AURDAL

Buying guide

Storage system

Care instructions
Wipe clean with a cloth dampened in a mild cleaner. Wipe dry with a clean cloth.

Safety
Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

Different wall materials require different types of hardware. Use hardware (sold separately) suitable for the walls in your home.

With an elegant and modern design AURDAL is the answer to all your storage issues. AURDAL has design features as the long legs create a sleek look which is also convenient since you don’t need to think about your plinth. AURDAL is developed to utilize the small and tricky spaces in your home. With an easy assembly you can install your AURDAL solution even in narrow reach in closets without any trouble. With several different functions it is easy to customize your new storage solution tailored to suit your needs, choose between drawers, shelves or clothes rails to create your perfect fit. So now you only need to decide – do you prefer AURDAL in white or dark gray?
How to build

AURDAL is a simple system that can do so much for you. It’s easy to assemble and you can customize it to suit all your storage needs. How do you pick a combination? We have some great ready made solutions but you can also design your own unique combination from scratch. There are four simple steps to follow:

1. First of all you need to take in consideration of the space you have at home. All AURDAL combinations starts with the suspension rail. It’s important to make sure the suspension rail fits in the area where you’re planning to install your new wardrobe. The suspension rail comes in two sizes, 25⅝” and 49¼”. If your space is bigger than that you can always place them next to each other to build a wider solution. And what about the height? All AURDAL wardrobes comes in one height which is 87”.

2. When you have decided on the width of your wardrobe it’s time to think about the AURDAL sections. You assemble your sections by hanging two side panels with legs on the suspension rail. The side panel have a cut out in the back so it’s easy to hang it on the suspension rail and move it around to find the correct spot. One section is always 23⅝” including the side panels.

Do you want to have two sections next to each other? Or maybe even more than that? No problem! Since the side panels have holes on both sides it allows you to assemble AURDAL interiors on both sides. For example, if you want to have two AURDAL sections you would only need 3 side panels with legs.

3. The next step in the planning of your new wardrobe combination is shelves. You always need to place one shelf at the top of one AURDAL section and one at the bottom, this will make your wardrobe both sturdy and functional.

4. Now the rest is up to you! It’s time to plan the interiors of the wardrobe. It’s a good idea to think about what you need to store. Do you want to store dresses and shirts for example? AURDAL offers both a clothes rail that you can place inside your section but also an extendible one that you can use in the space between the wall and your AURDAL section, so you can utilize all the space that you got available.

Do you need to store all your t-shirts or sweaters? Then a shelf or a wire basket might be able to help you out. Or maybe you want to be able to hide away your items? The AURDAL system also comes with a drawer. No matter what you want to store you can customize your AURDAL units after all your needs.
## Ready made combinations

Integrated lighting

Make it easier to see what you need and find your favourite outfit faster with integrated lighting for your wardrobe. No more bright lamps or waking your partner to find things in the morning. Instead, you can start your day in a pleasant way as you open your wardrobe and the soft light switches on.

**STÖTTA LED cabinet lighting strip with sensor** Battery-operated, White. Developed with AURDAL in mind. The light switches on and off automatically when you open or close the door, so no energy is wasted. Ideal for behind hinged doors and in drawers to light up what you need to see without disturbing others. Batteries are sold separately: 4 pcs AA required (2 for 13" version). IKEA recommends LADDA rechargeable batteries. With new, fully charged LADDA AA 2450 mAh rechargeable batteries, one charging will last approx. 1.5 months if the lighting strip is used 5 minutes per day.

**Services**

IKEA products are designed to be taken home and assembled by you. That way, you’ll save the most money. But if you would like some help, we can offer a range of services. Assembly and delivery services are fulfilled by an Independent Service Provider. Contact your local IKEA store or visit the IKEA website for details: IKEA-USA.com/services

**DELIVERY SERVICE**

Most of our products are designed and packaged so that you can take them home yourself. If you prefer, we can arrange for delivery of your purchases directly to your home or business. Same day, next day or same week deliveries are available. We can also arrange for delivery at a later date if you would like.

**PICKING WITH DELIVERY SERVICE**

We’ll collect the products on your shopping list from throughout the store and arrange to have everything delivered to your home or office. See an IKEA co-worker and tell them what you’re looking for and they will book and print your items on a customer order. Take this order to the check-outs and pay for your purchases both goods and services. And you’re on your way!

**ASSEMBLY SERVICE**

For online and in-store purchases, TaskRabbit offers quick and convenient assembly and mounting for your IKEA purchases made online and in select stores. Plus, enjoy flat rate pricing created just for IKEA products.

Services and prices may vary, please see IKEA-USA.com/services or talk to us in your local IKEA store.
