BUYING GUIDE

Professional office

Furniture for every office
We have furniture for every kind of office — from the small to the fully staffed. And everything to make a modern company run smoothly and efficiently, from desks, storage and chairs, down to lamps and desk accessories. Choose between desks of different sizes and shapes, comfortable work chairs that support your back — and finish by creating a unique storage solution for your needs. At IKEA, our office furniture has great design, smart functions and high quality. And it's been tested for office use so you can be sure it can take tough days at work, year after year.

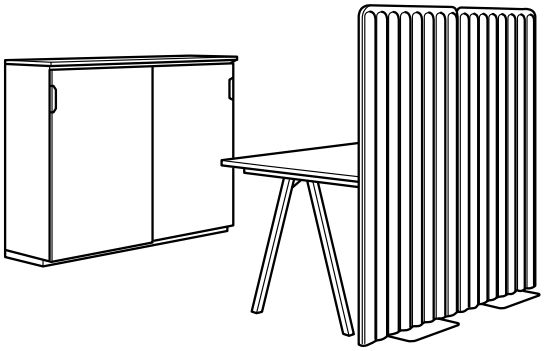

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

GOOD TO KNOW

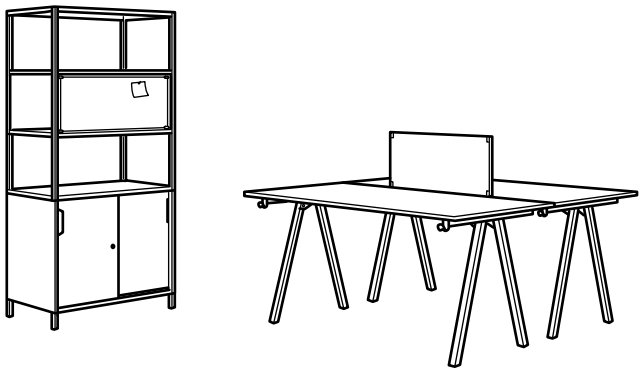

Versatile screens for many needs
Our screens serve different needs. You can use them to create a pleasant and welcoming reception area, to provide privacy in an open plan office or to reduce sound. Or all of these things.

Flexible storage to hide away or display
BEKANT storage units on casters are easy to get out of the way when you want to turn the workplace into something else. Small office supplies fit perfectly in the small storage units, and high units can also be used as presentation desks. ROTHULT lock allows you to lock your personal stuff without any key.

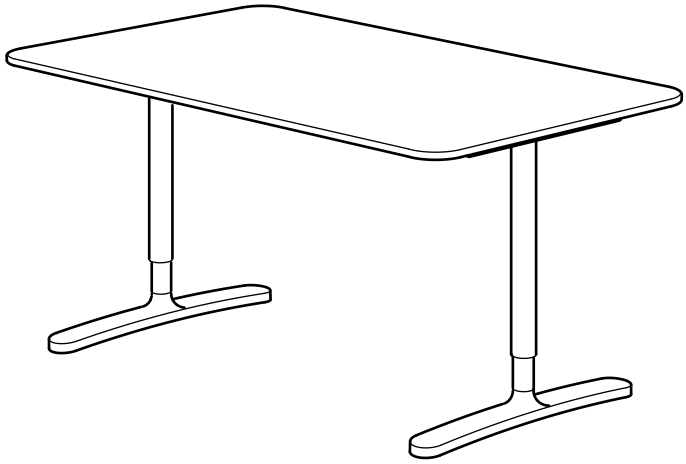

Fexible meetings
TROTTEN meeting tables are easy to move around so you can adapt the solution to different situations — a presentation or a workshop, and for working alone or together. Complete with LIDKULLEN sit/stand support and ELLOVEN whiteboard/notice board, freestanding and mobile.

More desks on less space
By placing desks back to back you can save space. You can do this with desks of different shapes and sizes. For instance, straight desks back to back or four corner desks with their corners meeting at the center. There are many possibilities. This back-to-back desk arrangement saves time and makes it easier for colleagues that work in teams to communicate and collaborate. You can also choose to put screens between the desks to create more individual and private workspaces.

