Comfortable sofa at an attractive price
KIVIK seating series is made for people who want extra comfortable seating, without it costing more than necessary. Every detail, inside and out, is adapted to give you as much comfort as possible. You can also combine the different parts in the series in different ways to suit you and your home. This way, you always have room for relaxation.

Count on maximum comfort
The seat cushions in KIVIK seating series are made of pocket springs, high-resilience foam and polyester fibers — adding both relaxing softness and firm support where your body needs it. The wide armrests have a thick padding that's nice both to rest your neck against and to sit on. If you choose to add a chaise and ottoman you will have a combination you can really stretch out on — and count on maximum comfort when you sit down on the sofa.

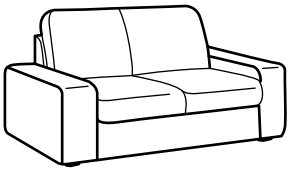

Choose your own combination
It's easy to adapt KIVIK seating series to suit your home and your needs. You can, for example, combine the sofas with a generous chaise for extra room and comfort or add the corner section to create an even bigger combination to seat as many people as you like. You have every possibility to create your own personal solution!

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com/stockavailability. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

Fabric sofas

Our fabrics have been tested
At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home — and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways
Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibers can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa, of course.

	Washing instructions	Resistance to abrasion (cycles)	Light-fastness (1-8)
Tresund fabric has a structured surface created by irregular yarns and material blends. It has a stable yet soft hand feel. 55% cotton, 25% polyester, 12% viscose/rayon, 8% linen.	Machine washable warm	30,000	5
Kelinge is a soft, wide-wale corduroy fabric that has a slight lustre. The thickness of the corduroy gives a comfortable feeling. 100% polyester.	Machine washable warm	50,000	5
Tibbleby is a fabric with a smooth surface, slight lustre and a discreet herringbone pattern. 100% polyester.	Machine washable warm	50,000	5-6

Leather with coated fabric

Our fabrics have been tested
KIVIK leather sofa is a combination of our 3⁄64" thick grain leather called GRANN, which is a soft yet durable dyed-through leather, and BOMSTAD coated fabric. Coated fabric has the look and feel of leather at a lower cost.
This is why IKEA often uses a combination of both, with leather on direct contact areas such as seating surfaces and armrests (1), and coated fabric on other outer surfaces (2).

Grain leather
The natural variations in the hide are visible, as the leather is treated with only a light color coating for protection. The leather will acquire a beautiful patina over time. It's also easy to care for — just vacuum regularly with the soft brush attachment on your vacuum cleaner.

SERVICES

IKEA products are designed to be taken home and assembled by you. That way, you'll save the most money. But if you would like some help, we can offer a range of services. Assembly and delivery services fulfilled by an Independent Service Provider. Contact your local IKEA store or visit the IKEA website for details: IKEA-USA.com/services

DELIVERY SERVICE

Most of our products are designed and packaged so that you can take them home yourself. If you prefer, we can arrange for delivery of your purchases directly to your home or business. Same day, next day or same week deliveries are available. We can also arrange for delivery at a later date if you would like.

TASKRABBIT ASSEMBLY SERVICE

All IKEA products are designed to be assembled by you, but you don't have to. We've partnered with TaskRabbit to connect you with a network of independent 'Taskers' who can provide quick and convenient assembly and mounting services for your IKEA purchases made online and in stores. You can schedule assembly service for as soon as the same day, with the Tasker of your choice. Visit TaskRabbit.com/IKEA or see a co-worker for more details.

*Services and prices may vary, please see IKEA-USA.com/services or your local IKEA store for details.
