Protecting and caring for JUTHOLMEN

The best way to extend the life of your outdoor furniture is by cleaning it regularly and not leaving it outdoors unprotected longer than necessary.

Storing

JUTHOLMEN sofa frame

If possible, store in a cool dry place indoors. If the furniture is stored outside, cover it with a waterproof cover. After a rain or snowfall, wipe off excess water or snow from flat surfaces. Allow air to circulate to avoid condensation.

In freezing temperatures, plastic can weaken and is not recommended for use.

Cushions

Store the sofa cushions in a cool, dry place indoors when the season is over, preferably in a storage box to protect from dirt and dust. Make sure the cushions are completely dry before storing them away.

Cleaning

Wipe clean with a mild soapy solution.

KUDDARNA seat cushion cover is removable and machine washable; the back cushion can be hand washed.

FRÖSÖN and JÄRPÖN cushions covers are removable and machine washable.
