# VINTERFINT Scandinavian with a twist

The VINTERFINT 2022 collection is filled with decorative items and holiday essentials to help make the holidays feel magical again.

Designer Eva Lundgreen found inspiration for the collection's colors and patterns in her childhood memories of holidays on her grandmother's farm in Jämtland. Folkloric art-inspired prints and

fairytale figures feature prominently in the collection and get a fun, modern twist with soft pastels and stripes.

With everything from table linen and tree ornaments to gift bags and wrapping paper, the VINTERFINT 2022 collection makes it easy to prepare for the holidays and create lasting memories.

Traditionally, oranges studded with cloves were hung during the festive season to bring good fortune. Now you can enjoy this Yuletide tradition by lighting an orange and clove scented VINTERFINT 2022 candle.

*I love the playfulness of elves in Scandinavian fairytales. I wanted to bring that same playfulness to the patterns we created for the VINTERFINT 2022 collection.*
