

BUYING GUIDE

SJÄLLAND

Outdoor Living Furniture Series

Personalize your outdoor space

How do you want to furnish your outdoor dining area? With the SJÄLLAND series you have every chance to create a personal solution. The table tops and the seating furniture are made of aluminum and eucalyptus. You can also add cushions in different colors. One tip is to buy two table tops in different materials, so you can change based on season and your mood to vary the style.

Easy to care for

The SJÄLLAND series is made of durable and easy-care material, allowing you to spend more time with family and friends and less time on maintenance and care. The aluminum chairs and the aluminum table tops are particularly durable, while the furniture made of eucalyptus is also durable and ages beautifully. A smart detail is that the chairs are stackable and the reclining chairs foldable, making them easy to store when not in use.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

PROTECTING AND CARING FOR SJÄLLAND

FOR WOODEN FURNITURE

The best way to extend the life of your wooden outdoor furniture is by cleaning it regularly, not leaving it outdoors unprotected longer than necessary and to restain it on a regular basis.

Clean: With a mild soapy solution. Wipe dry with a clean and dry cloth.

Maintenance: To prevent the surface from drying out and cracking, and moisture from penetrating into the wood, we recommend you restain the furniture on a regular basis, for example once or twice a year.

Storing: If possible, store in a cool dry place indoors. If the furniture is stored outside, cover it with a waterproof cover. After a rain or snowfall, wipe off excess water or snow from flat surfaces. Allow air to circulate to avoid condensation.

FOR ALUMINUM FURNITURE

The best way to extend the life of your outdoor furniture is by cleaning it regularly and not leaving it outdoors unprotected longer than necessary.

Clean: With a mild soapy solution.

Maintenance: Requires no maintenance.

Storing: If possible, store in a cool dry place indoors. If the furniture is stored outside, cover it with a waterproof cover. After a rain or snowfall, wipe off excess water or snow from flat surfaces. Allow air to circulate to avoid condensation.
