The sofa that moves the living room outdoors
As the outdoor space becomes an increasingly important part of the home - where we eat, hang out, rest and read - it should be just as comfortable and flexible as the inside of the home. That's why we made HAVSTEN flexible sofa in powder coated steel with fluffy, comfortable cushions that resist both broiling sunlight and light rain. HAVSTEN is a durable and neutral base that you can easily add to and move around to create your own personal living room under the open skies.

HOW TO BUILD

To make HAVSTEN really flexible, we completely separated its parts. Although you build HAVSTEN based on sections, each one-seat section consists of parts you buy and pick separately. The seat and back are one part. The armrest sides are one part. As you add on one-seat sections, you will need supporting stands. If you're building bigger than a 4-seat sofa, look for add-on units. One thing's the same. We've still made it as easy as possible to buy with our ready-made combinations.
The best way to extend the life of your outdoor furniture is by cleaning it regularly and not leaving it outdoors unprotected more than necessary.

**Metal**
Clean: With a mild soapy solution.

**Mesh**
Handwash. Do not bleach. Do not tumble dry. Do not iron. Do not dryclean.

**Cushion cover**

**Storing**
Sofa frame:
If possible, store in a cool dry place indoors. If the furniture is stored outside, cover it with a waterproof cover. After a rain or snowfall, wipe off excess water or snow from flat surfaces. Allow air to circulate to avoid condensation. In freezing temperatures, plastic can weaken and is not recommended for use.

Cushions:
Store the sofa cushions in a cool, dry place indoors when the season is over, preferably in a storage bag or storage box to protect from dirt and dust. Make sure the cushions are completely dry before storing them away.
