Bookcase series

Safety

This furniture must be attached to the wall with the enclosed wall fastener.
Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home (not included).
Tempered glass should be handled with care! A damaged edge or a scratched surface can cause the glass to break suddenly. However, only into small pieces, never into sharp fragments.

Storage for all occasions and needs
BILLY bookcase is a beloved icon that never goes out of style. Thanks to its versatility you can use it in many different ways at home – regardless of whether you store books or everyday items in it. A single unit can be enough, but you can also add more bookcases, extension units and shelves to create a larger and more personal combination. BILLY is available in different heights, widths, and expressions so you can always find a storage solution that suits you and your home!

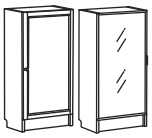

Better and better, day by day
BILLY was launched in 1979 and is just as popular today. We're constantly working to make the series even better, more relevant and more useful. Some changes, like new wooden expressions, you see right away. Others take longer to discover, for example that BILLY is made of a high-quality paper foil finish and that the back panel attaches in place with snap fittings. This makes it easy to assemble and disassemble, so you can bring it when moving and continue to enjoy your BILLY for years.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Integrated lighting

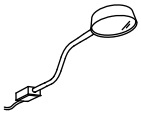

Conventional or connected IKEA smart lighting?
Good lighting makes life easier and helps you set the right mood. The options here are made for BILLY. Light up your favorite pictures and collections, and enjoy the cozy reflected light. And of course lighting makes finding things easier, on shelves or even inside cabinets. The TRÅDFRI LED driver makes MITTLED, TVÄRDRAG, and YTBERG smart and gives them the ability to be wireless dimmed with STYRBAR remote control or RODRET wireless dimmer and to be connected to the DIRIGERA hub.

Your smart home can be controlled in various ways – with the IKEA Home smart app, remote controls, shortcut button, voice or motion. You control individual products, groups, rooms or all at once.
All our lighting is energy-efficient LED, saving money on your electricity bills.

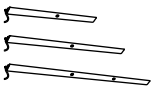

TVÄRDRAG Cabinet lighting The metal shade creates a direct light that illuminates your cabinet or wardrobe. If you want the lamp's light to be directed into your display cabinet, just angle the lamp head inwards. Provides a focused light that is good for lighting smaller areas. You can dim your lighting wirelessly and easily adapt the lighting based on activity. The bracket makes it possible to slide the lamp back and forth. You easily attach it with screws – or with double-sided adhesive tape on glass and metal surfaces. The LED light source consumes up to 85% less energy and lasts up to 20 times longer than incandescent bulbs. You can turn up to six light sources on and off simultaneously if you complete with ANSLUTA driver. If you also want to be able to dim, choose TRÅDFRI driver and STYRBAR remote control or RODRET wireless dimmer instead. Sold separately.

Black, 1.5W	405.168.41

YTBERG Cabinet lighting The lamp's slim and neat design goes with most styles and is perfect if space is limited between the top of your wardrobe or cabinet and the ceiling. Easily direct the light with the flexible goose-neck arm that can be bent and angled. Spreads a soft light that creates a cozy atmosphere in the room. The bracket makes it possible to slide the lamp back and forth. You easily attach it with screws – or with double-sided adhesive tape on glass and metal surfaces. The LED light source consumes up to 85% less energy and lasts up to 20 times longer than incandescent bulbs. Easily direct the light where you like since the arm can be bent 180° and the lamp head angled 90°. You can turn up to six light sources on and off simultaneously if you complete with ANSLUTA driver. If you also want to be able to dim, choose TRÅDFRI driver and STYRBAR remote control or RODRET wireless dimmer instead. Sold separately.

TRÅDFRI LED driver Now it's really easy for anyone to use smart lighting. This driver allows you to connect your integrated lighting from IKEA — turn on, turn off and dim so you always have the right light and mood at home. When you add the DIRIGERA hub and IKEA Home smart app, you can create several groups of light sources and control them in different ways. Use the wireless dimmer to dim, turn on/off up to 10 light sources — all will behave in the same way. Helps lower your electric bill because dimming the lights saves energy. Must be completed with ANSLUTA power supply cord, sold separately.

ANSLUTA LED driver Use the ANSLUTA LED driver together with YTBERG or TVÄRDRAG cabinet lighting for conventional on and off functionality. You can connect up to six units to the LED driver, as long as the total wattage does not exceed 19 W. Power consumption standby/off mode: <0.75 W.

L11'6"	904.058.45

DIRIGERA Hub for smart products DIRIGERA hub is the heart of a smart home as it enables you to connect and control your smart products in the IKEA Home smart app. You can control your smart home using one or multiple mobile and tablet devices - just download the app to each one. DIRIGERA hub requires a Wi-Fi network and connects to your router with the provided cable. Together with the IKEA Home smart app, the DIRIGERA hub brings the most benefits to your smart home.

	105.034.06

STYRBAR Remote control STYRBAR remote control allows you to control multiple light sources with a click. Create atmosphere by dimming and adjusting color and warmth of the lights. A magnet makes it easy to attach the remote control to the wall bracket. Requires 2-AAA batteries. IKEA recommends our sustainable LADDA rechargeable batteries. Batteries are sold separately. Works with IKEA Home smart.

