Create your own wardrobe

By combining frames and doors from the PAX series with items from the KOMPLEMENT series of interior organizers, you can create exactly the wardrobe you need. Or you can choose one of our suggested storage solutions and add or remove interior organizers as you wish. Whatever you choose, the result is a wardrobe to suit both your home and your clothes.

Use our planning tools

You can create your wardrobe in the planner found in the PAX area of the store or in the comfort of your own home. Just visit the bedroom section of the IKEA website, go to the PAX planner at **IKEA-USA.com/PAXplanner** and start making a wardrobe uniquely designed for you, by you.

Do it yourself or let us help

You might well be able to do everything yourself, but you don't have to! Let us help make your wardrobe dream a reality with our service offers like home delivery and assembly. Read more at the end of this buying guide or visit **IKEA-USA.com/services**

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

Choose your wardrobe

We have a wide range of PAX/KOMPLEMENT combinations to choose from which you can find in the store or on our website at IKEA-USA.com. If you don't find a pre-designed solution that you like, you can use our PAX/KOMPLEMENT planner to create the perfect solution that suits your needs and taste.

Begin by looking through the ready-made combinations on the web or in the planner gallery and choose one that inspires you. You will then have a pre-designed combination to start from that you can customize to your needs. You can, for example, change the size and the color of the wardrobe, or the interior organizers.

You can also use the planner to design your own unique PAX/KOMPLEMENT combination from scratch. There are three simple steps to follow when choosing your wardrobe solution.

- 1. Choose frames.** Consider how much space you have available in your room. It's important to know the maximum height and width of your new wardrobe. Remember, you can also make the most of unused space with corner units.
- 2. Pick your style.** What color do you want your wardrobe to be? We can offer a wide selection selection of doors in different colors.

3. Choose interior organizers. Think through your day-to-day needs. Do you have a lot of shoes? Then a pull-out tray with shoe inserts could be a good option for you. Or perhaps you have a lot of pants? Then a pants hanger will come in handy. If you keep your summer and winter clothes in the same place, deep baskets will store your clothes neatly away.

Once you have decided on the interior organizers, it's time to add the finishing touches. Complete your new wardrobe with your choice of boxes and inserts from our extensive range of interior accessories. And for a really great result, don't forget the integrated lighting! Simple to install and makes it so much easier for you to find the right outfit.

The PAX/KOMPLEMENT planner helps you to calculate the price of your wardrobe and allows you to print or save a product list that you can bring to the store or use to buy online.

The planner can be found in the wardrobe area of the store or in the comfort of your own home. Just visit the wardrobe department on the IKEA website and go to the PAX/KOMPLEMENT wardrobe planner:
IKEA-USA.com/PAXplanner

Good to know measurements

Hard to know how much space your clothes will take? Here's a useful guide of a few measurements and generic clothes sizes that could come in handy when planning your wardrobe.

1. Plan 7½" to fit HEMMAFIXARE storage boxes.
2. Plan approximately 39" for coats.
3. Plan approximately 32" for blouses.
4. Short dresses need approximately 47".
5. Really long garments might need up to 75".
6. Plan 13" for a pull-out shoe shelf.
7. Plan approximately 11" to fit a HEMMAFIXARE storage box.
8. Plan approximately 10" for 10 folded t-shirts.
9. Plan approximately 12" for 10 folded sweaters.
10. Plan approximately 9-10" for hanging pants.

Integrated lighting

ÖVERSIDAN LED wardrobe lighting strip with sensor is available in three colors that match PAX wardrobe frames perfectly. Illuminates the interior of PAX wardrobe so you can easily see and choose clothes, even on dark mornings. Easy to install inside the wardrobe frame – at the top or under a shelf by using the included fittings and the light switches on and off automatically when you open or close the door so no energy is wasted. As these lighting strips react to light, they work best with solid PAX doors. Works with IKEA Home smart. To be completed with TRÅDFRI LED driver and ANSLUTA power cord, sold separately. Dimmable.