DESKS AND CONFERENCE TABLES

Desks for many different needs
BEKANT desks come in many shapes and sizes, so it's easy to find one that perfectly suits your needs. You can choose between everything from a small desk to a corner desk with a generous depth that makes it perfect for computer work. A net for cable management is included and helps you keep the area around your desk free of messy cables.
If you want to have a softer surface, you can choose a linoleum table top that has natural ingredients in it. It's so nice to write on it. It's also kind to your eyes as it doesn't reflect the light.

Tested for tough treatment
The BEKANT, IDÅSEN and TROTTEN desk series have been tested according to the highest standards for professional office use (ANSI/BIFMA X:5.5 for desks and ANSI/BIFMA X:5.5 for conference tables) and meet our strict standards for quality and durability.

That means that the series has undergone a number of thorough tests. And this is how we know that all the desks are durable and can take heavy loads, and that the surfaces resist both scratches and strains. This makes them a reliable workmate that live up to your high demands and can withstand hard work — day after day, year after year.

Design
TROTTEN: Francis Cayouette
BEKANT: Karl Malmvall, Eva Lilja Löwenhielm
IDÅSEN: Jon Karlsson

Care instructions
Wipe clean with a mild soapy solution.

Includes a free 10-year limited warranty. For details, visit IKEA-USA.com/warranty

"Desk Control" app can only be used for IDÅSEN sit/stand desks in some languages*. Go to your Google Play or APP store to download the Desk Control app. The app will take you through the process of installing your Desk Control.

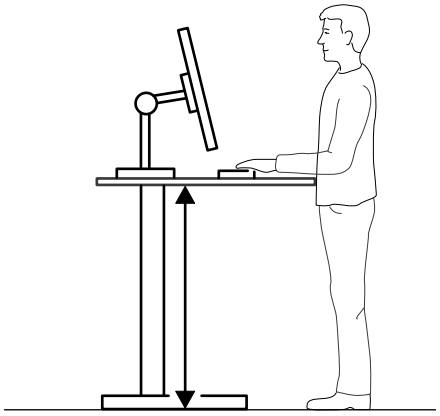

*English, German, French, Italian, Spanish, Japanese, Chinese, Korean

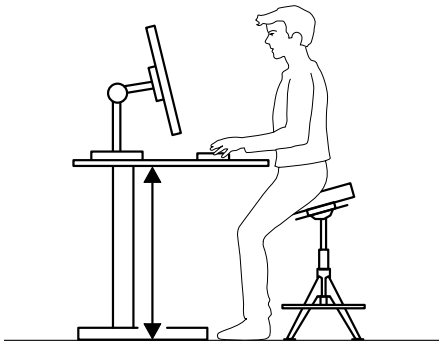

GOOD TO KNOW

1. Height adjustable legs allow you to assemble your desk at a height that suits you. If you have the sit/stand underframe you can raise and lower the desk with the touch of a button.
2. The curved shape of the table top gives support to your wrists and forearms when typing.
3. It’s easy to keep your desk neat and tidy with the cable management net under the table top.
4. Surfaces in veneer and melamine foil are durable, stain resistant and easy to keep clean.

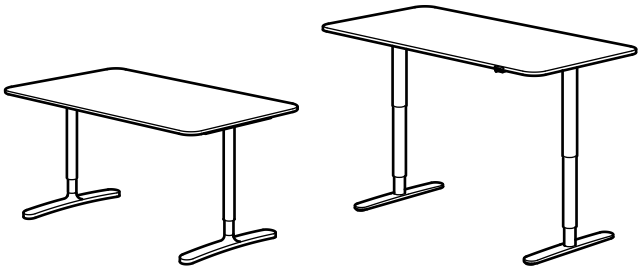

With BEKANT and IDÅSEN sit/stand underframe you can raise and lower your desk by the simple touch of a button, and TROTTEN sit/stand underframe by just cranking the handle. That helps you to change working positions often and keeps your body active. The positions for sitting and standing are 22–48" for BEKANT, 24¾–50" for IDÅSEN, and 28⅜–48" for TROTTEN sit/stand desks.

