BILLY

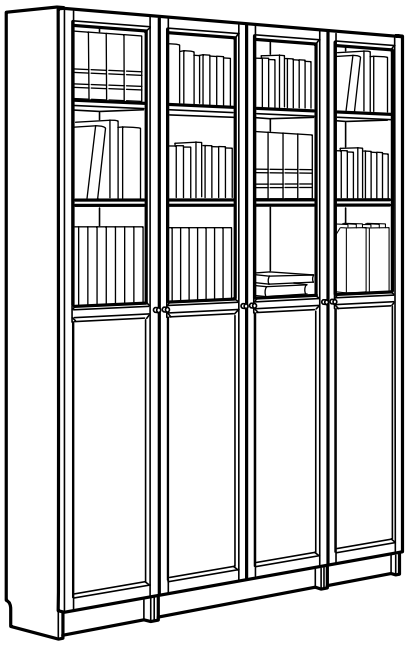

Bookcase series

Safety

Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

Different wall materials require different types of hardware. Use hardware (sold separately) suitable for the walls in your home.

Tempered glass should be handled with care! A damaged edge or a scratched surface can cause the glass to break suddenly. However, it will only break into small pieces, never into sharp fragments.

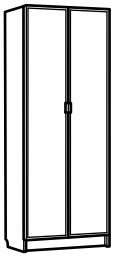

Storage for all occasions and needs
BILLY bookcase is a beloved icon that never goes out of style. Thanks to its versatility you can use it in many different ways at home – regardless of whether you store books or everyday items in it. A single unit can be enough, but you can also add more bookcases, extension units and shelves to create a larger and more personal combination. BILLY is available in different heights, widths, and expressions so you can always find a storage solution that suits you and your home!

Better and better, day by day
BILLY was launched in 1979 and is just as popular today. We're constantly working to make the series even better, more relevant and more useful. Some changes, like new wooden expressions, you see right away. Others take longer to discover, for example that BILLY is made of high-quality paper foil and that the back panel fixes in place with snap fittings. This makes it easy to assemble and disassemble, so you can bring it when moving and continue to enjoy your BILLY for years.

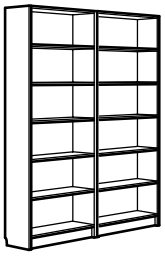

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com/stockavailability. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

Integrated lighting

Conventional or connected smart IKEA lighting?
Good lighting makes life easier and helps you set the right mood. The options here are made for furniture like BILLY. They let you light up your favorite pictures and collections and enjoy the cozy reflected light. And of course lighting makes finding things easier, on shelves or even inside cabinets. The TRÅDFRI LED driver makes MITTLED, TVÄRDRAG and YTBERG smart and gives it the ability to be wirelessly dimmed with the TRÅDFRI wireless dimmer and to be connected to the DIRIGERA hub.

When you use the DIRIGERA hub, you can control TRÅDFRI connected lighting from the IKEA Home smart app in different ways together with other TRÅDFRI lighting in your home. The smart remote control lets you dim and change the color temperature from colder to warmer light without moving from your favorite spot. All our lighting is energy-efficient LED, saving money on your electricity bills.

MITTLED LED spotlight 3", 2.2 W. Provides a focused light that is good for lighting smaller areas. To be completed with TRÅDFRI LED driver and ANSLUTA power supply cord. Dimmable with TRÅDFRI wireless dimmer and DIRIGERA hub, sold separately.

White	404.536.45
Aluminum-color	304.536.55

TVARDRAG LED cabinet lighting A lovely traditional cabinet lamp. The metal shade creates a direct light that illuminates your cabinets. If you want the lamp's light to be directed into your display cabinet, just angle the lamp head inwards. You can turn up to 6 light sources on and off simultaneously if you complete with ANSLUTA driver. If you also want to be able to dim, choose TRÅDFRI driver and remote control instead, sold separately.

Black, 1.5 W	405.168.41

YTBERG LED cabinet lighting 2W.
Built-in LED light source. You can bend, angle and move this slim lamp sideways to direct the soft light precisely over your cabinet or wardrobe. A perfect choice if there is little space between the top and the ceiling.

Black	105.278.98
White	505.168.31

TRÅDFRI Wireless dimmer With TRÅDFRI wireless dimmer you can dim your lights without a hardwired installation. Battery is included, and lasts approx. two years.

	104.085.98

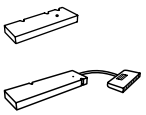

STYRBAR Remote control With STYRBAR remote control you can dim your TRÅDFRI connected lighting without a wired installation. A magnet makes it easy to attach the remote control to the wall bracket. Requires 2-AA batteries. IKEA recommends our sustainable LADDA rechargeable batteries. Batteries are sold separately. Works with IKEA Home smart.

White	804.883.70
Stainless steel	504.636.15

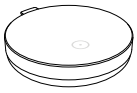

ANSLUTA LED driver with cord You can connect up to six units to the LED driver, as long as the total wattage does not exceed 19 W. Power consumption standby/off mode: <0.75 W.

L2⅞"	904.058.45

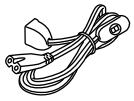

TRÅDFRI LED driver Now it's really easy for anyone to use smart lighting. This driver allows you to connect your integrated lighting from IKEA — turn on, turn off and dim so you always have the right light and mood at home. When you add the DIRIGERA hub and IKEA Home smart app, you can create several groups of light sources and control them in different ways. Use the wireless dimmer to dim, turn on/off up to 10 light sources — all will behave in the same way. Helps lower your electric bill because dimming the lights saves energy. Must be completed with ANSLUTA power supply cord, sold separately.

Up to 10W, connect up to 3 fixtures	103.561.89
Up to 30W, connect up to 9 fixtures	603.426.61

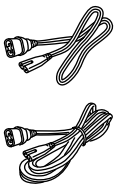

DIRIGERA Hub for smart products
With DIRIGERA hub and app you can control each light source individually, create different types of lighting settings, and control them by the IKEA Home smart app or personal assistent via Apple HomeKit, Amazon Alexa or Google Home.

White	505.034.14

ANSLUTA Power supply cord Main power supply connector for IKEA integrated lighting products using the TRÅDFRI driver. Turn them all on and off simultaneously with a single cord switch.

11'6"	301.214.11

ANSLUTA Intermediate connection cord Can be used as a direct connection between TRÅDFRI LED drivers, e.g. between two sections of wall cabinets, with one single connection to the main supply.
