

2016 IKEA Recalled Chest and Dresser Guide

IKEA chests and dressers included in the 2016 recall were manufactured through June 2016.

IKEA US stopped selling most of the dresser families included in the recall after 2016 (Section 2). Some dresser families continued after the recall, but with structural differences that make them easy to identify (Section 1).

You can also look for a date stamp with a date code lower than "1622". Date stamps are typically located on the inside of the top or side frame of the dresser.

Updated recall refund pricing: As of March 25, 2026, there is a new pricing structure for refunding customers returning recalled IKEA dressers:

IKEA refund card	Cash refund
\$75	\$50
\$95	\$65
\$115	\$80
\$175	\$110
\$250	\$160

For photographs and refund pricing for your dresser, start with the table of contents on the next page.