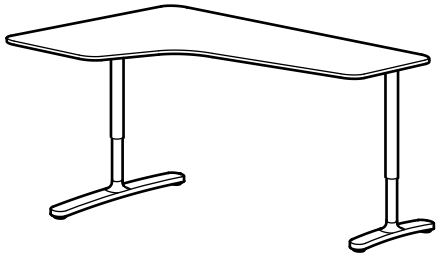

You can use TROLLBERGET active sit/stand support stool to get a more open posture which is good for your blood circulation and core muscles.

COMBINATIONS

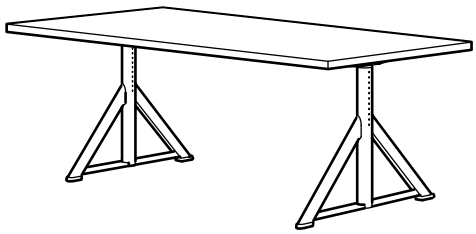

Adjustable in height. With our BEKANT sit/stand desk you can adjust the height of the table top electrically from 22" to 48" to ensure an ergonomic working position. Changing positions between sitting and standing helps you move your body so you both feel and work better.
This combination 63×31½".

Choose your table top and base from a variety of available finishes.

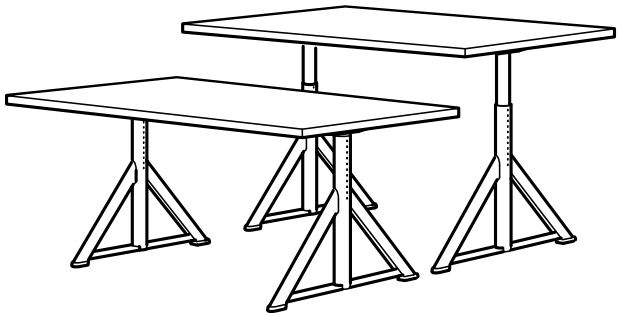

Ergonomic workspace. BEKANT contoured table top provides support to the wrists and forearms when writing, relieving strain on your shoulders during long working hours.
This combination 63×43¼".

Choose your table top and base from a variety of available finishes.

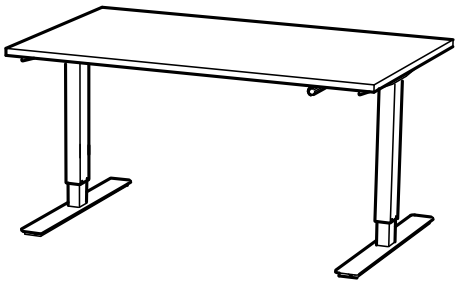

Generous workspace. IDÅSEN table top gives a generous work surface and lets you sit at a comfortable distance from the computer.
This combination 63×31½".

Table top in black or brown
with **underframe** in beige or dark gray

Adjustable and flexible. With IDÅSEN sit/stand desk you can adjust the height of the table top electrically from 24¾" to 50" to ensure an ergonomic working position for yourself. You can also use a “desk controller” app to set your favorite heights if you share your desk.
This combination 47¼×27½".

Table top in black or brown
with a **sit/stand underframe** in beige or dark gray

Adjustable and flexible. With TROTTEN sit/stand desk you can adjust the height of the table top from 28⅜ to 48" by cranking the handle and get the best position for both sitting and standing, to ensure an ergonomic working position for yourself. Changing positions between sitting and standing helps you move your body so you both feel and work better.
This combination 47¼×27".

Table top in white with a **sit/stand underframe** in white

Table top in beige with a **sit/stand underframe** in white

COMBINATIONS

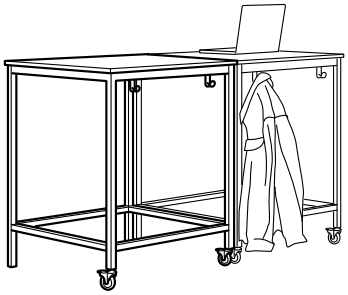

Meeting place. The TROTTEN, TOMMARYD, and IDÅSEN meeting and conference tables provide you with the flexibility to plan and furnish your workspace according to your and your organization's changing needs. You can place the tables for formal meetings, creative workshops, focused individual work or teamwork. And then easily rearrange the space whenever called for, as the tables are so lightweight. An added smart detail — you can hang your bag or jacket on the hook under the table.

