From sofa to bed with one click

Thanks to the simple click mechanism, you can transform NYHAMN sleeper sofa from a sofa into a spacious bed (and back!) in an instant. You don't need to remove the cover, just pull the underframe upwards and push the backrest down. The space under the sleeper sofa fits storage boxes where you can store bedlinen, pillows and blankets. Perfect for compact spaces like student apartments and summer cottages — or if you just want to make it really easy for guests to stay overnight.

Choose comfort and style

You can choose from two different type of mattresses for NYHAMN sleeper sofa — one with pocket springs and one with foam — both provide your body with support where needed and help you to relax. No matter which one you choose, you'll get a mattress that's great for sitting and sleeping on, both day and night. There are several covers, so you can choose a style that you like. Maybe get a few to switch between? The covers are removable and machine washable.