How to choose integrated lighting

Now you can choose cabinet lighting placed on top of the cabinet to help you see what's on the top shelf it also provides a nice and cozy atmosphere in the entire room when the cabinet doors are closed. A perfect choice if there is little space between the top and the ceiling, and the spotlight brightens up the inside of your cabinets and creates cozy mood lighting under the shelf. You can even connect to IKEA's Smart lighting ranges using the remote control or wireless dimmer and DIRIGERA hub.

TRÅDFRI LED driver

ANSLUTA connection cord

ANSLUTA power supply cord

STYRBAR remote control and RODRET wireless dimmer for more lights function.

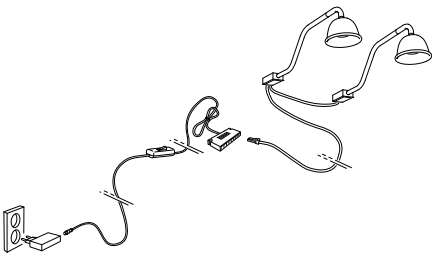

DIRIGERA hub

See All the parts list for more information about each product.

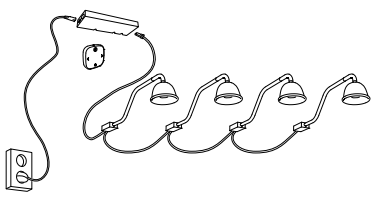

How to choose a driver

There are two LED drivers. Choose based on how many units you want to connect. For the 10W driver you can connect up to six units, as long as the total wattage does not exceed 10W. The 30W LED driver can support up to nine units, max. wattage 30W. You can connect up to 10 drivers in one installation cord. Flashing lights indicate that the maximum wattage of the LED driver is exceeded. If you want to use more than one LED driver, make sure to synchronise each LED driver with the STYRBAR remote control or RODRET wireless dimmer so that the entire combination can be dimmed at the same time.
Make your cabinet lighting smart by adding the DIRIGERA hub. You can control your lights from the IKEA Home smart app and create a mood together with your other smart lighting.

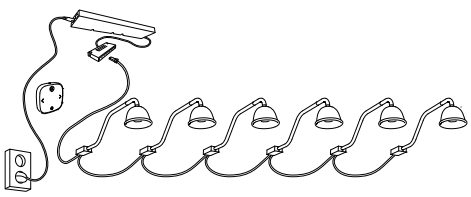

On/off function

Dimming function

You can connect up to six lamps to TRÅDFRI driver, 10W.

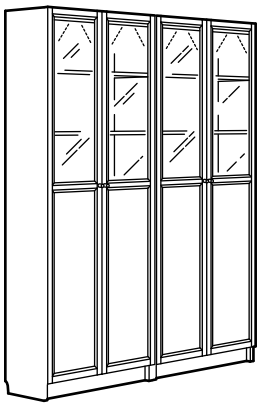

You can connect up to 18 lamps to TRÅDFRI driver, 30W, but max. six lamps in each group.

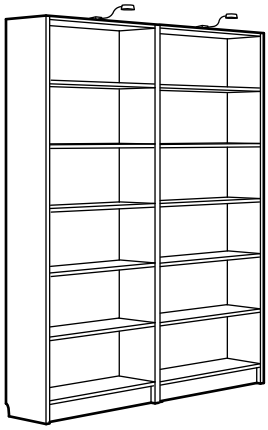

Inside the cabinet, over the cabinet and spotlight

ÖVERSIDAN Easy to install inside the cabinet frame – at the top or under a shelf by using the included fittings.
TVÄRDRAG and YTBERG are cabinet best friend - lights things up and spreads a soft light that create a cozy atmosphere in the room. It also provides a focused light that is good for lighting smaller areas. Use it on top of a cabinet in the living room, a perfect choice if there is little space between the top and the ceiling.

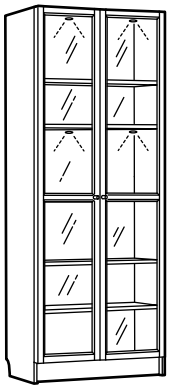

MITTLED and STRIMSÄV LED spotlight brightens up the inside of your cabinets and makes it easy to see and find what you need. Show off your beloved dinnerware collection. The lighting enhances the atmosphere and gives a good overview of things inside your cabinets. Easy to install on your own – no electrician needed.

SERVICES

IKEA products are designed to be taken home and assembled by you. That way, you'll save the most money. But if you would like some help, we can offer a range of services. Assembly and delivery services fulfilled by an Independent Service Provider.
Contact your local IKEA store or visit the IKEA website for details: IKEA-USA.com/services

DELIVERY SERVICE

Most of our products are designed and packaged so that you can take them home yourself. If you prefer, we can arrange for delivery of your purchases directly to your home or business. Same day, next day or same week deliveries are available. We can also arrange for delivery at a later date if you would like.

TASKRABBIT ASSEMBLY SERVICE

All IKEA products are designed to be assembled by you, but you don't have to. We've partnered with TaskRabbit to connect you with a network of independent 'Taskers' who can provide quick and convenient assembly and mounting services for your IKEA purchases made online and in stores. You can schedule assembly service for as soon as the same day, with the Tasker of your choice. Visit TaskRabbit.com/IKEA or see a co-worker for more details.

Services and prices may vary, please see IKEA-USA.com/services or talk to us in your local IKEA store.