Complete with LIDKULLEN sit/stand stool support for a better ergonomic position when sitting at a high table. The smart mechanism moves you when seated, keeping your body in constant motion — strengthening muscles and the spine, giving you a naturally healthy posture.

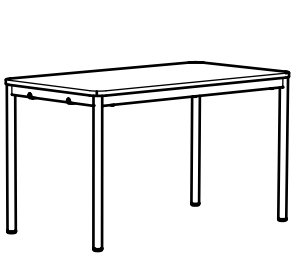

The footrest provides well-needed support for your legs during long meetings or phone calls.

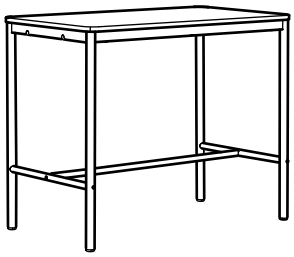

The casters make the TROTTEN meeting tables easy to move around — and since the casters are lockable, the tables stand steady wherever you choose to put them.

DESK ACCESSORIES

KVISSLE Letter tray Cork liner in the bottom keeps the papers in place. Pull-out compartments make it easy for you to access your papers. You can also turn the letter tray on its side if you want to store and organize your papers vertically.

White	701.980.31

KVISSLE Wall magazine rack You can hang on the wall. 18×13½×3½".

White	901.980.30

TROTTEN Noticeboard Pinboard on one side and whiteboard on the other — so you can put up or write down the things you need to remember. To be mounted to TROTTEN desk or cabinet as a practical work surface or room divider for more privacy between workspaces. 30×13".

White	904.747.68
Anthracite	304.926.90

VATTENKAR Laptop/ monitor stand
You can use this stand in different ways – as a fixed shelf for storing small things and a keyboard or as two separate supports or on higher support, depending on the height you want. By placing the monitor at the correct height, you reduce the strain on your back and shoulders, resulting in better ergonomics. As an extra divider on top of or in a bookcase, the stand becomes a nice detail that helps you make the most of vertical space. 20½×10¼×5½".

Birch	805.415.65

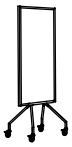

VATTENKAR Desktop shelf
Forget the drill. You simply screw this white shelf unit directly onto the table top – and in a flash you've created room for small things or a divider where you can have plants, in the office or at home. 19¼×6×14¼".

White	205.415.68
Black	405.415.72

ELLOVEN Monitor stand with drawer. By placing the monitor at the right height, you relieve strain on your neck and shoulders. An easy-to-use and practical ergonomic solution. 18½×10¼×4".

White	504.747.70
Anthracite	004.851.01

ELLOVEN Whiteboard/noticeboard with casters
Freestanding, mobile and double-sided whiteboard, both for writing and pinning up pictures and notes. Great support for virtual meetings with colleagues and on-site customer presentations. 27½×70⅞".

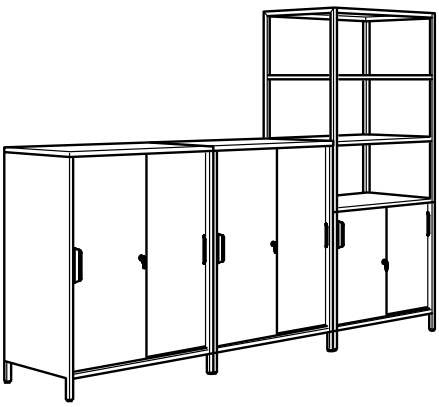

White	704.747.69

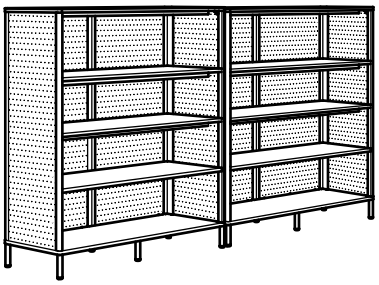

KOPPLA Power strip with five outlets and two USB ports
You can charge your smartphone, computer and other devices all at the same time since the power strip has five individual outlets and two USB ports. L12×W2".

