Pocket springs

Removable, washable cover

Choice of cover

The EKHOLMA sofa series includes a free 10-year limited warranty. For details see [IKEA.us/warranty](https://www.ikea.us/warranty)

Sophisticated exterior – comfy interior

EKHOLMA sofa has an elegant look with visible wooden legs and a removable, washable and fitted cover with piping. Pocket springs that move independently provide comfort and allow the sofa to regain its shape when you get up from it.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting [IKEA-USA.com](https://www.ikea-usa.com). For more detailed product information, see the price tag or visit [IKEA-USA.com](https://www.ikea-usa.com). All products shown require assembly. All textiles shown are imported.

Good to know

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibers can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light-fastness (1-8)
Hakebo cover feels soft and smooth and has a nice texture that makes the sofa comfortable and inviting.	Machine washable, warm	50,000	5
The soft-to-the-touch Kilanda fabric has a melange effect and texture that gives the fabric a vibrant expression.	Machine washable, warm	55,000	6
Hemmesta cotton and polyester fabric has a lot of character with texture, irregular yarns and colors that go tone-on-tone.	Machine washable, warm	55,000	5