KÖLVATTEN LED lighting with sensor The slim design with clean lines makes this lighting easy to place wherever you like in the home. The sensor reacts to your body movements at a distance of 5' and automatically turns off after 60 seconds. Suitable for use in confined spaces, like wardrobes, closets, and bookcases. It is easy to recharge the batteries with a USB-C cable and USB charger (sold separately). Batteries are sold separately. IKEA recommends LADDA rechargeable batteries.

TVÅRDAG Cabinet lighting The metal shade creates a direct light that illuminates your cabinet or wardrobe. If you want the lamp's light to be directed into your display cabinet, just angle the lamp head inwards. Provides a focused light that is good for lighting smaller areas. You can dim your lighting wirelessly and easily adapt the lighting based on activity. The bracket makes it possible to slide the lamp back and forth. You easily attach it with screws – or with double-sided adhesive on glass and metal surfaces. The LED light source consumes up to 85% less energy and lasts up to 20 times longer than incandescent bulbs. You can turn up to six light sources on and off simultaneously if you complete with ANSLUTA driver. If you also want to be able to dim, choose TRÅDFRI driver and STYRBAR remote control or RODRET wireless dimmer instead, sold separately.

YTBERG Cabinet lighting The lamp's slim and neat design goes with most styles and is perfect if space is limited between the top of your wardrobe or cabinet and the ceiling. You can easily direct the light where you like since the flexible gooseneck arm can be bent and angled – perfect when it's time for homework, arts and crafts or cuddling up with a good book. Spreads a soft light that creates a cozy atmosphere in the room. The bracket makes it possible to slide the lamp back and forth. You easily attach it with screws – or with double-sided adhesive on glass and metal surfaces. You can dim your lighting wirelessly and easily adapt the lighting based on activity. The LED light source consumes up to 85% less energy and lasts up to 20 times longer than incandescent bulbs. You can easily direct the light where you like since the arm can be bent 180° and the lamp head angled 90°. How to choose integrated lighting

Now you don't need to worry about getting bright light in your eyes or it waking up your partner when you look for clothes. Instead, you start the day when you open your wardrobe and the soft light from our LED lighting strips turns on. Or choose cabinet lighting placed on top of the wardrobe to help you see

what's on the top shelf that also provides a nice and cozy atmosphere in the entire room when the wardrobe doors are closed. You can even connect to IKEA Smart lighting using the DIRIGERA hub.

How to choose a driver

There are two LED drivers. Choose based on how many units you want to connect. For the 10W driver you can connect up to three units, as long as the total wattage does not exceed 10W. The 30W LED driver can support up to nine units, max. wattage 30W. You can connect up to 10 drivers in one installation cord. Flashing lights indicate that the maximum wattage of the LED

driver is exceeded. If you want to use more than one LED driver, make sure to synchronize each LED driver with the STYRBAR remote control or RODRET wireless dimmer so that the entire combination can be dimmed at the same time. Make your cabinet lighting smart by adding the DIRIGERA hub and IKEA Home smart app..

SERVICES

IKEA products are designed to be taken home and assembled by you. That way, you'll save the most money. But if you would like some help, we can offer a range of services. Assembly and delivery services are fulfilled by an Independent Service Provider. Contact your local IKEA store or visit the IKEA website for details: [IKEA-USA.com/services](https://www.IKEA-USA.com/services)

DELIVERY SERVICE

Most of our products are designed and packaged so that you can take them home yourself. If you prefer, we can arrange for delivery of your purchases directly to your home or business. Same day, next day or same week deliveries are available. We can also arrange for delivery at a later date if you would like.

TASKRABBIT ASSEMBLY SERVICE

All IKEA products are designed to be assembled by you, but you don't have to. We've partnered with TaskRabbit to connect you with a network of independent 'Taskers' who can provide quick and convenient assembly and mounting services for your IKEA purchases made online and in stores. You can schedule assembly service for as soon as the same day, with the Tasker of your choice. Visit TaskRabbit.com/IKEA or see a co-worker for more details.

Services and prices may vary, please see [IKEA-USA.com/services](https://www.IKEA-USA.com/services) or talk to us in your local IKEA store.