White	102.808.25

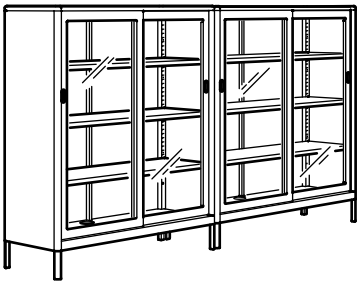

STORAGE

TROTTEN

BEKANT

IDÅSEN

Professional and personal
You can choose between TROTTEN, GALANT, BEKANT and IDÅSEN storage according to your needs and style. They are specially developed to suit all types of professional offices — both when it comes to smart functions and high quality. You can choose, for example, between different heights and widths, storage with only drawers or combined with file storage and drawer units. You can also use some of the pieces in the series as room dividers — a good way to create a calm corner to work in.

All storage at the office
Everything from binders and paper to printers and computers — not to mention cords and cables. Our storage series solves all of the most important and usual storage needs at the office. In GALANT, all units have built-in cable management and ventilation to ensure there's no risk of your electronic equipment overheating.

TROTTEN series includes such smart products as a double-sided cabinet which is accessible from both sides. With TROTTEN noticeboards attached to the TROTTEN cabinet (height 70⅞") you can easily create a communication area to write and pin on. Sturdy TROTTEN cabinets are lightweight so it is easy to move them around to create dedicated areas for work, meeting and collaborating. Most of the BEKANT storage units have wheels so you can change your workspace into something else when you are done. You can also use ROTHULT smart lock with your BEKANT and IDÅSEN storage to keep your important things safe.

Tested for a long, hard life at work
All storage units have been tested for office use and meet the requirements for safety, durability and stability set forth in the following standard: ANSI/BIFMA x5.9.

That means that they have undergone a number of tough tests. For example, we've made sure that the surfaces can withstand heavy wear and tear, and that all drawers and sliding doors will run smoothly even after a long time.

Design
BEKANT and GALANT storage: Karl Malmvall, Eva Lilja Löwenhielm
IDÅSEN: Jon Karlsson
TROTTEN: Francis Cayouette

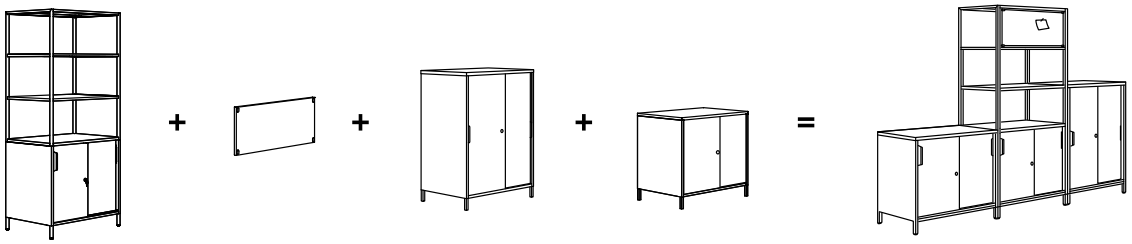

Care instructions
Wipe clean with a mild soapy solution.

10

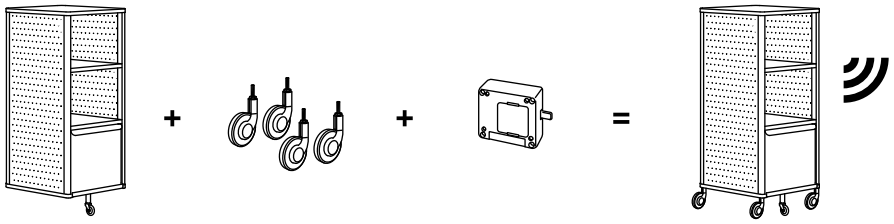

ROTHULT smart lock helps you to lock your storage without any key. It works with the master cards included and/or any card/smartphone supporting NFC/RFID.

