possibly required to install the custom countertop.
• Does not cover damages from alterations performed after initial installation.

Care instructions

• Clean with soap and water on a regular basis. For tougher dirt, use warm water and a damp cloth or a Scotch Brite delicate sponge pad with a small amount of non-abrasive cleaner that does not contain bleach.
• Trivets and hot pads must be used when placing hot skillets, pans, crock-pots or other heat generating kitchenware on the surface.
• Using cutting boards and taking care not to drop or move heavy objects on the surface will help to ensure long lasting beauty.