WORK CHAIRS

Work chairs that make a perfect match
We have comfortable work chairs for all your needs — swivel chairs for your desk, visitor's chairs and conference chairs. And in many different styles, colors and materials, so it's easy to find the perfect match for both you — and your office décor.

Our swivel chairs have features from simple to advanced. How to choose? Start by thinking about what kind of activities you will do and how much time you will spend sitting in the chair. For fulltime work, you might need one with more adjustable features to help you vary sitting positions. Do you have special needs, i.e., want relief for your back, support for your arms and shoulders? What style do you like? Let your answers to these questions guide you to the perfect work chair for you.

Can take a tough day at work
Our professional chairs have been tested for office use and meet the requirements for safety, durability and stability set forth in the following standards: ANSI/BIFMA x5.1. Check for product specific information on IKEA-USA.com.

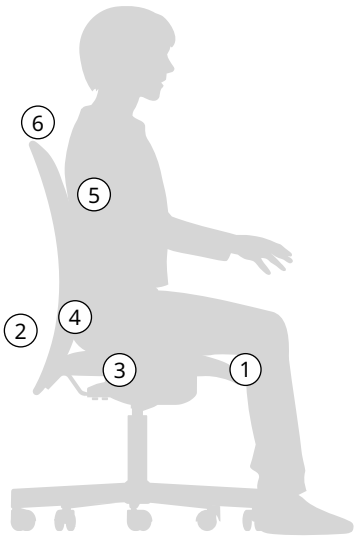

This means we have put the chairs through many different tests and tough challenges. For example, we sized the chair according to both European and American measurement requirements, subjected it to heavy loads and tested the endurance of each part — up to 300,000 times. We did all this to make sure it would be comfortable to sit in, safe to use and capable of enduring fulltime deskwork — for many years.

10

All Work Chairs in this buying guide (except NILSERIK) include a free 10-year limited warranty.
For details, visit IKEA-USA.com/warranty

GOOD TO KNOW

The human body is made to move, so ideally, your workspace should give you the choice of sitting, standing or leaning, allowing you to change positions often.

SITTING

1. You should be able to stretch your legs under the table and turn 90° to the left and right. The hips and knees should be at an angle of approximately 95–100° with your feet flat on the floor. If you share the chair with other people, the height adjustable seat allows all of you to sit comfortably.
2. It doesn't matter if you're short or tall. With an adjustable seat depth or a height adjustable backrest you can try different depths and heights and get exactly the support your legs and back need.
3. A chair with tilt function makes it easy to change sitting position, regardless of whether the tilt function is in the seat or the backrest — or in both places.
4. The lumbar region is where we usually feel the first onset of tiredness. A chair with built-in lumbar support relieves pressure on your back.
5. Armrests reduce strain on arms and shoulders. Adjustable armrests reduce strain even more — regardless of how tall or short you are. Make sure that the armrests don't prevent the chair from being drawn close to the desk, and that they don't restrict your movements.
6. If you've been sitting at your desk for some time, it may feel nice to lean back and change your position for a moment. With a headrest on your chair, your head and neck also get some well-deserved relaxation.

LEANING

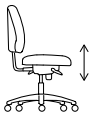

A standing support enables a position between sitting and standing, and it's ideal when you have a height adjustable desk.

- Provides freedom of movement for your upper and lower body.
- Activates and strengthens your body's core muscles.
- Gives you an open posture which improves your circulation and metabolic rate.

STANDING

Don't forget to stand up as well. Alternating between sitting and standing is good for you since it increases circulation and productivity. Check out our height adjustable desks since they're ideal for alternating between sitting, leaning and standing.

GOOD TO KNOW

Height adjustable seat for a comfortable sitting posture regardless of body height.

Adjustable seat depth; easy to adapt for increased support to your thighs and back.

Height adjustable backrest; gives lumbar support and relieves strain on your back.

Lockable tilt function for increased stability in different sitting positions.

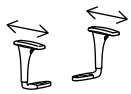

Adjustable tilt tension; increase or decrease the resistance to suit your movements and weight.

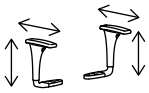

Synchronized tilt function in seat and backrest; the chair follows your movements when you lean forward or back.

Weight compensation mechanism automatically finds the right amount of tilt tension to open up your body when you lean back.

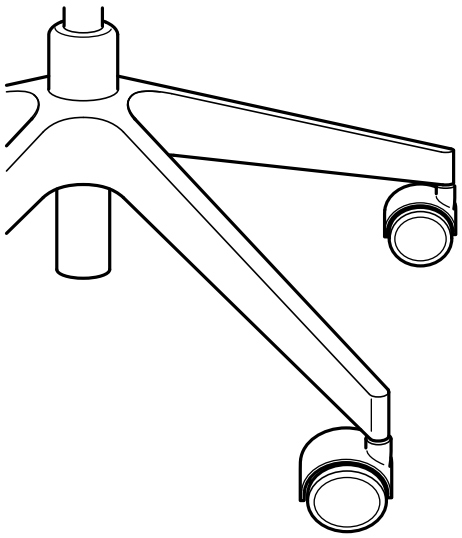

Depth adjustable armrest; adjust the depth according to your needs.

Height and depth adjustable armrests; adjust to relieve strain on your arms and shoulders even more.

SAFETY CASTERS

Chairs should stay where you leave them and not roll away on their own. That’s why we put safety casters on our chairs. The casters have a built-in pressure-sensitive brake mechanism so that they roll freely and easily when you sit on the chair — and brake when you stand up. Note that even though the casters don’t roll when braked, they can still slide on the floor if the chair is pushed.

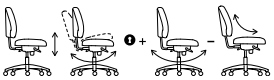

ALL THE PARTS

SWIVEL CHAIRS

MARKUS Swivel chair Seat W20⅞×D18½". Tested for 240 lbs. Height adjustable 18⅞–22½". The mesh material of the backrest lets air through to your back during long sitting periods. Rubber-coated casters run smoothly on any type of floor. Design: Henrik Preutz.

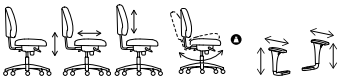

Vissle dark gray	902.891.72

HATTEFJÄLL Swivel chair with armrests Seat W19⅝×D15¾". Tested for 240 lbs. Height adjustable 18⅛-22". Seat and backrest are adjustable in height and give you maximum support regardless of your body height. The safety casters have a pressure-sensitive brake mechanism that keeps the chair in place when you stand up, and releases automatically when you sit down. The height-adjustable armrests will release stress on your shoulders and neck. Design: Monika Mulder.

SERVICES

IKEA products are designed to be taken home and assembled by you. That way, you'll save the most money. But if you would like some help, we can offer a range of services. Assembly and delivery services fulfilled by an Independent Service Provider.
Contact your local IKEA store or visit the IKEA website for details: IKEA-USA.com/services

DELIVERY SERVICE

Whether you're shopping in store or online, and no matter how big the purchase, we can help do the heavy lifting and arrange delivery, by an Independent Service Provider, to your home or business.

TASKRABBIT ASSEMBLY SERVICE

All IKEA products are designed to be assembled by you, but you don't have to. We've partnered with TaskRabbit to connect you with a network of independent 'Taskers' who can provide quick and convenient assembly and mounting services for your IKEA purchases made online and in stores. You can schedule assembly service for as soon as the same day, with the Tasker of your choice. Visit TaskRabbit.com/IKEA or see a co-worker for more details.

Services and prices may vary, please see IKEA-USA.com/services or talk to us in your local IKEA store.

IKEA Projekt Credit Card

Your dream home is now within reach and more affordable than ever. With the IKEA Projekt Credit Card*, you don't have to put off loving every room in your home.

*Credit card offers are subject to approval. IKEA Projekt Credit Card Accounts are issued by Comenity Capital Bank.
